Re: Project No. R2014-02389-(4)
Conditional Use Permit 201400111

The above mentioned item is a request to authorize the construction and maintenance of a 50-foot high unmanned mono-eucalyptus wireless telecommunications facility at 2356 Fullerton Road, Rowland Heights. It is our understanding you will conduct a hearing on this project August 18, 2015.

There is considerable opposition within the community to the construction of the facility at this location. I have attached copies of four petitions to that effect signed by residents from throughout Rowland Heights.

The Rowland Heights Community Coordinating Council joins these residents in their opposition to the construction of the facility at this location and urges the Conditional Use Permit be denied and the developer be instructed to consider one of the alternative sites that would have less of an impact on the residences in the area.

Respectfully,

Ted Ebenkamp
President, Rowland Heights Community Coordinating Council
