Department of Regional Planning

Planning for the Challenges Ahead

Richard J. Bruckner
Director

April 5, 2016

Eric Callow and Elisa Callow
985 Orange Grove Boulevard, Unit 101
Pasadena, CA 91105

**REGARDING: OAK TREE PERMIT NO. RPPL2015000120
1200 E. WOODBURY ROAD, ALTADENA ZONED DISTRICT
APN: 5849-015-003**

Hearing Officer, Alex Garcia, by his action of **April 5, 2016**, has **APPROVED** the above-referenced project. Enclosed are the Hearing Officer's Findings and Conditions of Approval. Please carefully review each condition. This approval is not effective until the appeal period has ended and the required documents and applicable fees are submitted to the Regional Planning Department (see enclosed Affidavit of Acceptance Instructions).

The applicant or any other interested persons may appeal the Hearing Officer's decision. The appeal period for this project will end at 5:00 p.m. on **April 19, 2016. Appeals must be delivered in person.**

Appeals: **To file an appeal, please contact:**
Regional Planning Commission, Attn: Commission Secretary
Room 1350, Hall of Records
320 West Temple Street, Los Angeles, CA 90012
(213) 974-6409

Upon completion of the appeal period, the notarized Affidavit of Acceptance and any applicable fees must be submitted to the planner assigned to your case. Please make an appointment to ensure that processing will be completed in a timely manner. Failure to submit these documents and applicable fees within 60 days will result in a referral to Zoning Enforcement for further action.

For questions or for additional information, please contact Jolee Hui of the Zoning Permits East Section at (213) 974-6435, or by email at jhui@planning.lacounty.gov. Our office hours are Monday through Thursday, 7:30 a.m. to 5:30 p.m. We are closed on Fridays.

Sincerely,
DEPARTMENT OF REGIONAL PLANNING
Richard J. Bruckner

Maria Masis, Supervising Regional Planner
Zoning Permits East Section

**FINDINGS OF THE HEARING OFFICER AND ORDER
COUNTY OF LOS ANGELES
OAK TREE PERMIT NO. RPPL 2015000120**

1. The Los Angeles County ("County") Hearing Officer conducted a duly-noticed public hearing in the matter of Oak Tree Permit No. RPPL2015000120 on April 5, 2016.
2. The permittees, Eric and Elisa Callow ("permittees"), requests an Oak Tree Permit ("OTP") to authorize the encroachment into the protected zones of two off-site oak trees ("Project") associated with the improvements proposed on a property located at 1200 E. Woodbury Road (APN 5849-015-003) ("subject property") in the unincorporated community of Altadena in the R-1-7,500 (Single-Family Residential – 7,500-Square-Foot Minimum Required Area) Zone pursuant to Los Angeles County Code ("County Code") Section 22.56.2060.
3. The subject property is 0.18 acres or 8,254 square feet in size and consists of one parcel. The parcel is rectangular with relatively gentle sloping topography and is currently under construction for a permitted single-family residence.
4. The subject property is located in the Altadena Zoned District and is located within the Altadena Community Standard District (CSD).
5. The subject property is located within the LD (Low Density Residential - one to six dwelling units per acre) land use category of the Altadena Community Plan.
6. Surrounding properties within a 500-foot radius are zoned as follows:

North: R-1-7,500
South: R-1-7,500
East: R-1-7,500
West: R-1-7,500
7. Surrounding land uses within a 500-foot radius include:

North: Single-family residences; two-family residence
South: Single-family residences
East: Single-family residences; two-family residences
West: Single-family residences; two-family residence
8. The subject property was created as Lot 3 of the Britton's Tract, Map Book 13 Page 5, recorded on August 13, 1907. Per Subdivision and Zoning Ordinance Policy No. 01-2011, certificate of compliance is not warranted for this antiquated tract. A certificate of compliance will be required if new primary structures, residential additions or modification that increase the density, non-residential additions or modification that increase parking requirements, or new surface mining, landfills and other similar uses are proposed. No such additions or modification are being proposed.

9. Regional Planning does not have any record of the approval for the construction of the previous one-story single-family residence and detached garage that was demolished in 2015. Site Plan Review No. 201400711 was approved on December 24, 2014 for the construction of a new two-story single-family residence (i.e., ground floor and basement) with a two-car carport, deck, and 2,653 square feet of floor space.
10. An OTP is required for encroachment into the protected zone of oak trees with trunks eight inches or greater in diameter as measured four and one-half feet above natural grade pursuant to Section 22.56.2060 of the County Code. The proposed driveway and fencing/wall improvements would encroach within the protected zones of two off-site oak trees, identified by the County Forester and Addendum to Oak Tree Report dated December 7, 2015 as Oak #1 and Oak #2.
11. The site plan depicts three off-site oak trees. Oak #1 and Oak #2 have their protected zone extending into the subject property's front yard setback and west side yard setback. Oak #3 is located near the subject property's rear property line and no encroachment is requested for Oak #3. A section of the wall/fence along the west property line, adjacent to the carport with cantilevered roof (previously approved by RPP 201400711), would be adjusted and extended to accommodate the additional compact fill. The purpose of the fill is to provide a level driveway and pathway from the carport area to the residential entry via utility area. The existing driveway would also be widened and paved with permeable paving.
12. The subject property is accessible via a driveway from Woodbury Road.
13. The two-car carport adjacent to west side yard setback provides primary (tandem) parking for the single-family residence. The carport is below a cantilevered roof that extends two and one-half feet into the required side yard setback.
14. Pursuant to County Code Section 22.56.2140, a copy of the applicant's Addendum to the Oak Tree Report as required by Section 22.56.2090 was sent to the County Forester and Fire Warden ("County Forester") to review the accuracy of the statements contained therein, and to inspect the subject property. Based on comments in a letter from the County Forester, dated January 26, 2016, the Addendum to the Oak Tree Report is accurate and complete as to the location, size, condition and species of the Oak tree on the site. The County Forester supports the approval of the Oak Tree Permit, subject to conditions.
15. The Addendum to the Oak Tree Report prepared by Rebecca Latta, Arboricultural Consulting, dated December 7, 2015, demonstrated that the primary encroachment activities are the widening of the existing driveway, construction of the block wall/fence, and adding compact fill to raise the grade level of the existing driveway and carport area.
16. The Project is required to comply with the recommended conditions outlined in the Addendum to the Oak Tree Report dated December 7, 2015, and the conditions of approval and requirements outlined in the County Forester's letter dated January 26,

2016. The implementation of these measures will ensure that the Project will not endanger the health of Oak #1 and Oak #2 near the subject property. The County Forester's letter and Addendum to the Oak Tree Report is attached to the Conditions of Approval for the Project.
17. Prior to the Hearing Officer's public hearing on the Project, Regional Planning staff determined that the Project qualified for a Class 4, Minor Alterations to Land, categorical exemption from the California Environmental Quality Act (Public Resources Code section 21000, et seq.) ("CEQA"), the State CEQA Guidelines, and the Environmental Document Reporting Procedures and Guidelines for the County, because the Project involved the encroachment into the protected zone of two oak trees in connection with the driveway and wall/fence improvements at a single-family residence.
 18. Pursuant to the provisions of Sections 22.56.2130 and Section 22.60.174 of the County Code, the community was appropriately notified of the Project's public hearings by mail, newspaper, and DRP website listing.
 19. No public comments have been received.
 20. A duly noticed public hearing was held on April 5, 2016 before the Hearing Officer. The Hearing Officer heard a presentation from Staff. The applicants, Eric and Elisa Callow, testified in favor of the request. There being no further testimony, the Hearing Officer closed the public hearing, found the Project to be categorically exempt and adopted the recommended conditions by Staff and agreed to by the applicants.
 21. The Hearing Officer finds that the Project is consistent with the goals and policies of the Altadena Community Plan. The LD (Low Density Residential, one to six dwelling units per gross acre) land use designation is intended for suburban tract residential development. The purpose of this category is to maintain existing single-family neighborhoods. The subject property will remain single-family residential and the proposed Project is intended to provide greater access and convenience at the single-family residence.
 22. The Hearing Officer finds that the Project is consistent with the Los Angeles County Zoning Code. Single-family residential uses are allowed in the R-1-7,500 Zone.
 23. The Hearing Officer finds that only two oak trees are subject to Part 16 of Chapter 22.56 and the one remaining oak tree will not be endangered per Section 22.56.2100A.
 24. The Hearing Officer finds that the proposed improvements or construction will be accomplished without endangering the health of the three off-site oak trees. The Project is appropriately conditioned to require that the Oak #1 and Oak #2 would be protected through all work conducted within the trees' protected zones. The Hearing Officer further finds that, with the conditions of approval for the Project, the

construction and operation of the Project will be accomplished without endangering the health of the oak trees.

25. The Hearing Officer finds that the Project will minimize root zone impacts to the two oak trees. Therefore, the encroachment into the protected zone of the two oak trees proposed are necessary as the current location frustrates the planned improvement or proposed use of the subject property to such an extent that placement of such trees precludes the reasonable and efficient use of such property for a use otherwise authorized. As Oak #1 and Oak #2 are located immediately adjacent to west property line and the driveway, any driveway and fencing improvements would inevitably encroach into the protected zones of these oak trees.
26. The Hearing Officer finds that the Project is not in conflict with the County Oak Tree Ordinance, no trees of the oak genus will be removed and oak trees will be protected. Therefore, the encroachment into the protected zone of the two oak trees will not be contrary to or be in substantial conflict with the intent and purpose of the oak tree permit procedure. The impact to the oak trees in the project vicinity will be minimal and can be reduced by the recommended measures outlined in the Addendum to the Oak Tree Report and County Forester's comment letter.
27. The Hearing Officer finds that pursuant to Section 22.56.2130 and Section 22.60.174 of the County Code, the community was appropriately notified of the Project's public hearing by mail, newspaper, and DRP website posting. Additionally, the Project's case materials are available on the Regional Planning's website. On February 23, 2016, a total of 11 Notices of Public Hearing were mailed to the contacts on the courtesy mailing list for the Altadena Zoned District and to any additional interested parties.
28. The location of the documents and other materials constituting the record of proceedings upon which the Director's decision is based in this matter is at the Los Angeles County Department of Regional Planning, 13th Floor, Hall of Records, 320 West Temple Street, Los Angeles, California 90012. The custodian of such documents and materials shall be the Section Head of the Zoning Permits East Section, Department of Regional Planning.

BASED ON THE FOREGOING, THE HEARING OFFICER CONCLUDES THAT:

- A. That the proposed construction and use will be accomplished without endangering the health of the remaining trees subject to Part 16 of Chapter 22.56, if any, on the subject property.
- B. That the encroachment into the protected zone of the two oak trees will not result in soil erosion through the diversion or increased flow of the surface waters which cannot be satisfactorily mitigated; and
- C. That the encroachment of the two oak trees is necessary as their continued existence at the present location frustrates the planned improvement or proposed use of the subject property to such an extent that placement of such trees

precludes the reasonable and efficient use of such property for a use otherwise authorized.

- D. That the proposed encroachment into the protected zone of the two oak trees will not be contrary to or be in substantial conflict with the intent and purpose of the oak tree permit procedure.

THEREFORE, THE HEARING OFFICER:

1. Finds that the Project is exempt from the California Environmental Quality Act pursuant to section 15304 of the State CEQA Guidelines (Class 4, Minor Alterations to Land categorical exemption); and
2. Approves Oak Tree Permit No. RPPL 2015000120, subject to the attached conditions of approval.

ACTION DATE: April 5, 2016

c: Hearing Officer, Zoning Enforcement, and Building and Safety,

**CONDITIONS OF APPROVAL
COUNTY OF LOS ANGELES
OAK TREE PERMIT NO. RPPL 2015000120**

PROJECT DESCRIPTION

The project is a request to authorize encroachment into the protected zones of two oak trees, both identified as Coast Live Oak in the Oak Tree Report dated September 22, 2014 and Addendum to the report dated December 7, 2015, prepared by Rebecca Latta, Arboricultural Consulting, in association with the proposed driveway and wall/fencing improvements at a single-family residence subject to the following conditions of approval:

GENERAL CONDITIONS

1. Unless otherwise apparent from the context, the term "permittee" shall include the applicant, owner of the property, and any other person, corporation, or other entity making use of this grant.
2. This grant shall not be effective for any purpose until the permittee, and the owner of the subject property if other than the permittee, have filed at the office of the Los Angeles County ("County") Department of Regional Planning ("Regional Planning") their affidavit stating that they are aware of and agree to accept all of the conditions of this grant. Notwithstanding the foregoing, this Condition No. 2 and Condition Nos. 4, 5, and 8 shall be effective immediately upon the date of the final approval of this grant by the County.
3. Unless otherwise apparent from the context, the term "date of final approval" shall mean the date the County's action becomes effective pursuant to Section 22.60.260 of the County Code.
4. The permittee shall defend, indemnify, and hold harmless the County, its agents, officers, and employees from any claim, action, or proceeding against the County or its agents, officers, or employees to attack, set aside, void, or annul this permit approval, which action is brought within the applicable time period of Government Code Section 65009 or any other applicable limitations period. The County shall promptly notify the permittee of any claim, action, or proceeding and the County shall reasonably cooperate in the defense. If the County fails to promptly notify the permittee of any claim, action, or proceeding, or if the County fails to cooperate reasonably in the defense, the permittee shall not thereafter be responsible to defend, indemnify, or hold harmless the County.
5. In the event that any claim, action, or proceeding as described above is filed against the County, the permittee shall within ten days of the filing make an initial deposit with Regional Planning in the amount of up to \$5,000.00, from which actual costs and expenses shall be billed and deducted for the purpose of defraying the

costs or expenses involved in Regional Planning's cooperation in the defense, including but not limited to, depositions, testimony, and other assistance provided to permittee or permittee's counsel.

- a. If during the litigation process, actual costs or expenses incurred reach 80 percent of the amount on deposit, the permittee shall deposit additional funds sufficient to bring the balance up to the amount of \$5,000.00. There is no limit to the number of supplemental deposits that may be required prior to completion of the litigation.
 - b. At the sole discretion of the permittee, the amount of an initial or any supplemental deposit may exceed the minimum amounts defined herein. Additionally, the cost for collection and duplication of records and other related documents shall be paid by the permittee according to County Code Section 2.170.010.
6. If any material provision of this grant is held or declared to be invalid by a court of competent jurisdiction, the permit shall be void and the privileges granted hereunder shall lapse.
 7. Upon any transfer or lease of the property during the term of this grant, the permittee, or the owner of the subject property if other than the permittee, shall promptly provide a copy of the grant and its conditions to the transferee or lessee of the subject property.
 8. This grant shall expire unless used within two (2) years from the date of final approval of the grant. A one-year time extension may be requested in writing and with payment of the applicable fee at least six (6) months prior to the expiration date.
 9. The subject property shall be maintained and operated in full compliance with the conditions of this grant and any law statute, ordinance or other regulation applicable to any development or activity on the subject property. Failure of the permittee to cease any development or activity not in full compliance shall be a violation of these conditions.

If any inspection discloses that the subject property is being used in violation of any one of the conditions of this grant, the permittee shall be financially responsible and shall reimburse the Department of Regional Planning for all additional enforcement efforts necessary to bring the subject property into compliance. The amount charged for additional inspections shall be \$200.00 per inspection, or the current recovery cost at the time any additional inspections are required, whichever is greater.
 10. Notice is hereby given that any person violating a provision of this grant is guilty of a misdemeanor. Notice is further given that the Regional Planning Commission ("Commission") or a Hearing Officer may, after conducting a public hearing, revoke

or modify this grant, if the Commission or Hearing Officer finds that these conditions have been violated or that this grant has been exercised so as to be detrimental to the public's health or safety or so as to be a nuisance, or as otherwise authorized pursuant to Chapter 22.56, Part 13 of the County Code.

11. All development pursuant to this grant shall comply with the requirements of Title 22 of the County Code and of the specific zoning of the subject property, unless specifically modified by this grant, as set forth in these conditions, including the approved Exhibit "A," or a revised Exhibit "A" approved by the Director of Regional Planning ("Director").
12. The permittee shall maintain the subject property in a neat and orderly fashion. The permittee shall maintain free of litter all areas of the premises over which the permittee has control.
13. All development pursuant to this grant must be kept in full compliance with the County Fire Code to the satisfaction of the Fire Department.
14. All development pursuant to this grant shall conform with the requirements of the County Department of Public Works to the satisfaction of said department.

PERMIT-SPECIFIC CONDITIONS – OAK TREE PERMIT

15. This grant shall authorize encroachment into the protected zone of two oak trees (identified as Oak #1 and Oak #2 on the Exhibit "A," Oak Tree Report dated September 22, 2014, and Addendum to Oak Tree Report dated December 7, 2015) with no removal.
16. The permittee shall comply with all conditions and requirements contained in the County of Los Angeles Forester and Fire Warden, Forestry Division, letter dated January 26, 2016 (attached hereto), to the satisfaction of said Division, except as otherwise required by said Division.

COUNTY OF LOS ANGELES

FIRE DEPARTMENT

1320 NORTH EASTERN AVENUE
LOS ANGELES, CALIFORNIA 90063-3294

DARYL L. OSBY
FIRE CHIEF
FORESTER & FIRE WARDEN

January 26, 2016

Jolee Hui, Planner
Department of Regional Planning
Zoning Permits Section
320 West Temple Street
Los Angeles, CA 90012

Dear Ms. Hui:

OAK TREE PERMIT
PLAN NUMBER RPPL 2015000120
1200 E. WOODBURY ROAD, ALTADENA
APN: 5849-015-0003

We have reviewed the "Request for Oak Tree Permit #2015-000120." The project is located at 1200 E. Woodbury Road. in the unincorporated area of Altadena. The Oak Tree Report is accurate and complete as to the location, size, condition and species of the Oak trees on the site. The term "Oak Tree Report" refers to the document on file by Rebecca Latta, Arborcultural Consulting, the consulting arborist, dated December 7, 2015.

We recommend the following as conditions of approval:

OAK TREE PERMIT REQUIREMENTS:

1. This grant shall not be effective until the permittee and the owner of the property involved (if other than the permittee), have filed at the office of the Department of Regional Planning their affidavit stating that they are aware of and agree to accept all conditions of this grant. Unless otherwise apparent from the context, the term "permittee" shall include the applicant and any other person, corporation or other entity making use of this grant.
2. The permittee shall, prior to commencement of the use authorized by this grant, deposit with the County of Los Angeles Fire Department a sum of \$300. Such fees shall be used to compensate the County Forester \$100 per inspection to cover expenses incurred while

inspecting the project to determine the permittee's compliance with the conditions of approval. The above fees provide for one (1) initial inspection prior to the commencement of construction and two (2) subsequent inspections until the conditions of approval have been met. The Director of Regional Planning and the County Forester shall retain the right to make regular and unannounced site inspections.

3. Before commencing work authorized or required by this grant, the consulting arborist shall submit a letter to the Director of Regional Planning and the County of Los Angeles Fire Department, Forestry Division, stating that he or she has been retained by the permittee to perform or supervise the work, and that he or she agrees to report to the Director of Regional Planning and the County Forester, any failure to fully comply with the conditions of the grant. The arborist shall also submit a written report on permit compliance upon completion of the work required by this grant. The report shall include a diagram showing the exact number and location of all mitigation trees planted as well as planting dates.
4. The permittee shall arrange for the consulting arborist or a similarly qualified person to maintain all remaining Oak trees on the subject property that are within the zone of impact, as determined by the County Forester for the life of the Oak Tree Permit or the Conditional Use Permit.
5. The permittee shall install temporary chain-link fencing, not less than four (4) feet in height, to secure the protected zone of all remaining Oak trees on site, as necessary. The fencing shall be installed prior to grading or tree removal, and shall not be removed without approval of the County Forester. The term "protected zone" refers to the area extending five (5) feet beyond the drip line of the Oak tree (before pruning), or fifteen (15) feet from the trunk, whichever is greater.
6. Copies of the Oak Tree Report, Oak tree map, mitigation planting plan and conditions of approval, shall be kept on the project site and available for review. All individuals associated with the project as it relates to the Oak resource shall be familiar with the Oak Tree Report, Oak tree map, mitigation planting plan and conditions of approval.

PERMITTED OAK TREE ENCROACHMENT:

7. This grant allows encroachment within the protected zone of two (2) trees of the Oak genus identified as Trees Numbered 1 and 2 on the applicant's site plan and Oak Tree Report. Trenching, excavation, or clearance of vegetation within the protected zone of an Oak tree shall be accomplished by the use of hand tools or small hand-held power tools. Any major roots encountered shall be conserved and treated as recommended by the consulting arborist.
8. In addition to the work expressly allowed by this permit, remedial pruning intended to ensure the continued health of a protected Oak tree or to improve its appearance or structure may be performed. Such pruning shall include the removal of deadwood and stubs and medium pruning of branches two-inches in diameter or less in accordance with

the guidelines published by the National Arborist Association. Copies of these guidelines are available from the County of Los Angeles Fire Department, Forestry Division. In no case shall more than 20% of the tree canopy of any one tree be removed.

9. Except as otherwise expressly authorized by this grant, the remaining Oak trees shall be maintained in accordance with the principles set forth in the publication, "Oak Trees: Care and Maintenance," prepared by the County of Los Angeles Fire Department, Forestry Division. A copy of the publication is enclosed with these conditions.

MITIGATION TREES:

10. The permittee shall provide mitigation trees of the Oak genus at a rate of two to one (2:1) for any tree specified above, that dies as a result of the approved encroachments.
11. Each mitigation tree shall be at least a 15-gallon specimen in size and measure one (1) inch or more in diameter one (1) foot above the base. Free form trees with multiple stems are permissible provided the combined diameter of the two (2) largest stems of such trees measure a minimum of one (1) inch in diameter one (1) foot above the base.
12. Mitigation trees shall consist of indigenous varieties of Quercus agrifolia, grown from a local seed source.
13. Mitigation trees shall be planted within one (1) year of the permitted Oak tree removals. Mitigation trees shall be planted either on site or at an off-site location approved by the County Forester. Alternatively, a contribution to the County of Los Angeles Oak Forest Special Fund may be made in the amount equivalent to the Oak resource loss. The contribution shall be calculated by the consulting arborist and approved by the County Forester according to the most current edition of the International Society of Arboriculture's "Guide for Plant Appraisal."
14. The permittee shall properly maintain each mitigation tree and shall replace any tree failing to survive due to a lack of proper care and maintenance with a tree meeting the specifications set forth above. The two-year maintenance period will begin upon receipt of a letter from the permittee or consulting arborist to the Director of Regional Planning and the County Forester, indicating that the mitigation trees have been planted. The maintenance period of the trees failing to survive two (2) years will start anew with the new replacement trees. Subsequently, additional monitoring fees shall be required.
15. All mitigation Oak trees planted as a condition of this permit shall be protected in perpetuity by the Los Angeles County Oak Tree Ordinance once they have survived the required maintenance period.

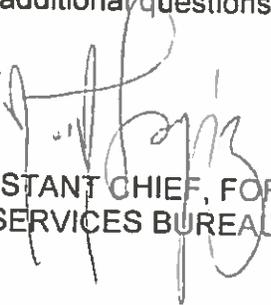

NON-PERMITTED ACTIONS AND VIOLATIONS:

16. Encroachment within the protected zone of any additional tree of the Oak genus on the project site is prohibited.
17. Should encroachment within the protected zone of any additional tree of the Oak genus on the project site not permitted by this grant result in its injury or death within two (2) years, the permittee shall be required to make a contribution to the Los Angeles County Oak Forest Special Fund in the amount equivalent to the Oak resource damage/loss. Said contribution shall be calculated by the consulting arborist and approved by the County Forester according to the most current edition of the International Society of Arboriculture's "Guide for Plant Appraisal."
18. No planting or irrigation system shall be installed within the drip line of any Oak tree that will be retained.
19. Utility trenches shall not be routed within the protected zone of an Oak tree unless the serving utility requires such locations.
20. Equipment, materials and vehicles shall not be stored, parked, or operated within the protected zone of any Oak tree. No temporary structures shall be placed within the protected zone of any Oak tree.
21. Violations of the conditions of this grant shall result in immediate work stoppage or in a notice of correction depending on the nature of the violation. A time frame within which deficiencies must be corrected will be indicated on the notice of correction.
22. Should any future inspection disclose that the subject property is being used in violation of any one of the conditions of this grant, the permittee shall be held financially responsible and shall reimburse the County of Los Angeles Fire Department, Forestry Division, for all enforcement efforts necessary to bring the subject property into compliance.

To schedule a County Forester inspection, please contact the Environmental Review Unit at (818) 890-5719.

If you have any additional questions, please contact this office at (818) 890-5758.

Very truly yours,

J. LOPEZ, ASSISTANT CHIEF, FORESTRY DIVISION
PREVENTION SERVICES BUREAU
