Planning for the Challenges Ahead

Richard J. Bruckner
Director

December 29, 2011

TO: Pat Modugno, Chair
Curt Pedersen, Vice Chair
Esther L. Valadez, Commissioner
David W. Louie, Commissioner
Harold V. Helsley, Commissioner

FROM: Connie Chung, AICP, Section Head
General Plan Development / Housing

SUBJECT: ITEM #6: BICYCLE MASTER PLAN UPDATE; PROJECT NO. R2011-00874-(1-5)

At the continued public hearing on January 11, 2012, Department of Public Works staff will outline recent revisions made to the Bicycle Master Plan Update to address comments from various stakeholders, including the comments received from your Commission on November 16, 2011 and from the Board of Supervisors on November 29, 2011. The Bicycle Master Plan is a component of the Transportation Element of the General Plan and will replace the 1975 Plan of Bikeways.

Since 2008, Regional Planning staff has collaborated with Public Works on the development of the Bicycle Master Plan, ensuring consistency with existing goals and policies, and cohesion of routes with land uses. The Bicycle Master Plan is aligned with the land use policy maps and the goals and policies of the General Plan Update. Furthermore, implementation of the Bicycle Master Plan is important to further the overarching sustainability goal of the General Plan Update.

If you have any questions, please contact Anne Russett at arussett@planning.lacounty.gov or 213/ 974-6417.
