South: Single family residential
East: Single family residential
West: Single family residential

PREVIOUS CASES/ZONING HISTORY

Conditional Use Permit No. 01-082 approved the installation of the existing wireless telecommunications facility mounted to a wooden utility pole and the conditional use permit expires on September 31, 2012.

ENVIRONMENTAL DETERMINATION

Los Angeles County ("County") Staff recommends that this project qualifies for a Categorical Exemption (Class 1 Exemption, existing facilities) under the California Environmental Quality Act (CEQA) and the County environmental guidelines. The project is the renewal of an existing telecommunications facility and no new construction is being proposed. Therefore, staff recommends that the Hearing Officer determine that the project is categorically exempt from CEQA.

STAFF EVALUATION

General Plan/Community Plan Consistency

The project site is located within the Low Density Residential area of the General Plan. The Low Density Residential land use designation is intended for single family residences. The existing wireless telecommunications facility provides wireless services to the surrounding residential area and is therefore consistent with the permitted uses of the underlying land use category.

Zoning Ordinance and Development Standards Compliance

The existing wireless telecommunications facility mounted on an existing telephone pole is in compliance with the zoning ordinance. There are no zone-specific standards that apply as the project is in the public right of way.

Neighborhood Impact/Land Use Compatibility

The wireless telecommunications tower mounted on an existing utility tower provides the benefits of phone and data services with a minimal amount of visual impact. As the site is existing and no changes are being made, the project does not involve any construction.

Burden of Proof

The applicant is required to substantiate all facts identified by Section 22.56.040 of the County Code. The Burden of Proof with applicant's responses is attached. Staff is of the opinion that the applicant has met the burden of proof.

COUNTY DEPARTMENT COMMENTS AND RECOMMENDATIONS

As the project is the continued use of an existing wireless telecommunications facility, no county department comments were required.

LEGAL NOTIFICATION AND PUBLIC OUTREACH

Pursuant to the provisions of Sections 22.60.174 and 22.60.175 of the County Code, the community was appropriately notified of the public hearing by mail, newspaper, property posting, library posting and DRP website posting.

PUBLIC COMMENTS

No public comments were received.

FEES/DEPOSITS

If approved, fees identified in the attached project conditions will apply unless modified by the Hearing Officer.

STAFF RECOMMENDATION

The following recommendation is made prior to the public hearing and is subject to change based upon testimony and/or documentary evidence presented at the public hearing:

Staff recommends **APPROVAL** of Project Number R2012-00597-(4), Conditional Use Permit Number 201200045, subject to the attached conditions.
