Subject: Catalina Island Trials Project Biota Report

Dear Ms. Arakelian:

Psomas has reviewed the Catalina Island Trials Project Biota Report prepared by the Catalina Island Conservancy dated December, 2015. The document adequately addresses biological impacts of the proposed Trails Project to satisfy State California Environmental Quality Act (CEQA) guidelines and Significant Ecological Area (SEA) Program requirements. I have reviewed Catalina Island Trials Project Biota Report and agree with its analysis, recommendations and conclusions.

Should there be any questions regarding the contents of the Catalina Island Trials Project Biota Report, please contact me via email at [marc.blain@psomas.com](mailto:marc.blain@psomas.com).

Sincerely,

**P S O M A S**

Marc T. Blain  
Senior Project Manager
