1.0 INTRODUCTION 1.0-1

2.0 EXECUTIVE SUMMARY 2.0-1

3.0 PROJECT DESCRIPTION 3.0-1

4.0 ANALYSIS BACKGROUND 4.1-1
1. Environmental and Regulatory Setting 4.1-1
2. Cumulative Impact Analysis Methodology 4.2-1

5.0 ENVIRONMENTAL IMPACT ANALYSIS 5.1-1
1. Aesthetics, Views, and Light and Glare 5.1-1
2. Agricultural and Forest Resources 5.2-1
3. Air Quality 5.3-1
4. Biological Resources 5.4-1
5. Cultural and Paleontological Resources 5.5-1
6. Geology and Soils 5.6-1
7. Greenhouse Gas Emissions 5.7-1
8. Hazards and Hazardous Materials 5.8-1
9. Hydrology and Water Quality—Hydrology 5.9-1
10. Hydrology and Water Quality—Water Quality 5.10-1
11. Land Use and Planning 5.11-1
12. Mineral Resources 5.12-1
13. Noise 5.13-1
14. Population, Housing, and Employment 5.14-1
15. Public Services—Fire Protection 5.15-1
16. Public Services—Sheriff Protection 5.16-1
17. Public Services—Schools 5.17-1
18. Public Services—Parks and Recreation 5.18-1
19. Public Services—Libraries 5.19-1
20. Transportation/Traffic 5.20-1
21. Utilities and Service Systems—Water Supply and Service 5.21-1
22. Utilities and Service Systems—Wastewater 5.22-1

Page

23. Utilities and Service Systems—Energy 5.23-1
24. Utilities and Service Systems—Solid Waste 5.24-1

6.0 PROJECT ALTERNATIVES 6.0-1
1. Alternative 1: No Project/No Build 6.0-22
2. Alternative 2: No Project/Development in Accordance with Existing Plans 6.0-41
3. Alternative 3: Reduced Density 6.0-69
4. Alternative 4: Reduced Development Footprint 6.0-105
5. Environmentally Superior Alternative 6.0-132

7.0 OTHER ENVIRONMENTAL CONSIDERATIONS 7.0-1

8.0 LIST OF EIR PREPARERS AND ORGANIZATIONS/ PERSONS CONSULTED 8.0-1

9.0 REFERENCES 9.0-1

10.0 ACRONYMS, SHORTENED TERMS, AND ABBREVIATIONS 10.0-1

List of Appendices

Appendix 1 **Notice of Preparation/Initial Study and Public Comments**

A. Notice of Preparation/Initial Study

B. NOP Comment Letters

C. Scoping Meeting Transcript

Appendix 2 **Previously Adopted Plans, Mitigation, and Permits/Approvals**

A. Newhall Ranch Resource Management and Development Plan and Spineflower Conservation Plan, Mitigation Monitoring and Reporting Program

B. Newhall Ranch Resource Management and Development Plan and Spineflower Conservation Plan, Mitigation Measures Not Applicable to the Project

C. Biological Opinion for the Newhall Ranch Resource Management and Development Plan

D. Record of Decision

E. Waste Discharge Requirements and Clean Water Act Section 401 Water Quality Certification for the Newhall Ranch Resource Management and Development Plan

F. Clean Water Act Section 404 Permit

Appendix 3 **Vesting Tentative Tract Map 53295 and Exhibit Map**

Appendix 4.2 **Traffic Analysis Zone (TAZ) Land Use Data**

Appendix 5.2 **Supporting Data and Maps Regarding Agricultural and Forest Resources**

Appendix 5.3 **Air Quality Technical Report**

Appendix 5.4 Biological Resources Appendices

A. Biological Technical Report for the Entrada South Site

B. Oak Tree Report—Entrada VTTM 53295

C. Oak Tree Report Amendment Letter

D. Literature Survey: Global Climate Change and its Effects on Sensitive Biological Resources

Appendix 5.5 Cultural and Paleontological Resources Appendices

A. Letter from Native American Heritage Commission regarding the Entrada Project

B. Intensive Phase 1 Archaeological Survey of VTTM 53925

C. Phase II Archaeological Test Excavation and Determination of Significance at the Entrada Project Site (VTTM 53295)

D. Ethnographic Overview of the Angeles National Forest

E. Ethnographic Overview of the Los Padres National Forest

F. Paleontological Resources AssessmentEntrada South Project

G. Native American Consultation and Responses

H. The Newhall Land and Farming Company and Fernandeno Tataviam Band of Mission Indians Memorandum of Agreement

Appendix 5.6 Geology and Soils Appendices

A. Geologic/Geotechnical Evaluation for Environmental Impact Report for the Entrada South Project

B. 100-Scale Plan Review for Vesting Tentative Tract Map No. 53295

C. Geotechnical Review of the 40-Scale Bulk Grading Plan for Mission Village Tract 61105

D. Response to Los Angeles County Department of Public Works' Geotechnical Review No. 2 for Vesting Tentative Tract Map No. 53295

E. Response to Los Angeles County Department of Public Works' Geotechnical Review for Vesting Tentative Tract Map No. 53295

F. 100-Scale Plan Review for Vesting Tentative Tract Map No. 53295

Appendix 5.7 Greenhouse Gas Emissions Appendices

A. Greenhouse Gas Emissions Technical Report

B. Climate Change Scoping Plan

C. Final Supplement to the AB 32 Scoping Plan Functional Equivalent Document

D. First Update to the Climate Change Scoping Plan

Appendix 5.8 Hazards and Hazardous Materials Appendices

A. Phase I Environmental Site Assessment of Entrada Development

B. Remedial Action Plan for Entrada South Development Area

C. Soil Vapor Survey and Soil Sampling of Proposed Entrada Development

D. Phase I Environmental Site Assessment of Entrada Development

Appendix 5.9 Drainage Concept, Hydrology Study, LID/Water Quality Report

Appendix 5.10 Entrada South Water Quality Technical Report

Appendix 5.11 Land Use Policy Analysis

A. County of Los Angeles General Plan Consistency Analysis

B. Santa Clarita Valley Area Plan: One Valley One Vision 2012 Consistency Analysis

C. Southern California Association of Governments Policy Consistency Analysis

Appendix 5.13 Noise Calculation Worksheets

Appendix 5.14 Memo Regarding Population, Housing, and Employment Data for the Santa Clarita Valley

Appendix 5.15 Fire Protection Appendices

A. Correspondence Regarding Fire Protection

B. Preliminary Fuel Modification Plan

Appendix 5.16 Correspondence Regarding Sheriff Protection

Appendix 5.17 Schools Appendices

A. Schools Data and Correspondence

B. Saugus Union School Facilities Mitigation and Funding Agreement

C. Newhall School Facilities Mitigation and Funding Agreement

D. William S. Hart School Facilities Mitigation and Funding Agreement

Appendix 5.18 Data and Correspondence Regarding Parks and Recreation

Appendix 5.19 Correspondence Regarding Libraries

Appendix 5.20 Transportation and Traffic Appendices

A. Entrada South (VTTM 053295) Traffic Impact Analysis and Department of Public Works Review Letter

B. Alternative Intersection Analysis for Entrada South (VTTM 53295) Project

C. Entrada South (VTTM 53295) Supplemental Freeway Traffic Impact Analysis

D. Entrada South City Recommended Mitigation ICU Worksheets Memo

Appendix 5.21 Water Supply and Service Appendices

A. Water Supply Assessment—Entrada South Project and Approval Resolution

B. Technical Memorandum—Water Demand Projections for Entrada Village South

C. Water Supply and Demand Technical Report

D. Notice of Water Availability (Will Serve Letter)

E. 2010 Urban Water Management Plan

F. 2013 Santa Clarita Valley Water Report

G. Analysis of Groundwater Basin Yield, Upper Santa Clara River Groundwater Basin, East Subbasin, Los Angeles County, California

H. Analysis of Groundwater Supplies and Groundwater Basin Yield, Upper Santa Clara River Groundwater Basin, East Subbasin

I. Literature Survey: Global Climate Change and its Effects on California's Water Supplies

J. The State Water Project Final Delivery Reliability Report 2013

K. 2001 Update Report—Hydrogeologic Conditions in the Alluvial and Saugus Formation Aquifer Systems

L. Hydrogeologic Investigation of the Perennial Yield and Artificial Recharge Potential of the Alluvial Sediments in the Santa Clarita River Valley

M. Hydrogeologic Assessment of the Saugus Formation

Appendix 5.22 Wastewater Appendices

A. Sewer Area Study

B. Sewer Area Study Map

C. Will Serve Letter

Appendix 5.23 Energy Appendices

A. Utilities Technical Report

B. Will Serve Letters

Appendix 6 Alternative 2: No Project/Development in Accordance with Existing Plans

Appendix 7 Mitigation Monitoring and Reporting Program

5.4-2	Existing Vegetation Communities, Floristic Alliances and Associations, and Land Cover Types on the Entrada South Project Site	5.4-32
5.4-3	Jurisdictional Acreages on the Entrada South Site	5.4-37
5.4-4	Biological Surveys Conducted on the Project Site and Vicinity through 2013	5.4-41
5.4-5	Summary of Biological Surveys Conducted on the Entrada South Project Site	5.4-56
5.4-6	Potential Indirect Effects on Special-Status Wildlife Guilds	5.4-125
5.4-7	Permanent and Temporary Impacts to Vegetation Communities and Land Covers on the Entrada South Project Site	5.4-139

Table **Page**

5.4-8 Jurisdictional Impacts on the Entrada South Site 5.4-151

5.4-9 CDFG Jurisdictional Permanent Impacts Mitigation Ratios 5.4-164

5.4-10 Potential Plant Species for Vegetation Community Restoration in the River Corridor SMA and Tributaries 5.4-167

5.4-11 Additional MM ES 5.4-17c/RMDP/SCP BIO-22c Oak Tree Replacement Ratios 5.4-178

5.4-12 Optimal Woodland Densities and Acorn Planting Quantities, by Oak Woodland Type 5.4-179

5.4-13 Existing Habitat Quality in the USCRW 5.4-222

5.4-14 CNDDB Element Occurrences for Special-Status Species in the Study Area 5.4-225

5.4-15 CNDDB Element Occurrences for Special-Status Species on Newhall Land Property 5.4-236

5.4-16 Estimated DOC in Santa Clara River Reach 5 in Wet Weather (2003–2014) 5.4-246

5.4-17 Estimated DOC in Santa Clara River Reach 3 in Wet Weather (2003–2013) 5.4-246

5.4-18 Copper Concentrations That Would Inhibit the Olfaction of 50 Percent of the Exposed Steelhead Smolt Population (IC_{50}) Santa Clara River Reach 5 ..... 5.4-247

5.4-19 Range of Copper Concentrations That Would Inhibit the Olfaction of 50 Percent of the Exposed Steelhead Smolt Population (IC_{50}) for the Santa Clara River Reach 3 ..... 5.4-247

5.7-1 Summary of GHG Emissions from Baseline/Existing Conditions 5.7-19

5.7-2 Summary of Existing versus Project GHG Emissions 5.7-31

5.7-3 Summary of BAU and Project Conditions Assumptions 5.7-34

5.7-4 Summary of BAU Versus Project GHG Emissions 5.7-35

5.7-5 Assessment of Project GHG Emissions with Draft SCAQMD Efficiency Target 5.7-36

5.7-6 Summary of GHG Emission Reductions Due to PDFs and Other Technological and Statewide Initiatives 5.7-37

Table **Page**

5.7-7 Entrada South Consistency Analysis—SCAG's Sustainable Communities Strategy 5.7-39
5.8-1 Hazardous Materials Regulatory Setting 5.8-2
5.9-1 Existing Drainage Basins and Runoff Discharges 5.9-22
5.9-2 Imperviousness Percentages for Project Land Uses 5.9-23
5.9-3 Post-Development Drainage Basins and Runoff Discharges 5.9-35
5.9-4 Comparison of Acreage and Discharge—Existing and Proposed Project 5.9-36
5.10-1 CWA Section 303(d) Listings for the Santa Clara River Mainstem 5.10-4
5.10-2 TMDL Wasteload Allocations for MS4 and Stormwater Sources to Santa Clara River Reach 5 ..... 5.10-5
5.10-3 Concentrations for Measured Constituents from Tributary Monitoring 5.10-33
5.10-4 Wet Weather Water Quality Data for Measured Constituents in Santa Clara River Reach 5 ..... 5.10-34
5.10-5 Groundwater Monitoring Data 5.10-47
5.10-6 LID Standards Manual Source Control Requirements and Corresponding Best Management Practices 5.10-59
5.10-7 Entrada South Site Design Best Management Practices 5.10-63
5.10-8 LID and Treatment Control Best Management Practices for VTTM 53295 ..... 5.10-67
5.10-9 LID and Treatment Control Best Management Practices for External Map Improvements Area 5.10-68
5.10-10 Predicted Average Annual TSS Concentration and Load 5.10-78
5.10-11 Comparison of Predicted TSS Concentrations with Water Quality Criteria and Observed Concentrations in Santa Clara River Reach 5 ..... 5.10-79
5.10-12 Predicted Average Annual Total Phosphorus Concentration and Annual Load 5.10-79
5.10-13 Comparison of Predicted Total Phosphorus Concentration with Water Quality Criteria and Observed Concentrations in Santa Clara River Reach 5 ..... 5.10-80
5.10-14 Predicted Average Annual Nitrate + Nitrite Concentration and Load 5.10-81

Table **Page**

5.10-15 Predicted Average Annual Ammonia-N Concentration and Load 5.10-81

5.10-16 Predicted Average Annual Total Nitrogen-N Concentration and Load 5.10-82

5.10-17 Comparison of Predicted Nitrogen Compound Concentrations with Water Quality Objectives, TMDLs, and Observed Concentrations in Santa Clara River Reach 5 ..... 5.10-83

5.10-18 Predicted Average Annual Dissolved Copper Concentration and Load 5.10-84

5.10-19 Predicted Average Annual Total Copper Concentration and Load 5.10-84

5.10-20 Predicted Average Total Lead Concentration and Annual Load 5.10-85

5.10-21 Predicted Average Annual Dissolved Zinc Concentration and Load 5.10-85

5.10-22 Predicted Average Annual Total Zinc Concentration and Load 5.10-85

5.10-23 Predicted Average Total Iron Concentration and Annual Load 5.10-86

5.10-24 Comparison of Predicted Trace Metal Concentrations with Water Quality Criteria and Observed Concentrations in Santa Clara River Reach 5 ..... 5.10-87

5.10-25 Predicted Average Annual Chloride Concentration and Load 5.10-88

5.10-26 Comparison of Predicted Chloride Concentrations with Water Quality Criteria and Observed Concentrations in Santa Clara River Reach 5 ..... 5.10-89

5.10-27 Copper Concentrations That Would Inhibit the Olfaction of 50 Percent of the Exposed Steelhead Smolt Population (IC_{50}) Santa Clara River Reach 5 ..... 5.10-94

5.10-28 Range of Copper Concentrations That Would Inhibit the Olfaction of 50 Percent of the Exposed Steelhead Smolt Population (IC_{50}) for the Santa Clara River Reach 3 ..... 5.10-94

5.10-29 Comparison of Basin Plan Mineral Groundwater Objectives with Mean Measured Values in Los Angeles County Urban Runoff and Anticipated Irrigation Water Quality 5.10-98

5.10-30 Summary of Total Average Annual Project Recharge 5.10-99

5.10-31 Predicted Average Annual Combined Pollutant Loads 5.10-106

5.10-32 Predicted Average Annual Combined Pollutant Concentrations 5.10-107

5.10-33 Comparison of Predicted Average Annual Combined Pollutant Concentrations with Water Quality Criteria and Observed Concentrations 5.10-108

Table **Page**

5.11-1 Land Use Designations On-Site 5.11-12
5.11-2 Zoning Designations On-Site 5.11-16
5.13-1 Typical Noise Levels 5.13-2
5.13-2 FTA Vibration Impact Criteria—Typical Levels for Building Damage 5.13-5
5.13-3 Land Use Compatibility for Community Noise Exposure 5.13-6
5.13-4 County of Los Angeles Exterior Noise Standards 5.13-9
5.13-5 County of Los Angeles Construction Noise Limits 5.13-11
5.13-6 Measured Ambient Noise Levels 5.13-15
5.13-7 Calculated Existing Exterior Noise Levels at Nearby Sensitive Receptors 5.13-18
5.13-8 Vehicle Mix for Traffic Noise Model 5.13-20
5.13-9 Calculated Existing Roadway Traffic Noise Levels 5.13-21
5.13-10 Noise Levels Generated by Typical Construction Equipment 5.13-34
5.13-11 Noise Levels Generated During Typical Construction Phases 5.13-35
5.13-12 Noise Impacts Associated with On-Site Construction Activities 5.13-36
5.13-13 Off-Site Roadway Traffic Noise Impacts—Future Plus Project 5.13-39
5.13-14 Off-Site Roadway Traffic Noise Impacts—Existing Plus Project 5.13-48
5.13-15 Calculated Future 2024 plus Project On-Site Roadway Traffic Noise Levels 5.13-58
5.13-16 Calculated Existing vs. 2024 plus Project Noise Levels at Nearest Existing Off-Site Sensitive Receptors—CNEL 5.13-60
5.13-17 Construction Vibration Impacts 5.13-65
5.13-18 2024 Cumulative Off-Site Roadway Noise Impacts 5.13-69
5.13-19 Calculated Future 2024 Cumulative On-Site Roadway Noise Levels 5.13-75
5.13-20 Calculated 2024 Cumulative Noise Levels at On-Site Residential Uses—CNEL 5.13-76
5.13-21 Calculated Existing vs. 2024 Cumulative Noise Levels at Nearest Existing Sensitive Receptors (Westridge)—CNEL 5.13-80
5.14-1 SCAG Forecast for the SCAG Region and Unincorporated County (2008–2035) 5.14-5

Table **Page**

5.14-2 Project Employees 5.14-18

5.17-1 Existing Design Capacity and Enrollments for the Saugus District 5.17-11

5.17-2 Existing Design Capacities and Enrollments for the Newhall District 5.17-12

5.17-3 Existing Design Capacity and Enrollments for the Hart District 5.17-14

5.17-4 Student Generation Rates for Each District 5.17-17

5.18-1 Existing and Proposed County Parks and Recreation Facilities in Portions of Park Planning Area 35A Near the Project Site 5.18-15

5.18-2 Existing City of Santa Clarita Parks 5.18-18

5.18-3 Existing and Proposed County Trails 5.18-21

5.18-4 Existing City of Santa Clarita Trails 5.18-25

5.18-5 Quimby Act Requirements for the Project 5.18-34

5.18-6 Quimby Act Credits for the Project 5.18-35

5.20-1 Level of Service Descriptions—Arterial Roadways and Intersections 5.20-9

5.20-2 Level of Service Descriptions—Freeways 5.20-10

5.20-3 ICU and LOS Summary—Existing Conditions 5.20-29

5.20-4 Arterial Intersection and Freeway Mainline Impact Thresholds 5.20-35

5.20-5 Project Land Use and Trip Generation Summary 5.20-46

5.20-6 Internal and External Trip Volumes and Percentages 5.20-48

5.20-7 LOS Summary (On-Site Intersections)—Buildout Conditions 5.20-57

5.20-8 Traffic Signal Warrant Analysis (On-Site Intersections) 5.20-58

5.20-9 ICU Summary—Existing plus Ambient Growth Conditions (2024) with and without Project 5.20-61

5.20-10 ICU Summary—Existing Conditions with and without Project 5.20-64

5.20-11 ICU Summary—Cumulative Conditions (2024) with and without Project 5.20-75

5.20-12 Freeway Peak-Hour Volumes and V/C Summary (Northbound & Eastbound Directions)—Cumulative (2024) Conditions With and Without Project 5.20-80

5.20-13 Freeway Peak Hour Volumes and V/C Summary (Southbound & Westbound Directions)—Cumulative (2024) Conditions With and Without Project 5.20-82

Table **Page**

5.20-14 ICU Summary—Cumulative Conditions (2034 Without Pico Canyon Road) With and Without Project 5.20-85

5.20-15 ICU Summary—Cumulative Conditions (2034 With Pico Canyon Road) With and Without Project 5.20-88

5.20-16 Freeway Peak-Hour Volumes and V/C Summary (Northbound & Eastbound Directions)—Cumulative (2034) Conditions With and Without Project 5.20-92

5.20-17 Freeway Peak-Hour Volumes and V/C Summary (Southbound & Westbound Directions)—Cumulative (2034) Conditions With and Without Project 5.20-94

5.21-1 Retail Water Purveyor Service Connections for the Santa Clarita Valley ... 5.21-25

5.21-2 Average and Dry-Period SWP Table A Deliveries Under Current Conditions and Resulting Deliveries to CLWA 5.21-31

5.21-3 Average and Dry-Period SWP Table A Deliveries Under Future Conditions and Resulting Deliveries to CLWA 5.21-32

5.21-4 Groundwater Operating Plan for the Santa Clarita Valley 5.21-39

5.21-5 Historical Groundwater Production by the Retail Water Purveyors (Santa Clara River Valley East Subbasin) 5.21-40

5.21-6 Projected Groundwater Production (Normal Year) 5.21-41

5.21-7 Active Municipal Groundwater Source Capacity—Alluvial Aquifer Wells 5.21-45

5.21-8 Municipal Groundwater Source Capacity—Saugus Formation Wells 5.21-49

5.21-9 Status of Perchlorate Impacted Wells 5.21-62

5.21-10 Projected Average Year Supplies and Demands 5.21-72

5.21-11 Projected Single-Dry Year Supplies and Demands 5.21-76

5.21-12 Projected Multiple-Dry Year Supplies and Demands 5.21-80

5.21-13 Irrigation-Derived Recharge Estimates for Project Land Uses 5.21-85

5.21-14 Summary of Entrada South Potable and Non-Potable (Recycled) Water Demands (afy) 5.21-91

5.21-15 Summary of Projected Water Demands 5.21-92

5.21-16 Total Water Supply v. Estimated Demand 5.21-94

5.21-17 Existing Condition Pervious Area Recharge 5.21-97

Table **Page**

5.21-18 Developed Condition Pervious Area Recharge 5.21-98
5.21-19 Project Recharge from Irrigation 5.21-98
5.21-20 Summary of Total Project Recharge 5.21-99
5.22-1 Project Wastewater Generation 5.22-17
5.23-1 Summary of Energy Use During Entrada South Construction and Operations 5.23-17
5.24-1 Solid Waste Disposal and Estimated Remaining Capacity for County of Los Angeles Landfills 5.24-16
5.24-2 Solid Waste Disposal and Estimated Remaining Capacity for Out-of-County Landfills 5.24-19
5.24-3 Project Construction Waste Generation 5.24-29
5.24-4 Project Solid Waste Disposal 5.24-31
6-1 Summary of Land Uses Proposed Under the Project and Each Alternative 6.0-4
6-2 Comparison of Impacts Associated with the Project and Impacts of the Alternatives 6.0-14
6-3 Summary of the Ability of the Alternatives to Achieve the Project Objectives 6.0-35
6-4 Alternative 2 Growth Relative to SCAG Forecasts (2014–2024) 6.0-58
6-5 Daily Trip Generation Comparison for Alternative 2 ..... 6.0-64
6-6 Reduced Density Alternative Scenarios Compared to Project—Regional Operational Emissions 6.0-70
6-7 Alternative 3 Growth Relative to SCAG Forecasts (2014–2024) 6.0-89
6-8 Alternative 4 Growth Relative to SCAG Forecasts (2014–2024) 6.0-122
