SUBJECT: Project No. R2011-00144
Conditional Use Permit No. 201100014
Agenda Item No. 6
Supplemental Memo
34141 116th Street East, Littlerock, CA 96543

Based on comments from the project applicant, the following are clarifications to the hearing materials for the above-referenced case. The project description should be specify that the monopole is steel, not concrete. Condition no. 33 should also be revised to remove the prohibition of chain-link, and the landscaping requirements, as this facility is existing, with no complaints from residents of adjacent properties. The revised condition should read as follows:

33. The facility shall be secured by fencing, gates and/or locks. All fencing or walls used for screening or securing the facility shall be composed of chain link, wood, vinyl, stone, concrete, stucco or wrought iron. Barbed and razor wire fencing is prohibited.
