**SUBJECT: Project No. R2005-02587-(5)  
Conditional Use Permit No. RCUP200500220  
February 18, 2008 Regional Planning Commission Meeting  
Agenda Item No. 7**

This item was originally heard on September 3, 2008, and was continued to October 15, 2008, December 10, 2008, and to February 18, 2009 in order to give the applicant time to meet requirements set forth by the Departments of Public Works(DPW) and Public Health(DPH). The staff analysis was sent to the Regional Planning Commission on October 2, 2008.

The applicant has worked closely with DPW and has met all requirements from that department. However, the applicant has been unable to meet requirements set forth by the DPH for a small water system. A resolution to the concerns of DPH does not appear to be forthcoming. To avoid another continuance date where action cannot take place, staff recommends that this item be taken off calendar.

If you need further information, please call Adam Thurtell of my staff at (213) 974-6443 or email at [athurtell@planning.lacounty.gov](mailto:athurtell@planning.lacounty.gov).

**Suggested motion:**

I move that the Regional Planning Commission take Project No. R2005-02587-(5) off calendar and instruct staff to renote the project when a new hearing date is determined.
