### **ENTITLEMENTS REQUESTED**

Conditional Use Permit ("CUP") to authorize the continued sale of a full-line of alcoholic beverages for off-site consumption ("Project") on a property located at 48011 90th Street West, in the unincorporated community of Antelope Acres ("Project Site") in the C-3 ("Unlimited Commercial") Zone pursuant to County Code Section 55.56.195.

### **PROJECT DESCRIPTION**

The CUP is requested for the continued sale of a full-line of alcoholic beverages for off-site consumption in conjunction with an existing retail store ("Antelope Acres Market"). The store was recently redeveloped and expanded in size for a current total size of 7,890 square feet. In total, 13 percent of the store's shelf space is dedicated to the sales display of alcoholic beverages.

### **EXISTING ZONING**

The subject property is zoned C-3. Surrounding properties are zoned:

North: C-3, M-1 (Light Manufacturing)  
South: C-3  
East: C-3  
West: R-3 (Limited Multiple Residence)

### **EXISTING LAND USES**

The subject property is developed with a retail store ("Antelope Acres Market"). Surrounding properties are developed as follows:

North: Vacant land, Single-family residence  
South: Vacant land  
East: Strip commercial  
West: Vacant land, Single family homes

### **PREVIOUS CASES/ZONING HISTORY**

In 1958, the zoning designation on the property was changed from M-3 (Unclassified) to C-4, which was later interpreted as C-3. The Antelope Acres Market was developed in the 1950s, and redeveloped in recent years. In 1989, Plot Plan 37977 permitted the addition of fuel sales to the existing market. In 1990, CUP 90312 permitted the sale of alcoholic beverages for off-site consumption; this permit expired in 2000. Conditional Use Permit No. 04-085 was approved on July 6, 2004 to allow the continued sale of alcoholic beverages; this permit expired on July 6, 2014, thus necessitating the subject application. Plot Plan No. 201100382 was approved on April 13, 2011 for the redevelopment of the existing grocery store and gas station. The permit included: retail as permitted within the zone to be used as a market; an automobile service station for gas with two pump islands; two wall-mounted business signs at 12 square feet each for the activity on the parcel; 39 parking spaces; 3,741 square feet of landscaping. A Certificate of Compliance (CC 00-354) was recorded on the property. One Zoning Enforcement Action was reported on the property in October 2013, in which the use was operating without final approval from Building and Safety. This issue was resolved in April 2014.

## ENVIRONMENTAL DETERMINATION

The Project qualified for a Class 1, Existing Facilities, categorical exemption from the California Environmental Quality Act (Public Resources Code section 21000, et seq.) ("CEQA"), the State CEQA Guidelines, and the Environmental Document Reporting Procedures and Guidelines for the County, because the Project involved the continued sale of alcoholic beverages on a site that has been previously selling alcoholic beverages, with negligible or no expansion of use beyond that which was previously existing.

## STAFF EVALUATION

### General Plan/Community Plan Consistency

The Project is consistent with the goals and policies of the Los Angeles County General Plan ("General Plan"). The Antelope Valley Areawide Plan ("AV Plan"), a component of the General Plan, contains policies to ensure compatibility of development with the surrounding area. The Land Use Element of the AV Plan designates the Project site as "C." The C land use designation is intended for a wide range of general commercial and community-serving land uses. The sale of alcoholic beverages, as well as the permitted underlying market use, is therefore consistent with the permitted uses of the underlying land use category.

The following policy of the General Plan is applicable to the proposed project:

General Plan Land Use Policy No. 9: *Promote neighborhood commercial facilities which provide convenience goods and services and complement community character through appropriate scale, design and locational controls.* The project is located within the vicinity of residential areas and other commercial uses. As a market selling a full line of alcohol, the project is convenient to individuals who may live or work in the nearby areas, thereby enhancing the local quality of life.

The following policy of the AV Plan is applicable to the proposed project:

AV Plan Land Use Policy No. 26: *Encourage an appropriate mix of land use types to prevent disharmony and degradation. Residential, commercial, employment, recreational and cultural uses should be integrated using appropriate buffering techniques to create a cohesive community.* The market, which is complemented with the sale of a full line of alcoholic beverages for off-site consumption, provides for a mix of compatible uses within and serving the community of Antelope Acres. The market will provide for convenience in the vicinity of residential uses.

### Zoning Ordinance and Development Standards Compliance

The project is consistent with the uses, density, and development standards of Title 22 of the County Code (Zoning Code). Pursuant to 22.56.195 of the County Code, establishments selling alcoholic beverages for off-site consumption must first obtain a CUP.

Site Visit

A site visit was conducted on July 18, 2014. No zoning violations were present and the property appeared to be well-maintained.

Burden of Proof

The applicant is required to substantiate all facts identified by Section(s) 22.56.040 and 22.56.195 of the County Code. The Burden of Proof with applicant's responses is attached. Staff is of the opinion that the applicant has met the burden of proof.

Neighborhood Impact/Land Use Compatibility

The Project will not adversely affect the health, peace, comfort, or welfare of persons residing and working in the surrounding area, and will not be materially detrimental to the use, enjoyment, or valuation of property of other persons located in the vicinity of the Project Site, and will not jeopardize, endanger, or otherwise constitute a menace to the public health, safety, and general welfare.

The Project Site is adequate in size and shape to accommodate the yards, walls, fences, parking, landscaping, and other development features as is required in order to integrate the Project into the surrounding area. The Project is consistent with applicable development standards in the C-3 zone, as set forth in section 22.28.220 of the County Code, and applied via the previously approved Plot Plan No. 201100382.

The requested use at the proposed location will not adversely affect the use of a place used exclusively for religious worship, school, park, playground, or any similar use within a 600-foot radius. The Project Site is located at a major intersection that is developed with commercial uses across the street. The nearby residential uses are separated from the Project Site by a six-foot-high solid masonry wall and landscaping. The sale of alcoholic beverages is incidental to the market use and does not currently impact the surrounding community, nor will there be any adverse impacts resulting from the Project.

Although there is a store that sells alcohol for off-site consumption (Takeo Market, 47955 90<sup>th</sup> Street West) within 500 feet of the Project Site, the Project provides a public convenience as it allows for the sale of a full line of alcohol in conjunction with the operation of a grocery store. The Project will provide the public with a convenient location to shop for any number of items, including a full line of alcoholic beverages, in a safe and well-lit environment. The redeveloped store is currently operating, and it represents a major financial investment in the area. The retail store actively contributes to the community by both the creation of employment and economic stimulation to the area. Allowing the sale of a full line of alcoholic beverages incidental to the on-going operations enhances the economic vitality of the existing business.

The continued sale of a full line of alcohol will complement the product line already sold by the grocery store and will improve its economic vitality. The requested use at the proposed location will not adversely affect the economic welfare of the nearby community.

The exterior appearance of the structure will not be inconsistent with the exterior appearance of commercial structures already constructed or under construction within the immediate neighborhood so as to cause blight, deterioration, or substantially diminish or impair property values within the neighborhood because no changes are proposed to the existing grocery store.

**COUNTY DEPARTMENT COMMENTS AND RECOMMENDATIONS**

The Los Angeles County Sheriff's Department provided a letter stating that they have no objection to the continued sale of alcoholic beverages at this location.

**OTHER AGENCY COMMENTS AND RECOMMENDATIONS**

The State Department of Alcoholic Beverage Control ("ABC") has no objection to the continued sale of alcoholic beverages at this location.

**LEGAL NOTIFICATION AND PUBLIC OUTREACH**

Pursuant to the provisions of Sections 22.60.174 and 22.60.175 of the County Code, the community was appropriately notified of the public hearing by mail, newspaper, property posting, library posting and DRP website posting.

**PUBLIC COMMENTS**

Staff has not received any comments at this time.

**FEES/DEPOSITS**

One Zoning Enforcement Action was reported on the property in October 2013, in which the use was operating without final approval from Building and Safety. This issue was resolved in April 2014.

9. The site plan for the Project depicts the existing 7,890-square foot store and interior layout. The floor plan depicts the shelving plan. In total, 13 percent of the store's shelf space is dedicated to the sales display of alcoholic beverages.
10. Project Site is accessible via 90<sup>th</sup> Street West to the west; secondary access to the Project Site will be via an entrance/exit on West Avenue E-8.

Prior to the Hearing Officer's public hearing on the Project, Regional Planning staff determined that the Project qualified for a Class 1, Existing Facilities, categorical exemption from the California Environmental Quality Act (Public Resources Code section 21000, et seq.) ("CEQA"), the State CEQA Guidelines, and the Environmental Document Reporting Procedures and Guidelines for the County, because the Project involved the continued sale of alcoholic beverages on a site that has been previously selling alcoholic beverages, with negligible or no expansion of use beyond that which was previously existing.
14. Pursuant to the provisions of sections 22.60.174 and 22.60.175 of the Zoning Code, the community was appropriately notified of the Project's public hearings by mail, newspaper, and property posting.
15. No comments from the public have been received.
16. *To be inserted after the public hearing to reflect hearing proceedings*
17. The Hearing Officer finds that the Project is consistent with the goals and policies of the Los Angeles County General Plan ("General Plan"). The Antelope Valley Areawide Plan ("AV Plan"), a component of the General Plan, contains policies to ensure compatibility of development with the surrounding area. The Land Use Element of the AV Plan designates the Project site as "C." The C land use designation is intended for a wide range of general commercial and community-serving land uses. The sale of alcoholic beverages, as well as the permitted

underlying market use, is therefore consistent with the permitted uses of the underlying land use category.

The following policy of the General Plan is applicable to the proposed project:  
General Plan Land Use Policy No. 9: *Promote neighborhood commercial facilities which provide convenience goods and services and complement community character through appropriate scale, design and locational controls.* The project is located within the vicinity of residential areas and other commercial uses. The market will provide for convenience in the vicinity of residential uses.

18. The Hearing Officer finds that the project is consistent with the uses, density, and development standards in the Title 22 of the County Code (Zoning Code). Pursuant to 22.56.195 of the County Code, establishments selling alcoholic beverages for off-site consumption must first obtain a CUP.
19. The Hearing Officer finds that the Project will not adversely affect the health, peace, comfort, or welfare of persons residing and working in the surrounding area, and will not be materially detrimental to the use, enjoyment, or valuation of property of other persons located in the vicinity of the Project Site, and will not jeopardize, endanger, or otherwise constitute a menace to the public health, safety, and general welfare.
20. The Hearing Officer finds that the Project Site is adequate in size and shape to accommodate the yards, walls, fences, parking, landscaping, and other development features as is required in order to integrate the Project into the surrounding area. The Project is consistent with applicable development standards in the C-3 zone, as set forth in section 22.28.220 of the County Code, and applied via the previously approved Plot Plan No. 201100382.
21. The Hearing Officer finds that the Project is adequately served by highways of sufficient width, and improved as necessary to carry the kind of traffic such uses would generate, and by other public or private facilities as are required.
22. The Hearing Officer finds that the requested use at the proposed location will not adversely affect the use of a place used exclusively for religious worship, school, park, playground, or any similar use within a 600-foot radius. The Project Site is located at a major intersection that is developed with commercial uses across the street. The retail store actively contributes to the community by both the creation of employment and economic stimulation to the area. Allowing the sale of a full line of alcoholic beverages incidental to the on-going operations enhances the economic vitality of the existing business.
24. The Hearing Officer finds that the continued sale of a full line of alcohol will complement the product line already sold by the grocery store and will improve its economic vitality. The requested use at the proposed location will not adversely affect the economic welfare of the nearby community.
25. The Hearing Officer finds that the exterior appearance of the structure will not be inconsistent with the exterior appearance of commercial structures already constructed or under construction within the immediate neighborhood so as to cause blight, deterioration, or substantially diminish or impair property values within the neighborhood because no changes are proposed to the existing grocery store.
26. The Hearing Officer finds that to ensure continued compatibility between the Project and the surrounding land uses, it is necessary to limit the CUP to 15 years.
27. The Hearing Officer finds that pursuant to sections 22.60.174 and 22.60.175 of the County Code, the community was properly notified of the public hearing by mail, newspaper, and property posting. Additionally, the Project was noticed and case materials were available on Regional Planning's website and at libraries located in the vicinity of the Antelope Acres community. On August 4, 2014, a total of 54 Notices of Public Hearing were mailed to all property owners as identified on the County Assessor's record within a 1,000-foot radius from the Project Site, as well as 17 notices to those on the courtesy mailing list for the Antelope Valley West Zoned District and to any additional interested parties.
28. The location of the documents and other materials constituting the record of proceedings upon which the Hearing Officer's decision is based in this matter is at the Los Angeles County Department of Regional Planning, 13th Floor, Hall of Records, 320 West Temple Street, Los Angeles, California 90012. The custodian of such documents and materials shall be the Section Head of the Zoning Permits North Section, Department of Regional Planning.

**BASED ON THE FOREGOING, THE HEARING OFFICER CONCLUDES THAT:**

- A. The proposed use with the attached conditions will be consistent with the adopted General Plan.
- B. The proposed use at the site will not adversely affect the health, peace, comfort or welfare of persons residing or working in the surrounding area, will not be materially detrimental to the use, enjoyment or valuation of property of other persons located in the vicinity of the site, and will not jeopardize, endanger or otherwise constitute a menace to the public health, safety or general welfare.
- C. The proposed site is adequate in size and shape to accommodate the yards, walls, fences, parking and loading facilities, landscaping and other development features prescribed in this Title 22, or as is otherwise required in order to integrate said use with the uses in the surrounding area.
- D. The proposed site is adequately served by highways or streets of sufficient width and improved as necessary to carry the kind and quantity of traffic such use would generate, and by other public or private service facilities as are required.

**THEREFORE, THE HEARING OFFICER:**

- 1. Finds that the Project is exempt from the California Environmental Quality Act pursuant to section 21000, et seq. of the State CEQA Guidelines (Class 1, Existing Facilities categorical exemption); and
- 2. Approves CUP No. 201400074, subject to the attached conditions.

The

permittee shall deposit with the County the sum of \$1,600.00. The deposit shall be placed in a performance fund, which shall be used exclusively to compensate Regional Planning for all expenses incurred while inspecting the premises to determine the permittee's compliance with the conditions of approval. The fund provides for eight (8) biennial (one every other year) inspections. Inspections shall be unannounced.

If additional inspections are required to ensure compliance with the conditions of this grant, or if any inspection discloses that the subject property is being used in violation of any one of the conditions of this grant, the permittee shall be financially responsible and shall reimburse Regional Planning for all additional enforcement efforts necessary to bring the subject property into compliance. 11. Notice is hereby given that any person violating a provision of this grant is guilty of a misdemeanor. Notice is further given that the Regional Planning Commission ("Commission") or a Hearing Officer may, after conducting a public hearing, revoke or modify this grant, if the Commission or Hearing Officer finds that these conditions have been violated or that this grant has been exercised so as to be detrimental to the public's health or safety or so as to be a nuisance, or as otherwise authorized pursuant to Chapter 22.56, Part 13 of the County Code.
12. All development pursuant to this grant must be kept in full compliance with the County Fire Code to the satisfaction of said department.
13. All development pursuant to this grant shall conform with the requirements of the County Department of Public Works to the satisfaction of said department.
14. These shall include any of the above that do not directly relate to the business being operated on the premises or that do not provide pertinent information about said premises. The only exceptions shall be seasonal decorations or signage provided under the auspices of a civic or non-profit organization.

In the event of graffiti or other extraneous markings occurring, the permittee shall remove or cover said markings, drawings, or signage within 24 hours of notification of such occurrence, weather permitting. Paint utilized in covering such markings shall be of a color that matches, as closely as possible, the color of the adjacent surfaces.

17. The subject property shall be developed and maintained in substantial conformance with the plans marked Exhibit "A."
