Pat Modugno, Commissioner

FROM: Kristina Kulczycki KK
Zoning Permits North Section

**Project No. R2014-00881– Conditional Use Permit No. 201400037 - RPC Meeting: April 6, 2016 - Agenda Item: 6**

The above-mentioned item is a request to construct a retail center in the C-RU-DP (Rural Commercial- Development Program) zone consisting of a 6,000-square-foot retail building, a 3,300-square-foot restaurant with drive-through services, and a 1,600-square-foot accessory storage building.

Please find enclosed example of the form letters that were provided by the applicant's agent in support of the project for the above referenced item. These letters will be posted on the website at: http://planning.lacounty.gov/case/view/r2014-00881/ and a hardcopy is available at: Los Angeles County Department of Regional Planning, Room 1348, Hall of Records, 320 West Temple Street, Los Angeles, California 90012 for review upon request.

If you need further information, please contact Kristina Kulczycki at (213) 974-6443 or kkulczycki@planning.lacounty.gov. Department office hours are Monday through Thursday from 7:00 a.m. to 6:00 p.m. The Department is closed on Fridays.

c/o Kristina Kulczycki
320 West Temple St.
Los Angeles, CA 90012

Subject: Support Materials for Primo Restaurant in Acton

Reference: Project R2014-00881

Dear Ms. Kulczycki,

Enclosed are 337 letters of support from Acton area residents for a Primo Restaurant in Acton *with* a drive through for local convenience.

Also, enclosed are copies of a mailer that was sent out to every household in Acton, providing information that Primo, with a drive-through, is local serving.

In addition, on March 30th, we will be having an Open House to provide information to the local community about the restaurant and its plans.

Please feel free to contact me for any additional information.

Sincerely,

Randy Terrell
Director of Public Affairs

Subject: New Local Acton Primo Burger with Drive-Through for Local Convenience

Reference: Project R2014-00881

Dear Supervisor Antonovich:

I support a new Primo Restaurant with a Drive-Through in Acton, because this is the kind of local project that serves local Acton residents and not freeway commuters, and:

- In order to cater to Acton residents, local restaurant Primo Burger and lot owner Country Club Feed have designed the drive-through with a 15-foot wide clearance to accommodate trucks and large vehicles that are common to Acton residents.
- The new Primo Burger will also cater to local Acton customers by NOT having any freeway signage.
- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Sincerely:

- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Sincerely:

Subject: New Local Acton Primo Burger with Drive-Through for Local Convenience

Reference: Project R2014-00881

Dear Supervisor Antonovich:

I support a new Primo Restaurant with a Drive-Through in Acton, because this is the kind of local project that serves local Acton residents and not freeway commuters, and:

- In order to cater to Acton residents, local restaurant Primo Burger and lot owner Country Club Feed have designed the drive-through with a 15-foot wide clearance to accommodate trucks and large vehicles that are common to Acton residents.
- The new Primo Burger will also cater to local Acton customers by NOT having any freeway signage.
- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.

- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Subject: New Local Acton Primo Burger with Drive-Through for Local Convenience

Reference: Project R2014-00881

Dear Supervisor Antonovich:

I support a new Primo Restaurant with a Drive-Through in Acton, because this is the kind of local project that serves local Acton residents and not freeway commuters, and:

- In order to cater to Acton residents, local restaurant Primo Burger and lot owner Country Club Feed have designed the drive-through with a 15-foot wide clearance to accommodate trucks and large vehicles that are common to Acton residents.
- The new Primo Burger will also cater to local Acton customers by NOT having any freeway signage.
- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Subject: New Local Acton Primo Burger with Drive-Through for Local Convenience

Reference: Project R2014-00881

Dear Supervisor Antonovich:

I support a new Primo Restaurant with a Drive-Through in Acton, because this is the kind of local project that serves local Acton residents and not freeway commuters, and:

- In order to cater to Acton residents, local restaurant Primo Burger and lot owner Country Club Feed have designed the drive-through with a 15-foot wide clearance to accommodate trucks and large vehicles that are common to Acton residents.
- The new Primo Burger will also cater to local Acton customers by NOT having any freeway signage.
- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Sincerely:

Samantha Raden

Subject: New Local Acton Primo Burger with Drive-Through for Local Convenience

Reference: Project R2014-00881

Dear Supervisor Antonovich:

I support a new Primo Restaurant with a Drive-Through in Acton, because this is the kind of local project that serves local Acton residents and not freeway commuters, and:

- In order to cater to Acton residents, local restaurant Primo Burger and lot owner Country Club Feed have designed the drive-through with a 15-foot wide clearance to accommodate trucks and large vehicles that are common to Acton residents.
- The new Primo Burger will also cater to local Acton customers by NOT having any freeway signage.
- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Sincerely:

2-24-16

Dear Supervisor Antonovich:

I support a new Primo Restaurant with a Drive-Through in Acton, because this is the kind of local project that serves local Acton residents and not freeway commuters, and:

- In order to cater to Acton residents, local restaurant Primo Burger and lot owner Country Club Feed have designed the drive-through with a 15-foot wide clearance to accommodate trucks and large vehicles that are common to Acton residents.
- The new Primo Burger will also cater to local Acton customers by NOT having any freeway signage.
- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Sincerely:

Ronald Shaffer

- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Sincerely:

Subject: New Local Acton Primo Burger with Drive-Through for Local Convenience

Reference: Project R2014-00881

Dear Supervisor Antonovich:

I support a new Primo Restaurant with a Drive-Through in Acton, because this is the kind of local project that serves local Acton residents and not freeway commuters, and:

- In order to cater to Acton residents, local restaurant Primo Burger and lot owner Country Club Feed have designed the drive-through with a 15-foot wide clearance to accommodate trucks and large vehicles that are common to Acton residents.
- The new Primo Burger will also cater to local Acton customers by NOT having any freeway signage.
- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.

- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Sincerely:

Subject: New Local Acton Primo Burger with Drive-Through for Local Convenience

Reference: Project R2014-00881

Dear Supervisor Antonovich:

I support a new Primo Restaurant with a Drive-Through in Acton, because this is the kind of local project that serves local Acton residents and not freeway commuters, and:

- In order to cater to Acton residents, local restaurant Primo Burger and lot owner Country Club Feed have designed the drive-through with a 15-foot wide clearance to accommodate trucks and large vehicles that are common to Acton residents.
- The new Primo Burger will also cater to local Acton customers by NOT having any freeway signage.
- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

Subject: New Local Acton Primo Burger with Drive-Through for Local Convenience

Reference: Project R2014-00881

Dear Supervisor Antonovich:

I support a new Primo Restaurant with a Drive-Through in Acton, because this is the kind of local project that serves local Acton residents and not freeway commuters, and:

- In order to cater to Acton residents, local restaurant Primo Burger and lot owner Country Club Feed have designed the drive-through with a 15-foot wide clearance to accommodate trucks and large vehicles that are common to Acton residents.
- The new Primo Burger will also cater to local Acton customers by NOT having any freeway signage.
- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Sincerely:

Subject: New Local Acton Primo Burger with Drive-Through for Local Convenience

Reference: Project R2014-00881

Dear Supervisor Antonovich:

I support a new Primo Restaurant with a Drive-Through in Acton, because this is the kind of local project that serves local Acton residents and not freeway commuters, and:

- In order to cater to Acton residents, local restaurant Primo Burger and lot owner Country Club Feed have designed the drive-through with a 15-foot wide clearance to accommodate trucks and large vehicles that are common to Acton residents.
- The new Primo Burger will also cater to local Acton customers by NOT having any freeway signage.
- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Sincerely:

Joan Newell

Dear Supervisor Antonovich:

I support a new Primo Restaurant with a Drive-Through in Acton, because this is the kind of local project that serves local Acton residents and not freeway commuters, and:

- In order to cater to Acton residents, local restaurant Primo Burger and lot owner Country Club Feed have designed the drive-through with a 15-foot wide clearance to accommodate trucks and large vehicles that are common to Acton residents.
- The new Primo Burger will also cater to local Acton customers by NOT having any freeway signage.
- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Sincerely:

- The new Primo Restaurant will also cater to local Acton customers by NOT having any freeway or freeway-facing signage.
- The Primo Restaurant will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Restaurant with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Restaurant drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo will bring another high quality option for Acton residents and families.
- Primo is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Sincerely:

Subject: New Local Acton Primo Restaurant with Drive-Through for Local Convenience

Reference: Project R2014-00881

Dear Supervisor Antonovich:

I support a new Primo Restaurant with a Drive-Through in Acton, because this is the kind of local project that serves local Acton residents and not freeway commuters, and:

- In order to cater to Acton residents, local restaurant Primo and lot owner Country Club Feed have designed the drive-through with a 18-foot wide clearance to accommodate trucks and large vehicles that are common to Acton residents.
- The new Primo Restaurant will also cater to local Acton customers by NOT having any freeway or freeway-facing signage.
- The Primo Restaurant will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.

- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Sincerely:

Subject: New Local Acton Primo Burger with Drive-Through for Local Convenience

Reference: Project R2014-00881

Dear Supervisor Antonovich:

I support a new Primo Restaurant with a Drive-Through in Acton, because this is the kind of local project that serves local Acton residents and not freeway commuters, and:

- In order to cater to Acton residents, local restaurant Primo Burger and lot owner Country Club Feed have designed the drive-through with a 15-foot wide clearance to accommodate trucks and large vehicles that are common to Acton residents.
- The new Primo Burger will also cater to local Acton customers by NOT having any freeway signage.
- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Subject: New Local Acton Primo Burger with Drive-Through for Local Convenience

Reference: Project R2014-00881

Dear Supervisor Antonovich:

I support a new Primo Restaurant with a Drive-Through in Acton, because this is the kind of local project that serves local Acton residents and not freeway commuters, and:

- In order to cater to Acton residents, local restaurant Primo Burger and lot owner Country Club Feed have designed the drive-through with a 15-foot wide clearance to accommodate trucks and large vehicles that are common to Acton residents.
- The new Primo Burger will also cater to local Acton customers by NOT having any freeway signage.
- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Sincerely:

Dear Supervisor Antonovich:

I support a new Primo Restaurant with a Drive-Through in Acton, because this is the kind of local project that serves local Acton residents and not freeway commuters, and:

- In order to cater to Acton residents, local restaurant Primo Burger and lot owner Country Club Feed have designed the drive-through with a 15-foot wide clearance to accommodate trucks and large vehicles that are common to Acton residents.
- The new Primo Burger will also cater to local Acton customers by NOT having any freeway signage.
- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Dear Supervisor Antonovich:

I support a new Primo Restaurant with a Drive-Through in Acton, because this is the kind of local project that serves local Acton residents and not freeway commuters, and:

- In order to cater to Acton residents, local restaurant Primo Burger and lot owner Country Club Feed have designed the drive-through with a 15-foot wide clearance to accommodate trucks and large vehicles that are common to Acton residents.
- The new Primo Burger will also cater to local Acton customers by NOT having any freeway signage.
- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Dear Supervisor Antonovich:

I support a new Primo Restaurant with a Drive-Through in Acton, because this is the kind of local project that serves local Acton residents and not freeway commuters, and:

- In order to cater to Acton residents, local restaurant Primo Burger and lot owner Country Club Feed have designed the drive-through with a 15-foot wide clearance to accommodate trucks and large vehicles that are common to Acton residents.
- The new Primo Burger will also cater to local Acton customers by NOT having any freeway signage.
- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Sincerely:

- The new Primo Burger will also cater to local Acton customers by NOT having any freeway signage.
- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Sincerely: 3.2.16

Subject: New Local Acton Primo Burger with Drive-Through for Local Convenience

Reference: Project R2014-00881

Dear Supervisor Antonovich:

I support a new Primo Restaurant with a Drive-Through in Acton, because this is the kind of local project that serves local Acton residents and not freeway commuters, and:

- In order to cater to Acton residents, local restaurant Primo Burger and lot owner Country Club Feed have designed the drive-through with a 15-foot wide clearance to accommodate trucks and large vehicles that are common to Acton residents.
- The new Primo Burger will also cater to local Acton customers by NOT having any freeway signage.
- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.

- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Subject: New Local Acton Primo Burger with Drive-Through for Local Convenience

Reference: Project R2014-00881

Dear Supervisor Antonovich:

I support a new Primo Restaurant with a Drive-Through in Acton, because this is the kind of local project that serves local Acton residents and not freeway commuters, and:

- In order to cater to Acton residents, local restaurant Primo Burger and lot owner Country Club Feed have designed the drive-through with a 15-foot wide clearance to accommodate trucks and large vehicles that are common to Acton residents.
- The new Primo Burger will also cater to local Acton customers by NOT having any freeway signage.
- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.

- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Sincerely:

Subject: New Local Acton Primo Burger with Drive-Through for Local Convenience

Reference: Project R2014-00881

Dear Supervisor Antonovich:

I support a new Primo Restaurant with a Drive-Through in Acton, because this is the kind of local project that serves local Acton residents and not freeway commuters, and:

- In order to cater to Acton residents, local restaurant Primo Burger and lot owner Country Club Feed have designed the drive-through with a 15-foot wide clearance to accommodate trucks and large vehicles that are common to Acton residents.
- The new Primo Burger will also cater to local Acton customers by NOT having any freeway signage.
- The Primo Burger will also have hitching posts for Acton's vibrant equestrian community.
- The traffic study shows that the project will have NO significant impact on Sierra Highway or surrounding streets.
- Unlike previously proposed projects, the local Primo Burger with drive-through is consistent with the AV ("Town and Country") Plan.
- The project is consistent with the Acton Community Standards District and the County Zoning Code.
- The Primo Burger drive-through is a convenience to the Acton community, especially local Acton workers, parents of children with special needs, and residents with pets.
- Primo Burger will bring another high quality option for Acton residents and families.
- Primo Burger is a family-owned business, starting in 1992, with just five locations throughout the Antelope Valley—and soon a 6th in Acton!

For these and other reasons, I support the location of a new, local Primo Restaurant in Acton, and ask that you approve this project.

Sincerely:

Carolyn Overton
