**FINDINGS AND ORDER OF THE HEARING OFFICER
COUNTY OF LOS ANGELES
PROJECT NO. R2012-02756-(2)
CONDITIONAL USE PERMIT NO. 201200158**

1. **ENTITLEMENT REQUESTED.** The applicant, Bhakta Madhubhai, is requesting a Conditional Use Permit (CUP) to authorize the continued operation of a 19-unit motel pursuant to County Code Section 22.28.210 in the C-3 (Unlimited Commercial) Zone and East Compton Community Standards District.
2. **HEARING DATE.** April 16, 2013
3. **PROCEEDINGS BEFORE THE HEARING OFFICER.** A duly public hearing was held on April 16, 2013 before the Hearing Officer. The applicant's daughter, Bhakta Alpa, and the applicant's agent, Stan Szeto, were sworn in and testified in favor of the proposed project. The applicant's agent, Stan Szeto, submitted documents that he said illustrated that there is a recorded covenant on the property. The Hearing Officer instructed staff to review the documents and confirm that the documents show proof of a recorded covenant. Staff reviewed the documents and came to the conclusion that the documents did not include the recorded covenant. The applicant was instructed to record a covenant prior to final approval. Conditions of approval number 35 require the applicant to record a covenant prior to final approval.
4. **PROJECT DESCRIPTION.** The proposed project is a request to authorize the continued operation of an existing 19-unit motel within the C-3 (Unlimited Commercial) Zone and the East Compton Community Standards District in the unincorporated portion of Los Angeles County. The motel was built in 1953 and was approved with twelve (12) parking spaces which do not comply with current parking standards pursuant to County Code Section 22.52.1170.
5. **LOCATION.** 14900 South Atlantic Avenue, unincorporated East Compton
6. **SITE PLAN DESCRIPTION.** The site plan depicts a one-story 6,388-square foot building on a 0.34-acre lot. The building contains 18 rental units, a manager's dwelling unit, office receptionist area, two storage rooms and a laundry area. Seventeen rental units consist of one bed and one bathroom. Only one rental unit (#10) consists of two beds and one bathroom. The manager's unit consists of two bedrooms, an office, kitchen, living room and a bathroom. The main access is from a 20-foot wide paved driveway along South Atlantic Avenue and secondary access along a 20-foot wide alleyway to the east of the property. Guest vehicle parking spaces are located on-site on a paved parking area in the center with 12 standard parking spaces, including one handicap parking space. The subject property has approximately 1,500-square feet of landscaping throughout the front of the building along South Atlantic Avenue and along the parking area. There is one existing freestanding 16-square foot business sign that is 25-feet in height, located at the entrance of the subject property.

7. **EXISTING ZONING.** The subject property is zoned (C-3) Unlimited Commercial and is located within the East Compton Community Standards District (CSD).

Surrounding properties are zoned as follows:

North: C-3 (Unlimited Commercial) and R-1 (Single-Family Residence)/R-2 (Two-Family Residence) Zone

South: C-3 (Unlimited Commercial) Zone

East: R-1 (Single-Family Residence) Zone

West: C-3 (Unlimited Commercial) Zone

8. **EXISTING LAND USES.** The subject property is developed with an existing 18-room rental unit motel and a manager's dwelling unit.

Surrounding properties are developed as follows:

North: Church, beauty salon and single/multiple-family residence

South: Auto repair and banquet hall

East: Single/multiple-family-residence

West: Furniture store, tire shop and adult day care

9. **PREVIOUS CASES/ZONING HISTORY.** No previous cases exist on the subject property. The existing one-story 19-unit motel was constructed on the 0.34-acre lot in 1953. There are building permits approved for the motel, and freestanding sign dated January 27, 1953 and May 5, 1953.

10. **GENERAL PLAN / COMMUNITY PLAN CONSISTENCY.** The project site is located within the Major Commercial land use category of the Countywide General Plan Land Use Policy Map. A motel within the Major Commercial land use designation is consistent with the intent and policies of the General Plan. Typical land use patterns include central business districts, regional office complexes, major shopping malls and centers, major commercial recreation facilities and a range of mixed commercial retail and service facilities and a range of mixed commercial retail and service activities. The motel was legally established in 1953 and serves local and regional areas. The motel also serves as a buffer between intensive uses, such as auto repair, and residential neighborhoods to the east of the subject property. The request to continue the operation of the motel in an existing commercial corridor will take advantage of existing public services and facility capabilities by utilizing existing public utilities, intensely used highway and transportation system.

The following policies of the General Plan are applicable to the proposed project:

- *"Promote neighborhood commercial facilities which provide convenience goods and services and complement community character through appropriate scale, design and locational controls."*

The Patio Motel is located within an established commercial corridor along Atlantic Avenue and is compatible with the community character of this corridor that has been in existence since the 1950's. The current design is also indicative of many of the existing buildings along the commercial corridor, therefore compatible with the community. The Patio Motel provides a service for visitors of the East Rancho Dominguez Community and surrounding areas with affordable accommodations.

- *“Ensuring continuing opportunity for citizen involvement in the land use decision-making process.”*

Public hearing notices regarding the subject application were mailed out to the owners of the properties located within a 500-foot radius of the subject property. The notice of public hearing was advertised in La Opinion and in The Press Telegram. Case information materials, including the notice of public hearing, and a factual sheet were forwarded to the Compton Library to provide the public the opportunity to view the information about the proposed project 30 days prior to the public hearing.

- *“Improve the land use decision-making process by closely monitoring and evaluating the cumulative impacts of individual projects and by modernizing development regulations.”*

The Hearing Officer finds the project consistent with the Major Commercial land use category.

11. ZONING ORDINANCE AND DEVELOPMENT STANDARDS COMPLIANCE.

The zoning category for the subject property is C-3 (Unlimited Commercial) zone. A motel is a use subject to permit in the C-3 zone pursuant to 22.28.210 of the Los Angeles County Code. The existing motel complied with 1953 parking requirements for the C-3 zone with 12 parking spaces for 19-rooms. The parking standards at the time the motel was constructed required parking spaces sufficient in area to accommodate the automobiles of operators and patrons of any such commercial use, pursuant to Los Angeles County Zoning Ordinance No. 1494, 1948 Edition, Section 41 (d). Current parking standards would require 18 parking spaces, which is one space per guest room. In addition, the manager's dwelling unit has two bedrooms, and pursuant to County Code, requires one and one-half covered, plus one-half uncovered parking spaces to comply with County Code Section 22.52.1180.

Additional parking cannot be accommodated on the subject property due to physical constraints. The property and adjacent lots are fully developed with insufficient space for additional parking. Additional parking is not required pursuant to 22.56.1510 of the Los Angeles County Code, since the applicant is not proposing to expand or alter the existing 18-rental unit motel.

The property has approximately 1,500-square feet of landscaping and covers 10 percent of the 0.34-acre lot. Landscaping requirements are met pursuant to Section 22.28.220 (A).

East Compton Community Standards District

The subject property is located within the East Compton Community Standards District. The intent and purpose of the East Compton Community Standards District is to provide a means of assisting in the implementation of the Redevelopment Plan for the East Compton Community Redevelopment Project as adopted by the Board of Supervisors on July 10, 1984 and as subsequently amended. Staff contacted a representative from the East Compton Redevelopment Commission to ask for project consultation on June 2012. The representative stated that due to the abolishment of the Redevelopment Agencies, there is no staff available to implement the goals of the East Compton Redevelopment Commission.

There are no zone specific regulations for the C-3 zone.

12. **NEIGHBORHOOD IMPACT/LAND USE COMPATIBILITY.** The motel was legally established in 1953 and serves local and regional areas. The motel also serves as a buffer between intensive uses, such as auto repair that is located to west, and residential neighborhoods located to the east of the subject property. The request to continue the operation of the motel in an existing commercial corridor will take advantage of existing public services and facility capabilities by utilizing existing public utilities, intensely used highway and transportation system. With the appropriate conditions and enforcement, the proposal to allow the motel to continue operation will not disrupt the surrounding neighborhood.

Staff has conducted site visits on November 18, 2011, February, 9, 2012, February 12, 2013 and April 2, 2013 to the subject property. During each site visit, the parking area did not appear to be used to full capacity. The property was clean and compatible with the surrounding mixed uses in the neighborhood. No zoning violations were observed.

13. **COUNTY AGENCY COMMENTS AND RECOMMENDATIONS.** On October 13, 2011 the Los Angeles County Sheriff's Department, Compton Substation provided Staff with a Crime Analysis Report regarding calls for service and recommendations for the subject property. These calls for service include a report for narcotics, vehicle citation, receiving stolen property, alcohol intoxication and vehicle boating laws. The Sheriff's Department also made the following recommendations:

- "No Loitering" signs shall be placed and remain clearly posted around the business and any loitering activity be strictly monitored and aggressively discouraged by management.

- The parking area is maintained with sufficient lighting to illuminate the appearance and conduct of all persons in the parking area.
- Management continues to have an on-going liaison relationship with members of the Sheriff's Department, so that communication can be easily facilitated when problems occur.

The Sheriff's stated that without the above recommendations a positive endorsement cannot be issued. Staff has added the Sheriff's recommendations in the conditions of approval.

On April 8, 2013 Staff received an updated crime history report and letter of recommendations. Between the time periods of January 1, 2008 to March 31, 2013 there were seventeen (17) calls for service for the subject location. The calls for service included eight (8) traffic stops, one disturbance call, two suspicious person calls and one possible sex crime against a child. The Sheriff's Department overall recommendation is approval for the CUP.

14. **LEGAL NOTIFICATION AND PUBLIC OUTREACH.** Pursuant to the provisions of Sections 22.60.174 and 22.60.175 of the County Code, the community was appropriately notified of the public hearing by mail, newspaper and property posting.
15. **PUBLIC COMMENTS.** There was one phone call inquiring about project related details. At the time of this report, there are no comments in favor or opposition of the proposed project.

CONDITIONAL USE PERMIT SPECIFIC FINDINGS

16. The proposed project is consistent with the permitted uses of the designated land use category and supports policies of the Countywide General Plan.

Therefore, the proposed use will be consistent with the adopted general plan for the area.

17. The project location, annual zoning inspections and conditions of approval reduce the likelihood that the project will negatively affect the health, peace, comfort or welfare of persons residing in the neighboring area.

Therefore, the request to continue operation of an existing motel at the subject property will not adversely affect the health, peace, comfort or welfare of persons residing or working in the surrounding area, will not be materially detrimental to the use, enjoyment of valuation of property of other persons located in the vicinity of the site, and will not jeopardize, endanger or otherwise constitute a menace to the public health, safety or general welfare.

18. The existing motel was constructed and legally established in 1953 with 19-units and twelve (12) parking spaces. Additional parking cannot be accommodated on the subject property due to physical constraints, and the subject lot and adjacent properties are fully developed

Therefore, the existing motel is not required to meet current parking standards pursuant to 22.56.1510 of the Los Angeles County Code under the continuation of a legally established non-conforming use building and structure with no alteration or addition to the building proposed.

19. Access to the subject property is via South Atlantic Avenue. South Atlantic Avenue (designated major highway) is a fully improved road with sidewalks, street trees and street lights. Vehicular access to the subject property is through a 20-foot wide paved driveway to the west and secondary access is to the east adjacent along a 20-foot wide alleyway.

Therefore, the proposed site is adequately served by highways or streets of sufficient width and improved as necessary to carry the quantity of traffic that such use would generate.

20. Recommendations made by the Sheriff's Department regarding loitering, lighting in the parking area and to continue having an on-going liaison relationship with motel management has been included as conditions of approval.
21. The Hearing Officer finds that with the appropriate conditions and enforcement, the proposal to allow the motel to continue operation will not disrupt the surrounding neighborhood.

ENVIRONMENTAL DETERMINATION

22. The project to authorize the continued operation of an existing motel with associated parking. There is no expansion or new construction proposed. The project is not an exception to any categorical exemptions.

Therefore, the project qualifies as a categorical Exemption (Class 1-Existing Facilities) and is consistent with the findings by the State Secretary for Resources or by local guidelines that this class of projects does not have a significant effect on the environment.

23. **TERM LIMIT.** To assure continued compatibility between the use of the subject property allowed by this grant and surrounding land uses, the Hearing Officer determines that it is necessary to limit the term of the grant to (15) years.
24. **RECORD OF PROCEEDINGS.** The location of the documents and other materials constituting the record of proceedings upon which the Hearing Officer's decision is based in this matter is at the Los Angeles County Department of Regional Planning, 13th Floor, Hall of Records, 320 West Temple Street, Los Angeles, CA

90012. The custodian of such documents and materials shall be the Section Head of the Zoning Permits East Section, Los Angeles County Department of Regional Planning.

BASED ON THE FOREGOING, THE HEARING OFFICER CONCLUDES:

- A. That the proposed use will be consistent with the adopted general plan for the area; and
- B. That the requested use at the location proposed will not adversely affect the health, peace, comfort or welfare of persons residing or working in the surrounding area, will not be materially detrimental to the use, enjoyment or valuation of property of other persons located in the vicinity of the site, and will not jeopardize, endanger or otherwise constitute a menace to the public health, safety or general welfare; and
- C. That the proposed site is adequate in size and shape to accommodate the yards, walls, fences, parking and loading facilities, landscaping and other development features prescribed in this Title 22, of as is otherwise required in order to integrate said use with the uses in the surrounding area; and
- D. That the proposed site is adequately served by highways or streets of sufficient width and improved as necessary to carry the kind and quantity of traffic such use would generate, and by other public or private service facilities as are required.

THEREFORE, the information submitted by the applicant and presented at the public hearing substantiates the required findings for a Conditional Use Permit as set forth in Section 22.56.090 of the Los Angeles County Code (Zoning Ordinance).

HEARING OFFICER ACTION:

- 1. The Hearing Officer has considered the Categorical Exemption for this project and certifies that it is consistent with the finding by the State Secretary for Resources or by local guidelines that this class of projects does not have a significant effect on the environment.
- 2. In view of the findings of fact and conclusions presented above, Conditional Use Permit No. 201200158 is Approved subject to the attached conditions.
