Re: Project # 91311-(5), Case # RCUP 200700142-(5)

Dear Ms. Gutierrez:

By way of introduction, we have been neighbors of the Brian Ranch Airport in Llano for many years. We have worked with Jack and Felice on the Board of the Llano Community Association as well. At their yearly public event, "The World's Smallest Air Show", our Association has had the opportunity to hold a bake sale and raise funds for scholarships for graduating high school seniors. Jack and Felice are most pleasant to deal with and are a great asset to this community.

We urge you to renew their conditional use permit. This part of the Mojave Desert where we live seems ideal for ultra-light aircraft. The pilots are most considerate of the airspace above our home and avoid flying above our little street.

As we are out of town the date of the hearing, we have sent you this in writing. Please feel free to contact us should you need any further information.

Thank you,

Constance Leshin
