**REGARDING: PROJECT NO. R2015-01015-(5)
CONDITIONAL USE PERMIT NO. 201500045
11135 W. HONDO PARKWAY (8574-014-019)**

Hearing Officer Gina Natoli, by her action of **May 3, 2016**, has **APPROVED** the above-referenced project. Enclosed are the Hearing Officer's Findings and Conditions of Approval. Please carefully review each condition. This approval is not effective until the appeal period has ended and the required documents and applicable fees are submitted to the Regional Planning Department (see enclosed Affidavit of Acceptance Instructions).

The applicant or any other interested persons may appeal the Hearing Officer's decision. The appeal period for this project will end at 5:00 p.m. on **May 17, 2016. Appeals must be delivered in person.**

Appeals: **To file an appeal, please contact:**
Regional Planning Commission, Attn: Commission Secretary
Room 1350, Hall of Records
320 West Temple Street, Los Angeles, CA 90012
(213) 974-6409

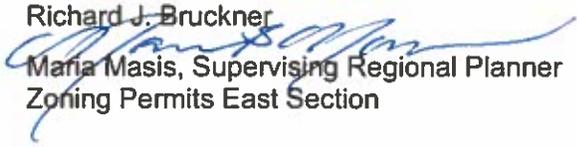

Upon completion of the appeal period, the notarized Affidavit of Acceptance and any applicable fees must be submitted to the planner assigned to your case. In addition, any applicable CEQA fees for the Department of Fish and Wildlife shall be paid, and a Notice of Determination, if applicable, must be filed with the County Clerk according to the instructions with the enclosed Affidavit of Acceptance. Please make an appointment to ensure that processing will be completed in a timely manner. Failure to submit these documents and applicable fees within 60 days will result in a referral to Zoning Enforcement for further action.

For questions or for additional information, please contact Michele Bush of the Zoning Permits East Section at (213) 974-6435, or by email at mbush@planning.lacounty.gov. Our office hours are Monday through Thursday, 7:30 a.m. to 5:30 p.m. We are closed on Fridays.

Sincerely,

DEPARTMENT OF REGIONAL PLANNING

Richard J. Bruckner

Maria Masis, Supervising Regional Planner
Zoning Permits East Section

**FINDINGS OF THE HEARING OFFICER
AND ORDER
COUNTY OF LOS ANGELES
PROJECT NO. R2015-01015-(5)
CONDITIONAL USE PERMIT NO. 201500045**

1. The Los Angeles County ("County") Hearing Officer conducted a duly-noticed public hearing in the matter of Conditional Use Permit No. 201500045 ("CUP") on May 3, 2016.
2. The permittee, 5101 Tyler Avenue, LLC ("permittee"), requests the CUP to authorize the continued maintenance and operation of an existing 59-bed skilled nursing facility (convalescent hospital) ("Project") on a property located at 11135 W. Hondo Parkway in the unincorporated community of South Monrovia Islands ("Project Site") in the C-3 (General Commercial) (all structures) and A-1 (Light Agricultural) (parking) Zones pursuant to Los Angeles County Code ("County Code") Section 22.28.210.
3. The Project Site is 1.22 acre in size and consists of one legal lot. The Project Site is irregular in shape with relatively flat topography and is developed with the existing skilled nursing facility and parking lot.
4. The Project Site is located in the South Arcadia Zoned District and has been reviewed based on the requirements of the C-3 and A-1 Zones.
5. The Project Site is located within the 1-Low Density Residential (1 to 6 du/ac) land use category of the Countywide Land Use Plan.
6. Surrounding Zoning within a 500-foot radius includes:
 - North: C-3 and A-1
 - South: C-3, A-1 and City of El Monte
 - East: R-1-6,000 (Single-Family Residence-6,000 sf minimum lot area)
 - West: A-1
7. Surrounding land uses within a 500-foot radius include:
 - North: Single and Multi-Family Residential
 - South: Single-Family Residential and Light Industrial
 - East: Single-Family Residential
 - West: Single-Family Residential
8. The project site has been maintained as a skilled nursing facility for 60 years. Based on staff's review of licensing information from the State of California Department of Public Health, the facility is operating under a valid license. The facility was built in 1956, prior to the County of Los Angeles Zoning Code requirement for a Conditional Use Permit to maintain a hospital within the C-3 Zone. Pursuant to Section 22.08.080 of the County Code, a hospital means:

"any institution, place, building or agency licensed by the Departments of Public Health or Mental Hygiene of the state of California, which maintains and operates organized facilities for the diagnosis, care and treatment of human illness, including convalescence, and including care during and after pregnancy. "Hospital" includes sanitarium, sanatorium, convalescent home, nursing home and maternity home."

Several building permits have been approved for the current skilled nursing facility use.

The portion of the subject property that was Zoned C-3 is now located within the R-3 (Limited Density Multiple Residence) Zone. The property was previously within the 1-Low Density Residential (1 to 6 du/ac) land use category of the Countywide Land Use Plan. It is now within the H30-Residential 30 land use category of the 2035 General Plan. Section 22.16.225 C of the County Code states, for applications pending prior to the 2015 General Plan Update, if a Zone change or an amendment to the regulations of Title 22 occurred as a result of the 2015 General Plan Update, and an application for a project was complete as of the effective date of the 2015 General Plan Update:

If the applicant chooses to have the application subject to the zoning and regulations that were applicable to the project prior to the effective date of the 2015 General Plan Update:

- a. The application may be modified prior to consideration by the Hearing Officer, and still be subject to the previously applicable zoning and regulations so long as the requested modification does not:
 - i. Change the project's housing type;
 - ii. Increase the project's residential density;
 - iii. Increase the project's floor area or lot coverage for non-residential space;
 - iv. Increase the amount of grading for the project; or
 - v. Increase the area of ground disturbance resulting from the project.

The subject project meets all of the criteria set forth in Section 22.16.225 C, therefore the project is not subject to the amended zoning and regulations resulting from the 2015 General Plan Update.

9. The site plan for the Project depicts the Project Site with the existing 59-bed skilled nursing facility (convalescent hospital), with an adjoining parking lot. One driveway is depicted along Tyler Avenue for both ingress and egress. The site plan also depicts an emergency generator (located along the southern exterior of the maintenance/laundry building) and an unpermitted storage shed, which has recently been removed from the project site.
10. The Project contains a total of 27 rooms with 59 beds.

11. The Project Site is accessible via West Hondo Parkway and Tyler Avenue.
12. The Project provides 60 parking spaces including one loading and two accessible spaces. Pursuant to Section 22.52.1120 C of the County Code, 59 spaces are required.
13. Staff received a letter from the County of Los Angeles Department of Public Health, Environmental Health Division, dated February 4, 2016. Based on the letter, Public Health recommends approval of this CUP with conditions. Staff from the Toxics Epidemiology Program also recommended approval of the CUP with conditions.
14. Staff received a letter from the County of Los Angeles Department of Public Works, dated October 20, 2015. Based on the letter, Public Works recommends that the conditions shown on the letter be applied to the project if ultimately approved by the advisory agency.
15. Prior to the Hearing Officer's public hearing on the Project, Regional Planning staff determined that the Project qualified for a Class 1, Existing Facilities, categorical exemption from the California Environmental Quality Act (Public Resources Code Section 21000, et seq.) ("CEQA"), the State CEQA Guidelines, and the Environmental Document Reporting Procedures and Guidelines for the County, because the Project involved the continued use and maintenance of an existing skilled nursing facility (convalescent hospital).
16. Pursuant to the provisions of Sections 22.60.174 and 22.60.175 of the Zoning Code, the community was appropriately notified of the Project's public hearings by mail, newspaper, and property posting.
17. Staff has not received any public comments at this time.
18. A duly noticed public hearing was held on May 3, 2016 before Hearing Officer Gina Natoli. The applicant was not present. Following staff's presentation, the Hearing Officer requested a modification be made to Condition #28 to read:

"Generator test runs shall be restricted to between the hours of 9:00 a.m. to 5:00 p.m., Monday through Friday."

There being no further testimony, the Hearing Officer closed the public hearing and approved the Project.
19. The Hearing Officer finds that the Project, which was previously located and reviewed under the 1-Low Density Residential (1 to 6 du/ac) land use category of the Countywide Land Use Plan, is consistent with the goals and policies of the Countywide Land Use Plan. The intent of this classification is to maintain the character of existing low-density residential neighborhoods and also to provide additional areas to accommodate future market demand.

Within the generalized residential areas mapped, a variety of use types and intensities presently exist. Such uses typically include local commercial and industrial services, schools, churches, local parks and other community-serving public facilities. It is not the intent of General Plan policy to preclude further development or expansion of such uses within areas depicted as residential on the Land Use Policy Map.

20. The Hearing Officer finds that the Project, portions of which were previously Zoned and reviewed under the C-3 Zone, is consistent with the Los Angeles County Zoning Code. Section 22.28.210 of the Code permits hospitals in the C-3 Zone, provided a conditional use permit has been obtained. Pursuant to Section 22.08.080 of the County Code, the term "hospital" includes convalescent homes.
21. The Hearing Officer finds that the Project will not adversely affect the health, peace, comfort or welfare of persons residing or working in the surrounding area, or be materially detrimental to the use, enjoyment or valuation of property of other persons located in the vicinity of the site, or jeopardize, endanger or otherwise constitute a menace to the public health, safety or general welfare. The structure is currently, and has been for the past 60 years, operated as a well established and prominent skilled nursing facility, the location of which benefits the local as well as surrounding community.
22. The Hearing Officer finds that the proposed site is adequate in size and shape to accommodate the yards, walls, fences, parking and loading facilities, landscaping and other development features prescribed in Title 22, or as is otherwise required in order to integrate said use with the uses in the surrounding area. The current facility's size and existing landscape and parking are designed in such a manner to support the current 59-bed skilled nursing facility.
23. The Hearing Officer finds that the proposed site is adequately served by highways or streets of sufficient width, and improved as necessary to carry the kind and quantity of traffic such use would generate, and by other public or private service facilities as are required. The facility has sufficient access to and from the current location for all vehicular transportation visiting or servicing the facility.
24. The Hearing Officer finds that to ensure continued compatibility between the Project and the surrounding land uses, it is necessary to limit the term of the conditional use permit to 30 years.
25. The Hearing Officer finds that pursuant to Sections 22.60.174 and 22.60.175 of the County Code, the community was properly notified of the public hearing by mail, newspaper, and property posting. Additionally, the Project was noticed and case materials were available on Regional Planning's website and at libraries located in the vicinity of the South Monrovia Islands community. On March 1, 2016, a total of 395 Notices of Public Hearing were mailed to all property owners as identified on the County Assessor's record within a 1,000-foot radius from the Project Site, as well as eight notices to those on the courtesy mailing list for the South Arcadia Zoned District and to any additional interested parties.

26. The location of the documents and other materials constituting the record of proceedings upon which the Hearing Officer's decision is based in this matter is at the Los Angeles County Department of Regional Planning, 13th Floor, Hall of Records, 320 West Temple Street, Los Angeles, California 90012. The custodian of such documents and materials shall be the Section Head of the Zoning Permits East Section, Department of Regional Planning.

BASED ON THE FOREGOING, THE HEARING OFFICER CONCLUDES THAT:

- A. The proposed use with the attached conditions will be consistent with the adopted General Plan.
- B. The proposed use at the site will not adversely affect the health, peace, comfort or welfare of persons residing or working in the surrounding area, will not be materially detrimental to the use, enjoyment or valuation of property of other persons located in the vicinity of the site, and will not jeopardize, endanger or otherwise constitute a menace to the public health, safety or general welfare.
- C. The proposed site is adequate in size and shape to accommodate the yards, walls, fences, parking and loading facilities, landscaping and other development features prescribed in Title 22, or as is otherwise required in order to integrate said use with the uses in the surrounding area.
- D. The proposed site is adequately served by highways or streets of sufficient width and improved as necessary to carry the kind and quantity of traffic such use would generate, and by other public or private service facilities as are required.

THEREFORE, THE HEARING OFFICER:

- 1. Finds that the Project is exempt from the California Environmental Quality Act pursuant to Section 15301 of the State CEQA Guidelines (Class 1, Existing Facilities categorical exemption); and
- 2. Approves Conditional Use Permit 201500045, subject to the attached conditions.

**CONDITIONS OF APPROVAL
COUNTY OF LOS ANGELES
PROJECT NO. R2015-01015-(5)
CONDITIONAL USE PERMIT NO. 201500045**

PROJECT DESCRIPTION

The project is a request to authorize the continued maintenance and operation of an existing 59-bed skilled nursing facility (convalescent hospital) subject to the following conditions of approval:

GENERAL CONDITIONS

1. Unless otherwise apparent from the context, the term "permittee" shall include the applicant, owner of the property, and any other person, corporation, or other entity making use of this grant.
2. This grant shall not be effective for any purpose until the permittee, and the owner of the subject property if other than the permittee, have filed at the office of the Los Angeles County ("County") Department of Regional Planning ("Regional Planning") their affidavit stating that they are aware of and agree to accept all of the conditions of this grant, and that the conditions of the grant have been recorded as required by Condition No. 7, and until all required monies have been paid pursuant to Condition No. 10. Notwithstanding the foregoing, this Condition No. 2 and Conditions No. 4, 5, and 9 shall be effective immediately upon the date of final approval of this grant by the County.
3. Unless otherwise apparent from the context, the term "date of final approval" shall mean the date the County's action becomes effective pursuant to Section 22.60.260 of the County Code.
4. The permittee shall defend, indemnify, and hold harmless the County, its agents, officers, and employees from any claim, action, or proceeding against the County or its agents, officers, or employees to attack, set aside, void, or annul this permit approval, which action is brought within the applicable time period of Government Code Section 65009 or any other applicable limitations period. The County shall promptly notify the permittee of any claim, action, or proceeding and the County shall reasonably cooperate in the defense. If the County fails to promptly notify the permittee of any claim, action, or proceeding, or if the County fails to cooperate reasonably in the defense, the permittee shall not thereafter be responsible to defend, indemnify, or hold harmless the County.
5. In the event that any claim, action, or proceeding as described above is filed against the County, the permittee shall within 10 days of the filing make an initial deposit with Regional Planning in the amount of up to \$5,000.00, from which actual costs and expenses shall be billed and deducted for the purpose of defraying the costs or expenses involved in Regional Planning's cooperation in the defense, including but not limited to, depositions, testimony, and other assistance provided to permittee or permittee's counsel.

If during the litigation process, actual costs or expenses incurred reach 80 percent of the amount on deposit, the permittee shall deposit additional funds sufficient to

bring the balance up to the amount of \$5,000.00. There is no limit to the number of supplemental deposits that may be required prior to completion of the litigation.

At the sole discretion of the permittee, the amount of an initial or any supplemental deposit may exceed the minimum amounts defined herein. Additionally, the cost for collection and duplication of records and other related documents shall be paid by the permittee according to County Code Section 2.170.010.

6. If any material provision of this grant is held or declared to be invalid by a court of competent jurisdiction, the permit shall be void and the privileges granted hereunder shall lapse.
7. Prior to the use of this grant, the permittee, or the owner of the subject property if other than the permittee, shall **record the terms and conditions** of the grant in the office of the County Registrar-Recorder/County Clerk ("Recorder"). In addition, upon any transfer or lease of the property during the term of this grant, the permittee, or the owner of the subject property if other than the permittee, shall promptly provide a copy of the grant and its conditions to the transferee or lessee of the subject property.
8. **This grant shall terminate on May 3, 2046.** Entitlement to use of the property thereafter shall be subject to the regulations then in effect. If the permittee intends to continue operations after such date, whether or not the permittee proposes any modifications to the use at that time, the permittee shall file a Non-Conforming Review or new Conditional Use Permit application with Regional Planning, or shall otherwise comply with the applicable requirements at that time. Such application shall be filed at least six (6) months prior to the expiration date of this grant and shall be accompanied by the required fee. In the event that the permittee seeks to discontinue or otherwise change the use, notice is hereby given that the use of such property may require additional or different permits and would be subject to the then-applicable regulations.
9. This grant shall expire unless used within ninety (90) days from the date of final approval of the grant. A single thirty (30) day time extension may be requested in writing and with the payment of the applicable fee prior to such expiration date. For the purposes of this provision, continued operation of the existing 59-bed skilled nursing facility (convalescent hospital) and satisfaction of Condition No. 2 shall be considered use of this grant.
10. The subject property shall be maintained and operated in full compliance with the conditions of this grant and any law, statute, ordinance, or other regulation applicable to any development or activity on the subject property. Failure of the permittee to cease any development or activity not in full compliance shall be a violation of these conditions. Inspections shall be made to ensure compliance with the conditions of this grant as well as to ensure that any development undertaken on the subject property is in accordance with the approved site plan on file. The permittee shall deposit with the County the sum of **\$3,200.00**. The deposit shall be placed in a performance fund, which shall be used exclusively to compensate Regional Planning for all expenses incurred while inspecting the premises to determine the permittee's compliance with the conditions of approval. The fund

provides for sixteen (16) biennial (one every other year) inspections. Inspections shall be unannounced.

If additional inspections are required to ensure compliance with the conditions of this grant, or if any inspection discloses that the subject property is being used in violation of any one of the conditions of this grant, the permittee shall be financially responsible and shall reimburse Regional Planning for all additional enforcement efforts necessary to bring the subject property into compliance. The amount charged for additional inspections shall be \$200.00 per inspection, or the current recovery cost at the time any additional inspections are required, whichever is greater.

11. Notice is hereby given that any person violating a provision of this grant is guilty of a misdemeanor. Notice is further given that the Regional Planning Commission ("Commission") or a Hearing Officer may, after conducting a public hearing, revoke or modify this grant, if the Commission or Hearing Officer finds that these conditions have been violated or that this grant has been exercised so as to be detrimental to the public's health or safety or so as to be a nuisance, or as otherwise authorized pursuant to Chapter 22.56, Part 13 of the County Code.
12. All development pursuant to this grant must be kept in full compliance with the County Fire Code to the satisfaction of the County Fire Department.
13. All development pursuant to this grant shall conform with the requirements of the County Department of Public Works to the satisfaction of said department.
14. All development pursuant to this grant shall comply with the requirements of Title 22 of the County Code and of the specific zoning of the subject property, unless specifically modified by this grant, as set forth in these conditions, including the approved Exhibit "A," or a revised Exhibit "A" approved by the Director of Regional Planning ("Director").
15. The permittee shall maintain the subject property in a neat and orderly fashion. The permittee shall maintain free of litter all areas of the premises over which the permittee has control.
16. All structures, walls and fences open to public view shall remain free of graffiti or other extraneous markings, drawings, or signage that was not approved by Regional Planning. These shall include any of the above that do not directly relate to the business being operated on the premises or that do not provide pertinent information about said premises. The only exceptions shall be seasonal decorations or signage provided under the auspices of a civic or non-profit organization.

In the event of graffiti or other extraneous markings occurring, the permittee shall remove or cover said markings, drawings, or signage within 24 hours of such occurrence, weather permitting. Paint utilized in covering such markings shall be of a color that matches, as closely as possible, the color of the adjacent surfaces.

17. The subject property shall be developed and maintained in substantial conformance with the plans marked Exhibit "A." If changes to any of the plans

marked Exhibit "A" are required as a result of instruction given at the public hearing, **three (3) copies** of a modified Exhibit "A" shall be submitted to Regional Planning by **July 5, 2016**.

18. In the event that subsequent revisions to the approved Exhibit "A" are submitted, the permittee shall submit **three (3) copies** of the proposed plans to the Director for review and approval. All revised plans must substantially conform to the originally approved Exhibit "A". All revised plans must be accompanied by the written authorization of the property owner(s) and applicable fee for such revision.

PROJECT SITE SPECIFIC CONDITIONS

19. This grant shall authorize the continued maintenance and operation of an existing 59-bed skilled nursing facility (convalescent hospital).
20. The permittee shall submit a landscape plan to Regional Planning, prior to final approval. All landscaping shall be maintained in a neat, clean and healthful condition throughout the life of this grant, including proper pruning, weeding, removal of litter, fertilizing and replacement of plants when necessary. The landscaping shall be a minimum of ten (10) percent of the net area of the subject property.
21. Trash bins located on the project site shall be completely enclosed by a solid masonry wall and solid gate, fence or decorative wall, not less than five feet nor more than six feet in height. The permittee shall submit a plan detailing the trash enclosure to Regional Planning, prior to final approval.
22. All signage on the project site shall be permitted. If no permits have been obtained for the existing signage, the permittee shall obtain permits from the County of Los Angeles Department of Regional Planning and Department of Public Works, Building and Safety Division.
23. The permittee shall maintain a minimum of 59 parking spaces, including two ADA (Americans with Disabilities Act) compliant spaces and one Type A (12'x24') loading space. If the permittee changes the operation of property so as to require less parking than the minimum requirement, the permittee shall submit an application for a Revised Exhibit "A" within 90 days of such occurrence.

If the project site substantially changes its mode or character of operation or if the permittee changes the use or occupancy or otherwise modifies the subject property so as to require parking beyond the minimum requirement, the permittee shall submit an application for a minor parking deviation, parking permit, variance, or other applicable permit, as determined by the Director, within 90 days of such occurrence.

24. The facility shall remain connected to public water for its source of potable water.
25. The facility shall remain connected to public sewer.
26. The emergency generator, on-site, shall be maintained in good working order.

27. The emergency generator sound barrier shall be maintained in good working order and maintain seals and strips around the enclosure.
28. Generator test runs shall be restricted to between the hours of 9:00 a.m. to 5:00 p.m., Monday through Friday.
29. The permittee shall comply with all conditions set forth in the attached County of Los Angeles Department of Public Health letter dated February 4, 2016.
30. The permittee shall comply with all conditions set forth in the attached County of Los Angeles Department of Public Works letter dated October 20, 2015.

Department of Public Health

SUBJECT: CUP Consultation
PROJECT NO. R2015-01015/ CUP 201500045
Temple City Convalescent Hospital
5101 Tyler Avenue, Temple City

- Public Health recommends approval of this CUP.
- Public Health does **NOT** recommend approval of this CUP.

The Department of Public Health-Environmental Health Division has reviewed the information provided for the project identified above. The CUP request is to authorize the continued use of the facility as a Skilled Nursing Facility.

The Department recommends approval of the CUP.

Potable Water Supply

The facility is in the jurisdiction of a municipal water company (Southern California Water Company). The facility shall remain connected to public water for its source of potable water. A proof of service has been submitted to this Department.

Wastewater Disposal

The facility is connected to public sewer. The facility shall remain connected to public sewer.

Noise

Staff from Toxics Epidemiology Program recommends approval of the CUP.

For questions regarding the above section, please contact Robert Vasquez or Evenor Masis at (213) 738-3220 or at rvasquez@ph.lacounty.gov and emasis@ph.lacounty.gov.

For any other questions regarding this report, please feel free to contact me at (626) 430-5380 or mtsiebos@ph.lacounty.gov.

CONDITIONAL USE PERMIT (CUP) NO. 201500045
PROJECT NO. R2015-01015
5101 TYLER AVENUE / 11135 W RIO HONDO PARKWAY
ASSESSOR'S MAP BOOK NO. 8574, PAGE NO. 14, PARCEL NO. 19
UNINCORPORATED COUNTY AREA OF TEMPLE CITY

Thank you for the opportunity to review the site plan and zoning permit application for the project located at 5101 Tyler Avenue/11135 W Rio Hondo Parkway in the unincorporated County area of Temple City. The applicant is requesting authorization for a CUP to allow the continued operation of a skilled nursing facility.

- Public Works recommends that the conditions shown below be applied to the project if ultimately approved by the advisory agency.
- Public Works has comments on the submitted documents and, therefore, a Public Hearing shall **NOT** be scheduled until the following comments have been addressed.

Road

1. Continually maintain sight distance to the public right of way fronting the site at both driveways that service the property. There shall be no obstructions above 3.5 feet in height within a sight triangle (10 feet by 10 feet minimum) located adjacent to each driveway and behind the public right of way. The existing landscaping adjacent to both of the existing driveways shall be removed or trimmed to meet this condition.

Maria Masis
