REGIONAL PLANNING ADDITIONAL COMMENTS AND HOLDS

Case Status/Recommendation: At this time, Regional Planning does not recommend approval of the tentative tract map. Please read below for further details.

1. Provide building permits for all structures under construction.
2. Depict the driveway on your tentative map.
3. Is the proposed grading in addition to what has been approved for the 8 unit apartment house?
4. Your plans show that Unit 7 will have two one-car garages. Will both be enclosed?
5. Delineate the garage area for each unit on the Exhibit Map.
6. The project is subject to the La Crescenta-Montrose Community Standards District (CSD) §22.44.139.
7. Per the CSD, a maximum 26 foot wide driveway is allowed. Your project proposes a 28 foot wide driveway. A CSD Modification is required, or redesign to comply.
8. Per the CSD, a pitched roofline is required along all sides of any building, with a slope of not less than 1:3. The proposed roof of Unit 4 does not meet this requirement. Please redesign or request a CSD Modification.
9. The plans for your condominium project do not match what was approved for the apartment house. Please indicate what is proposed, versus what is under construction under the approval of the apartment house.
10. Ensure all cross section measurements are labeled correctly.
11. The project tile should read for condominium conversion, this project is not considered a new condominium project.

RESUBMITTAL INSTRUCTIONS

If a map revision is required, please submit the following items:

- *A completed and signed Land Division application,*
- *A signed and dated cover letter describing all changes made to the map,*
- *Six (6) folded and collated copies of Tract/Parcel Map and Exhibit Map/Exhibit "A,"*
- *A digital (CD or Flash drive) copy of the map/exhibit in PDF format,*
- *Revision fee payment (for the 3rd revision and thereafter), and*
- *Other materials requested by the case planner.*

NOTE: An appointment is required for resubmittal. **You must call the Land Divisions Section at 213-974-6433 to schedule the appointment.** Prior to scheduling, you are encouraged to contact the case planner for a preview of your next SCM submittal.

It is recommended that this tentative map not be approved at this time. This recommendation is based upon information or lack of information that is available concerning the subject property. The removal of this recommendation is contingent upon the submission and satisfactory review of the following:

1. Submit a hydrology report. Please see attached Hydrology review sheet (Comments 1 and 2) for comments and requirements.
2. Please see attached Grading review sheet (Comments 2 and 3) for comments and requirements.
3. Obtain a letter from the Crescenta Valley County Water District stating there is adequate sewer capacity to serve the proposed project. Please see attached Sewer review sheet (Comment 1) for requirements.
4. A revised tentative map is required to show the following additional items:
 - a. Please see attached Grading review sheet (Comment 1) for requirements.

TRACT NO. 073411

TENTATIVE MAP DATED 09-22-2015
EXHIBIT MAP 09-22-2015

Approval and clearance of the tentative map is subjected to compliance with the following **drainage** comments:

1. Prior to tentative map approval for drainage, submit a hydrology report showing the extent of drainage impacts and provide mitigation acceptable to the County. The analysis should address increases in runoff, any change in drainage patterns, debris producing areas, and the capacity of existing storm drain facilities. Provide line identification of all proposed drainage facilities. Preliminary soils and geology reports related to debris, retention, and detention basins may be required based on geographic and adverse geotechnical conditions. Provide engineering calculations to support sizing of debris, retention, and detention basins. Provide approximate flood hazard and bank erosion setbacks and lot identifications (as needed). Show slopes for existing and proposed streets. Provide a drainage/grading covenant for any offsite work.
2. A water quality section of the Hydrology Report is required to comply with the LID requirements of Los Angeles County Code Section 12.84 (<https://library.municode.com/index.aspx?clientId=16274>).

EXHIBIT MAP DATED 09-22-2015

It is recommended that this tentative map not be approved at this time. This recommendation is based upon information or lack of information that is available concerning the subject property. The removal of this recommendation is contingent upon the submission and satisfactory review of the following:

1. A revised tentative map is required to show the following additional items:
 - a. Driveway profile on the tentative map with 4' landing at right of way. The driveway should be approved by Fire Department.
 - b. Graphic scale.
2. Approval of the latest drainage concept/hydrology/Standard Urban Stormwater Mitigation Plan (SUSMP)/Low Impact Development (LID) plan by the Storm Drain and Hydrology Section of Land Development Division.
3. Intercept all drainage before entering the garage and direct it to a proper drainage facility. No runoff is allowed to drain to the garage.

The following reports consisting of ___ pages are the recommendations of Public Works.

The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:

1. Details and notes shown on the tentative map are not necessarily approved. Any details or notes which may be inconsistent with requirements of ordinances, general conditions of approval, or Department policies must be specifically approved in other conditions, or ordinance requirements are modified to those shown on the tentative map upon approval by the Advisory agency.
2. Easements are tentatively required, subject to review by the Director of Public Works to determine the final locations and requirements.
3. Easements shall not be granted or recorded within areas proposed to be granted, dedicated, or offered for dedication for public streets, highways, access rights, building restriction rights, or other easements until after the final map is filed with the Registrar-Recorder/County Clerk's Office. If easements are granted after the date of tentative approval, a subordination must be executed by the easement holder prior to the filing of the final map.
4. In lieu of establishing the final specific locations of structures on each lot/parcel at this time, the owner, at the time of issuance of a grading or building permit, agrees to develop the property in conformance with the County Code and other appropriate ordinances such as the Building Code, Plumbing Code, Grading Ordinance, Highway Permit Ordinance, Mechanical Code, Zoning Ordinance, Undergrounding of Utilities Ordinance, Water Ordinance, Sanitary Sewer and Industrial Waste Ordinance, Electrical Code, and Fire Code. Improvements and other requirements may be imposed pursuant to such codes and ordinances.
5. All easements existing at the time of final map approval must be accounted for on the approved tentative map. This includes the location, owner, purpose, and recording reference for all existing easements. If an easement is blanket or indeterminate in nature, a statement to that effect must be shown on the tentative map in lieu of its location. If all easements have not been accounted for, submit a corrected tentative map to the Department of Regional Planning for approval.

6. Adjust, relocate, and/or eliminate lot lines, lots, streets, easements, grading, geotechnical protective devices, and/or physical improvements to comply with ordinances, policies, and standards in effect at the date the County determined the application to be complete all to the satisfaction of Public Works.
7. If applicable, quitclaim or relocate easements running through proposed structures.
8. Prior to final approval of the tract/parcel map submit a notarized affidavit to the Director of Public Works, signed by all owners of record at the time of filing of the map with the Registrar-Recorder/County Clerk's Office, stating that any proposed condominium building has not been constructed or that all buildings have not been occupied or rented and that said building will not be occupied or rented until after the filing of the map with the Registrar-Recorder/County Clerk's Office.
9. Place standard condominium notes on the final map to the satisfaction of Public Works.
10. Label driveways and multiple access strips as "Private Driveway and Fire Lane" and delineate on the final map to the satisfaction of Public Works and Fire Department.
11. Reserve reciprocal easements for drainage, ingress/egress, sewer, water, utilities, right to grade, and maintenance purposes, etc., in documents over the common private driveways to the satisfaction of Public Works.
12. A final parcel map must be processed through the Director of Public Works prior to being filed with the Registrar-Recorder/County Clerk's Office.
13. Prior to submitting the tract map to the Director of Public Works for examination pursuant to Section 66442 of the Government Code, obtain clearances from all affected Departments and Divisions, including a clearance from the Subdivision Mapping Section of the Land Development Division of Public Works for the following mapping items; mathematical accuracy; survey analysis; and correctness of certificates, signatures, etc.
14. A final guarantee will be required at the time of filing of the final map with the Registrar-Recorder/County Clerk's Office.

15. Within 30 days of the approval date of this land use entitlement or at the time of first plan check submittal, the applicant shall deposit the sum of \$2,000 (Minor Land Divisions) or \$5,000 (Major Land Divisions) with Public Works to defray the cost of verifying conditions of approval for the purpose of issuing final map clearances. This deposit will cover the actual cost of reviewing conditions of approval for Conditional Use Permits, Tentative Tract and Parcel Maps, Vesting Tentative Tract and Parcel Maps, Oak Tree Permits, Specific Plans, General Plan Amendments, Zone Changes, CEQA Mitigation Monitoring Programs and Regulatory Permits from State and Federal Agencies (Fish and Game, USF&W, Army Corps, RWQCB, etc.) as they relate to the various plan check activities and improvement plan designs. In addition, this deposit will be used to conduct site field reviews and attend meetings requested by the applicant and/or his agents for the purpose of resolving technical issues on condition compliance as they relate to improvement plan design, engineering studies, highway alignment studies and tract/parcel map boundary, title and easement issues. When 80% of the deposit is expended, the applicant will be required to provide additional funds to restore the initial deposit. Remaining balances in the deposit account will be refunded upon final map recordation.

TENTATIVE MAP FEASIBILITY IS RECOMMENDED FOR APPROVAL FROM A GEOTECHNICAL STANDPOINT

THE FOLLOWING CONDITIONS MUST BE FULFILLED:

- The Final Map does **not** need to be reviewed by the Geotechnical and Materials Engineering Division.
- Geotechnical report(s) may be required prior to approval of grading or building plans. Report(s) must comply with the provisions of the County of Los Angeles Department of Public Works Manual for Preparation of Geotechnical Reports. The Manual is available at: <http://dpw.lacounty.gov/gmed/permits/docs/manual.pdf>.
- At the grading plan stage, submit grading plans to the GMED for verification of compliance with County Codes and policies.

The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:

1. Construct driveway approaches at the site to meet current Americans with Disabilities Act guidelines and to the satisfaction of Public Works. Please note the proposed driveway near the easterly property line must be constructed in such a way that there is at least a two-foot intervening distance between the proposed driveway and the adjacent existing driveway. This intervening distance is so that the existing adjacent driveway apron can be reconstructed in the future with a 4-foot side taper (commonly referred to as the "X" dimension) while remaining in compliance with Section 16.16.080 of the Los Angeles County Code.
2. Close any unused driveways with standard curb, gutter, and sidewalk (or graded area as appropriate) to the satisfaction of Public Works. This includes the removal of the existing asphalt curb fronting the existing power pole located approximately 50 feet west of the easterly property line.
3. Plant street trees on Montrose Avenue, along property frontage, to the satisfaction of Public Works.
4. Construct drainage devices (parkway drains/curb drains) at the site and execute a drainage covenant for the maintenance of said devices to the satisfaction of Public Works.
5. Repair any improvements damaged during construction to the satisfaction of Public Works.

LAND DEVELOPMENT DIVISION – WATER
TRACT NO. 073411(Rev.)

Page 1/1

TENTATIVE MAP DATED 09-22-2015
EXHIBIT MAP DATED 09-22-2015

The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:

1. A water system maintained by the water purveyor, with appurtenant facilities to serve all buildings in the land division, must be provided. The system shall include fire hydrants of the type and location (both on-site and off-site) as determined by the Fire Department. The water mains shall be sized to accommodate the total domestic and fire flows.

PROJECT: TR 73411

MAP DATE: September 22, 2015

THE FIRE DEPARTMENT RECOMMENDS THAT THIS PROJECT NOT TO BE APPROVED AT THIS TIME AND NOT TO PROCEED WITH THE PUBLIC HEARING PROCESS. THIS RECOMMENDATION MAYBE CHANGED WHEN THE HOLDS BELOW HAVE BEEN ADDRESSED.

TENTATIVE/EXHIBIT MAP - HOLDS

1. The Tentative Map indicates the building is "Under Construction". Submit a copy of the current and active building permit from the Los Angeles County Building and Safety office for this property. This information shall be submitted for review prior to Tentative Map clearance.
2. Submit a current fire flow availability from, FORM 196, to our office for the existing public fire hydrant located west of the property on Montrose Avenue. Submit fire flow information prior to Tentative Map clearance.
3. The required fire flow for this development at this time is **4000** gallons per minute at 20 psi for a duration of 4 hours. Submit architectural plans indicating the total square footage and construction type of the building to calculate the actual required fire flow.
4. Submit a digital copy of the architectural plans for this development. The architectural plans will assist to calculate the required fire flow from all required fire hydrants, review the elevations to determine the required Fire Department access adjacent to proposed buildings, and address additional Fire Department concerns during the subdivision process. The architectural plans shall be submitted for review prior to Tentative Map clearance.

FINAL MAP CONDITIONS OF APPROVAL

1. Access as noted on the Tentative and the Exhibit Maps shall comply with Title 21 (County of Los Angeles Subdivision Code) and Section 503 of the Title 32 (County of Los Angeles Fire Code), which requires an all-weather access surface to be clear to sky.

2. A copy of the Final Map shall be submitted to the Fire Department for review and approval prior to recordation.
 3. The driveways required for fire apparatus access shall be indicated on the Final Map as "Private Driveway and Fire lane" with the widths clearly depicted.
 4. A construct bond is required for all private driveways within this development. Provide written verification of the posted construction bond to the Fire Department prior to Final Map clearance.
 5. A reciprocal access agreement is required for the private driveway since multiple lots and units are sharing the same access. Submit documentation to the Fire Department for review prior to Final Map clearance.

PROJECT CONDITIONS OF APPROVAL

1. Fire Department apparatus access shall be extended to within 150 feet of all portions of the exterior walls of any future buildings or structures. Verification for compliance will be performed during the architectural plan review prior to building permit issuance.
2. The on-site private driveways shall provide a minimum paved unobstructed width of 28 feet, clear to the sky. Verification for compliance will be performed during the Fire Department review of the architectural plan prior to building permit issuance.
3. The proposed high density residential buildings shall not exceed 30 feet above the lowest level of the Fire Department vehicular access road. Buildings exceeding this height shall provide a setback between 15 feet and 30 feet from the edge of the fire lane to the building wall. Verification for compliance will be performed during the Fire Department review of the architectural plan prior to building permit issuance.

4. The required fire flow from the public fire hydrant for this development can be up to **4000** gallons per minute at 20 psi for a duration of 4 hours, over and above maximum daily domestic demand. The required fire flow may be reduced by the Fire Department during the architectural plan review process prior to building permit issuance.
 5. Parking shall be restricted 30 feet adjacent to any required public or private fire hydrant, 15 feet on each side measured from the center of the fire hydrant. Adequate signage and/or stripping shall be required prior to occupancy.
 6. The driveways required for fire apparatus access shall be posted with signs stating "No Parking-Fire Lane" and/or stripped accordingly in compliance with the County of Los Angeles Fire Code prior to occupancy.
 7. An approved automatic fire sprinkler system is required for proposed building within this development. Submit design plans to the Fire Department Sprinkler Plan Check Unit for review and approval prior to installation.
 8. The proposed buildings shall provide approved address numbers. Compliance required prior to occupancy to the satisfaction of the Department of Public Works and the County of Los Angeles Fire Code

PARK OBLIGATION REPORT

Tentative Map #	73411	DRP Map Date:	09/22/2015	SCM Date:	10/29/2015	Report Date:	10/20/2015
Park Planning Area #	38		LA CRESCENTE / MONTROSE / UNIVERSAL CITY			Map Type:	REV. (REV RECD)

Total Units = Proposed Units + Exempt Units

Sections 21.24.340, 21.24.350, 21.28.120, 21.28.130, and 21.28.140, the County of Los Angeles Code, Title 21, Subdivision Ordinance provide that the County will determine whether the development's park obligation is to be met by:

- 1) the dedication of land for public or private park purpose or,
- 2) the payment of in-lieu fees or,
- 3) the provision of amenities or any combination of the above.

The specific determination of how the park obligation will be satisfied will be based on the conditions of approval by the advisory agency as recommended by the Department of Parks and Recreation.

Park land obligation in acres or in-lieu fees:

ACRES:	0.06
IN-LIEU FEES:	\$25,220

Conditions of the map approval:

The park obligation for this development will be met by:

The payment of \$25,220 in-lieu fees.

Trails:

No trails.

Comments:

Proposing one multi-family lot with eight (8) condominium units.

*****Advisory:**

The Representative Land Value (RLVs) in Los Angeles County Code (LACC) Section 21.28.140 are used to calculate park fees and are adjusted annually, based on changes in the Consumer Price Index. The new RLVs become effective July 1st of each year and may apply to this subdivision map if first advertised for hearing before either a hearing officer or the Regional Planning Commission on or after July 1st pursuant to LACC Section 21.28.140, subsection 3. Accordingly, the park fee in this report is subject to change depending upon when the subdivision is first advertised for public hearing.

Please contact Clement Lau at (213) 351-5120 or Sheela Mathai at (213) 351-5121, Department of Parks and Recreation, 510 South Vermont Avenue, Los Angeles, CA 90020 for further information or to schedule an appointment to make an in-lieu fee payment.

For information on Hiking and Equestrian Trail requirements, please contact the Trails Coordinator at (213) 351-5134.

PARK OBLIGATION WORKSHEET

Tentative Map #	73411	DRP Map Date:	09/22/2015	SMC Date:	10/29/2015	Report Date:	10/20/2015
Park Planning Area #	38	LA CRESCENTE / MONTROSE / UNIVERSAL CITY				Map Type:	REV. (REV RECD)

The formula for calculating the acreage obligation and or In-lieu fee is as follows:

(P)people x (0.003) Ratio x (U)nits = (X) acres obligation

(X) acres obligation x RLV/Acre = In-Lieu Base Fee

- Where: P = Estimate of number of People per dwelling unit according to the type of dwelling unit as determined by the 2000 U.S. Census*. Assume * people for detached single-family residences; Assume * people for attached single-family (townhouse) residences, two-family residences, and apartment houses containing fewer than five dwelling units; Assume * people for apartment houses containing five or more dwelling units; Assume * people for mobile homes.
- Ratio = The subdivision ordinance provides a ratio of 3.0 acres of park land for each 1,000 people generated by the development. This ratio is calculated as "0.0030" in the formula.
- U = Total approved number of Dwelling Units.
- X = Local park space obligation expressed in terms of acres.
- RLV/Acre = Representative Land Value per Acre by Park Planning Area.

Total Units = Proposed Units + Exempt Units

	People*	Ratio 3.0 Acres / 1000 People	Number of Units	Acre Obligation
Detached S.F. Units	3.01	0.0030	0	0.00
M.F. < 5 Units	2.41	0.0030	0	0.00
M.F. >= 5 Units	2.32	0.0030	8	0.06
