### REGIONAL PLANNING ADDITIONAL COMMENTS AND HOLDS

*Case Status/Recommendation: At this time, Regional Planning does recommend approval of the tentative map.*

#### Environmental Determination:

1. Additional information (e.g., studies, reports, etc.) may be required after review of the Environmental Assessment.
2. For any questions related to site biology, you may contact the departmental biologist, Joseph Decruyenaere, directly at 213-974-1448 or [jdecruyenaere@planning.lacounty.gov](mailto:jdecruyenaere@planning.lacounty.gov).

#### Tentative Map:

3. Correct in the project scope 8 open space parking stalls to 4 open space parking stalls.
4. Please remove "to be removed" label associated with building that is not in within your property and not part of the project.

#### Exhibit Map:

5. In the project scope, correct 8 open space parking stalls to 4 open space parking stalls.

#### Other:

6. Please provide written notice to withdraw Zone Change
7. Submit new application for Conditional Use Permit for allowing townhomes in the C-2-BE Zone. Also include burden of proof.

---

### RESUBMITTAL INSTRUCTIONS

*If a map revision is required, please submit the following items:*

- A completed and signed Land Division application,
- A signed and dated cover letter describing all changes made to the map,
- Five (5) folded and collated copies of Tract/Parcel Map and Exhibit Map/Exhibit "A,"
- A digital (CD or Flash drive) copy of the map/exhibit in PDF format,
- Revision fee payment (for the 3<sup>rd</sup> revision and thereafter), and
- Other materials requested by the case planner.

**NOTE:** An appointment is required for resubmittal. **You must call the Land Divisions Section at 213-974-6433 to schedule the appointment.** Prior to scheduling, you are encouraged to contact the case planner for a preview of your next SCM submittal.

It is recommended that this tentative map not be approved at this time. This recommendation is based upon information or lack of information that is available concerning the subject property. The removal of this recommendation is contingent upon the submission and satisfactory review of the following:

1. As previously requested, an approved hydrology report is required. Please see attached Hydrology review sheet (Comments 1 and 2) for requirements. The hydrology report shall be submitted directly to Public Works. Please note that the hydrology report submitted on 07/26/2016 is currently under review.

LAND DEVELOPMENT DIVISION  
HYDROLOGY UNIT

TRACT MAP NO. 74149 REV2

TENTATIVE MAP DATED 07/26/2016  
EXHIBIT "A" MAP 07/26/2016

Approval and clearance of the tentative map is subjected to compliance with the following **drainage** comments:

1. Prior to tentative map approval for drainage/grading, submit a hydrology report showing the extent of drainage impacts and provide mitigation acceptable to the County. The analysis should address increases in runoff, any change in drainage patterns, debris producing areas, and the capacity of existing storm drain facilities. Provide line identification of all proposed drainage facilities. Preliminary soils and geology reports related to debris, retention, and detention basins may be required based on geographic and adverse geotechnical conditions. Provide engineering calculations to support sizing of debris, retention, and detention basins. Provide approximate flood hazard and bank erosion setbacks and lot identifications (as needed). Show slopes for existing and proposed streets. Provide a letter of intent for any offsite work. Hydrology Report submitted on 7/26/2016 is currently under review.
2. A water quality section of the Hydrology Report is required to comply with the LID requirements of Los Angeles County Code Section 12.84 (<http://library.municode.com/index.aspx?clientId=16274>). Please use the link below for LID Manual:  
<http://dpw.lacounty.gov/lld/lib/fp/Hydrology/Low%20Impact%20Development%20Standards%20Manual.pdf>

Hydrology Report submitted on 7/26/2016 is currently under review.

Phone (626) 458-3126

Date 08-22-2016

The following report consisting of \_\_\_\_ pages are the recommendations of Public Works.

The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:

1. Details and notes shown on the tentative map are not necessarily approved. Any details or notes which may be inconsistent with requirements of ordinances, general conditions of approval, or Department policies must be specifically approved in other conditions, or ordinance requirements are modified to those shown on the tentative map upon approval by the Advisory agency.
2. Easements are tentatively required, subject to review by the Director of Public Works to determine the final locations and requirements.
3. Easements shall not be granted or recorded within areas proposed to be granted, dedicated, or offered for dedication for public streets, highways, access rights, building restriction rights, or other easements until after the final map is filed with the Registrar-Recorder/County Clerk's Office. If easements are granted after the date of tentative approval, a subordination must be executed by the easement holder prior to the filing of the final map.
4. In lieu of establishing the final specific locations of structures on each lot/parcel at this time, the owner, at the time of issuance of a grading or building permit, agrees to develop the property in conformance with the County Code and other appropriate ordinances such as the Building Code, Plumbing Code, Grading Ordinance, Highway Permit Ordinance, Mechanical Code, Zoning Ordinance, Underground of Utilities Ordinance, Water Ordinance, Sanitary Sewer and Industrial Waste Ordinance, Electrical Code, and Fire Code. Improvements and other requirements may be imposed pursuant to such codes and ordinances.
5. Adjust, relocate, and/or eliminate lot lines, lots, streets, easements, grading, geotechnical protective devices, and/or physical improvements to comply with ordinances, policies, and standards in effect at the date the County determined the application to be complete all to the satisfaction of Public Works.
6. All easements existing at the time of final map approval must be accounted for on the approved tentative map. This includes the location, owner, purpose, and recording reference for all existing easements. If an easement is blanket or indeterminate in nature, a statement to that effect must be shown on the tentative map in lieu of its location. If all easements have not been accounted for, submit a corrected tentative map to the Department of Regional Planning for approval.

7. If applicable, quitclaim or relocate easements running through proposed structures.
8. Prior to final approval of the tract/parcel map submit a notarized affidavit to the Director of Public Works, signed by all owners of record at the time of filing of the map with the Registrar-Recorder/County Clerk's Office, stating that any proposed condominium building has not been constructed or that all buildings have not been occupied or rented and that said building will not be occupied or rented until after the filing of the map with the Registrar-Recorder/County Clerk's Office.
9. Place standard condominium notes on the final map to the satisfaction of Public Works.
10. Label driveways and multiple access strips as "Private Driveway" and delineate on the final map to the satisfaction of Public Works.
11. Reserve reciprocal easements for drainage, ingress/egress, sewer, water, utilities, right to grade, and maintenance purposes, in documents over the common private driveways to the satisfaction of Public Works.
12. Remove existing buildings prior to final map approval. Demolition permits and final sign-off from the building inspector are required from the Building and Safety office.
13. A final tract map must be processed through the Director of Public Works prior to being filed with the Registrar-Recorder/County Clerk's Office.
14. Prior to submitting the tract map to the Director of Public Works for examination pursuant to Section 66442 of the Government Code, obtain clearances from all affected Departments and Divisions, including a clearance from the Subdivision Mapping Section of the Land Development Division of Public Works for the following mapping items; mathematical accuracy; survey analysis; and correctness of certificates, signatures, etc.
15. A final guarantee will be required at the time of filing of the final map with the Registrar-Recorder/County Clerk's Office.

TENTATIVE MAP DATED 07-26-2016  
EXHIBIT MAP DATED 07-26-2016

16. Within 30 days of the approval date of this land use entitlement or at the time of first plan check submittal, the applicant shall deposit the sum of \$5,000 with Public Works to defray the cost of verifying conditions of approval for the purpose of issuing final map clearances.

Please complete a Customer Service Survey at <http://dpw.lacounty.gov/go/gmedsurvey>

NOTICE: Public safety, relative to geotechnical subsurface exploration, shall be provided in accordance with current codes for excavations, inclusive of the Los Angeles County Code, Chapter 11.48, and the State of California, Title 8, Construction Safety Orders.

1. Approval of this map pertaining to grading is recommended.

**The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:**

**REQUIREMENTS PRIOR TO GRADING PLAN APPROVAL:**

2. Provide approval of:
  - a. The latest hydrology study by the Storm Drain and Hydrology Section of Land Development Division.
  - b. The grading plan by the Geotechnical & Materials Engineering Division (GMED).
  - c. Permits and/or letters of non-jurisdiction from all State and Federal Agencies. These agencies may include, but may not be limited to the State of California Regional Water Quality Control Board, and State of California Department of Conservation, Division of Oil, Gas, and Geothermal Resources (DOGGR).

**REQUIREMENTS PRIOR TO FINAL MAP RECORDATION:**

3. Submit a grading plan for approval.
4. Record a deed restriction not to install gates on Lynd Ave.

Name Nazem Said  Date 8/10/2016 Phone (626) 458-4921  
P:\ldpub\SUBPCHECK\Plan Checking Files\Tract Map\TR 074149\GP 74149\2016-07-26 TTR 74149 SUBMITTAL

The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:

1. Dedicate additional right of way for a corner cut-off at the intersections of Mayflower Avenue and Lynd Avenue. The corner cutoff dedication shall be based off the curb return radius of 25 feet.
2. Close unused driveway with standard curb, gutter along the property frontages on Mayflower Avenue, Lynd Avenue, and Live Oak Avenue to the satisfaction of Public Works.
3. Reconstruct the curb ramp at the intersection of Mayflower Avenue and Lynd Avenue that either serve or form a part of a pedestrian access route to meet current ADA (American with Disabilities Act) requirements to the satisfaction of Public Works.
4. Construct new driveways on Lynd Avenue to the satisfaction of Public Works.
5. Provide green strips along the property frontages on Mayflower Avenue, Lynd Avenue and Live Oak Avenue to the satisfaction of Public Works. All affected utilities shall be relocated or adjusted to the satisfaction of Public Works and the utilities companies. The newly modified public sidewalk shall be 6 inches from the right of way lines and to the satisfaction of Public Works.
6. Plant street trees and provide irrigation system for street trees along the property frontages on Mayflower Avenue, Lynd Avenue and Live Oak Avenue to the satisfaction of Public Works. The proposed landscaping shrubs and shrub height within the public right of way are not necessarily approved. Existing trees within the public right of way may be removed if not accepted as street trees.
7. Repair any improvements damaged during construction to the satisfaction of Public Works.
8. Execute a covenant for private maintenance of curb/parkway drains and landscaping; if any, to the satisfaction of Public Works.
9. If it is determined by Public Works, in conjunction with the United States Postal Service, that postal delivery receptacles are to be located within the public right of way, the receptacles shall be installed in groups to serve two or more residential units.

10. Prior to final map approval, enter into an agreement with the County franchised cable TV operator (if an area is served) to permit the installation of cable in a common utility trench to the satisfaction of Public Works; or provide documentation that steps to provide cable TV to the proposed subdivision have been initiated to the satisfaction of Public Works.
  
11. Comply with street lighting conditions per the attached memo dated March 29, 2016 from Street Lighting Section, Traffic and Lighting Division to the satisfaction of Public Works.

**COUNTY OF LOS ANGELES  
DEPARTMENT OF PUBLIC WORKS  
TRAFFIC AND LIGHTING DIVISION  
SUBDIVISION, CONDITIONAL USE PERMIT (CUP) & R3 REVIEW  
STREET LIGHTING REQUIREMENTS**

Date: 3/29/16

TO: Matthew Dubiel  
Project Entitlement & CEQA Section  
Land Development Division

Attention: Henry Wong

FROM: James Chon  
Street Lighting Section  
Traffic and Lighting Division

Prepared by Emmanuel Okolo

**STREET LIGHTING REQUIREMENTS  
TR 74149, TG 597F2**

Provide streetlights on concrete poles with underground wiring on all streets and highways within \_\_\_\_\_ to the satisfaction of Department of Public Works or as modified by Department of Public Works. **Submit street lighting plans along with existing and/or proposed underground utilities plans to Traffic and Lighting Division, Street Lighting Section, for processing and approval.**

---

Provide streetlights on concrete poles with underground wiring along the property frontage on \_\_\_\_\_ to the satisfaction of Department of Public Works or as modified by Department of Public Works. **Submit street lighting plans along with existing and/or proposed underground utilities plans to Traffic and Lighting Division, Street Lighting Section, for processing and approval.**

---

Provide streetlights on concrete poles with underground wiring on non-gated private or public future streets along the property frontage on \_\_\_\_\_ to the satisfaction of Department of Public Works or as modified by Department of Public Works. **Submit street lighting plans along with existing and/or proposed underground utilities plans to Traffic and Lighting Division, Street Lighting Section, for processing and approval.**

---

Provide streetlights on concrete poles with underground wiring on gated private future street(s) along the property frontage on \_\_\_\_\_ with fixtures acceptable to Southern California Edison and to the satisfaction of Department of Public Works or as modified by Department of Public Works. The operation and maintenance of the street lights shall remain the responsibility of the owner/developer/Home Owners Association until such time as the street(s) are accepted for maintenance by the County. Assessments will be imposed on portions of the development served by gated private and future streets (if any) as a result of benefits derived from existing or future streetlights on adjacent public roadways. **Submit street lighting plans along with existing and/or proposed underground utilities plans to Traffic and Lighting Division, Street Lighting Section, for processing and approval.**

---

New streetlights are not required. However, the project area will be required to be annexed to the County Lighting Maintenance District 1687. Therefore, submit a street lighting plan showing existing streetlights for the annexation process,

## ANNEXATION AND ASSESSMENT BALLOTING REQUIREMENTS:

The proposed project or portions of the proposed project are not within an existing lighting district. Annexation to street lighting district is required. Street lighting plans cannot be approved prior to completion of annexation process. See Conditions of Annexation below.

Upon CUP approval (CUP only), the applicant shall comply with conditions of annexation listed below in order for the lighting districts to pay for the future operation and maintenance of the streetlights. Conditions (1) and (2) shall apply for projects subject to annexation. The annexation and the levy of assessment require the approval of the Board of Supervisors prior to Public Works approving street lighting plans. It is the sole responsibility of the owner/developer of the project to have all street lighting plans approved prior to the issuance of building permits or road construction permits, whichever occurs first. The required street lighting improvements shall be the sole responsibility of the owner/developer of the project and the installation must be accepted per approved plans prior to the issuance of a certificate of occupancy.

Upon issuance of an Agreement to Improve (R3 only), the applicant shall comply with conditions of annexations listed below in order for the lighting districts to pay for the future operation and maintenance of the streetlights. Conditions (1) and (2) shall apply for projects subject to annexation. The annexation and the levy of assessment require the approval of the Board of Supervisors prior to Public Works approving street lighting plans. It is the sole responsibility of the owner/developer of the project to have all street lighting plans approved prior to the issuance of building permits. The required street lighting improvements shall be the sole responsibility of the owner/developer of the project and the installation must be accepted per approved plans prior to the issuance of a certificate of occupancy.

Upon submittal of street lighting plan(s) (subdivision only), the applicant shall comply with conditions of annexation listed below in order for the lighting districts to pay for the future operation and maintenance of the streetlights. Conditions (1) and (2) shall apply for projects subject to annexation. The annexation and the levy of assessment require the approval of the Board of Supervisors prior to Public Works approving street lighting plans. It is the sole responsibility of the owner/developer of the project to have all street lighting plans approved prior to the issuance of building permits. The required street lighting improvements shall be the sole responsibility of the owner/developer of the project and the installation must be accepted per approved plans prior to the issuance of a certificate of occupancy. If phasing of the project is approved, the required street lighting improvements shall be the sole responsibility of the owner/developer of the project and will be made a condition of approval to be in place for each phase.

### CONDITIONS OF ANNEXATION

- (1) Provide business/property owners name, mailing address, site address, Assessor Parcel Number, and Parcel Boundaries in either Microstation or Auto CADD format of territory to be developed to Street Lighting Section.
- (2) Submit map of the proposed project including any roadways conditioned for streetlights to Street Lighting Section. Contact Street Lighting Section for map requirements and/or questions at (626) 300-4726.

The annexation and assessment balloting process takes approximately 12 months or more to complete once the above information is received and approved. Therefore, untimely compliance with the above may result in delaying the approval of the street lighting plans.

### CONDITIONS OF ACCEPTANCE FOR STREET LIGHT TRANSFER OF BILLING:

The area must be annexed into the lighting district and all streetlights in the project, or the approved phase of the project, must be constructed according to Public Works approved plans. The contractor shall submit one complete set of "as-built" plans. The lighting district can assume the responsibility for the operation and maintenance of the streetlights by July 1st of any given year, provided the above conditions are met, all streetlights in the project, or approved project phase, have been constructed per Public Works approved plan and energized and the owner/developer has requested a transfer of billing at least by January 1st of the previous year. The transfer of billing could be delayed one or more years if the above conditions are not met. The lighting district cannot pay for the operation and maintenance of streetlights located within gated communities.

The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:

1. The subdivider shall install and dedicate main line sewers and serve each building with a separate house lateral or have approved and bonded sewer plans on file with Public Works.
2. A sewer area study for the proposed subdivision (PC12310AS, dated 07-29-2016) was reviewed and approved. A Will Serve letter from the County Sanitation District indicating adequate capacity exists in the trunk line and treatment plant was obtained prior to approval of the sewer area study. No additional mitigation measures are required. The sewer area study shall be invalidated should there be an increase in the total number of dwelling units, an increase in the density, dwelling units occur on previously identified building restricted lots, a change in the proposed sewer alignment, an increase in the tributary sewershed, a change in the sewer connection points, or the adoption of a land use plan or a revision to the current plan. A revision to the approved sewer area study may be allowed at the discretion of the Director of Public Works. The approved sewer area study shall remain valid for two years from the date of sewer area study approval. After this period of time, an update of the area study shall be submitted by the applicant if determined to be warranted by Public Works.
3. Easements are required, subject to review by Public Works to determine the final locations and requirements.

COUNTY OF LOS ANGELES  
DEPARTMENT OF PUBLIC WORKS  
LAND DEVELOPMENT DIVISION – WATER

Page 1/1

TRACT NO. 74149 (Rev.)

TENTATIVE MAP DATED 07-26-2016

The subdivision shall conform to the design standards and policies of Public Works, in particular, but not limited to the following items:

1. A water system maintained by the water purveyor, with appurtenant facilities to serve all buildings in the land division, must be provided. The system shall include fire hydrants of the type and location (both on-site and off-site) as determined by the Fire Department. The water mains shall be sized to accommodate the total domestic and fire flows.
2. The will serve letter issued by “Golden State Water Company”, dated December 2, 2015 will expire on December 2, 2016 it shall be sole responsibility of the applicant to renew the aforementioned Will Serve letter upon expiration and abide by all requirements of the water purveyor.
3. Submit landscape and irrigation plans for each multi-family lot in the land division, with landscape area greater than 500 square feet, in accordance with the Water Efficient Landscape Ordinance.
4. If recycled water is available, the irrigation systems shall be designed and operated in accordance with all local and State Codes as required per Section 7105.6.3 Chapter 71 of Title 26 Building Code.

### **THE FIRE DEPARTMENT RECOMMENDS APPROVAL OF THIS PROJECT AS PRESENTLY SUBMITTED WITH THE FOLLOWING CONDITIONS OF APPROVAL.**

#### **FINAL MAP CONDITIONS OF APPROVAL**

1. Access as noted on the Tentative and the Exhibit Maps shall comply with Title 21 (County of Los Angeles Subdivision Code) and Section 503 of the Title 32 (County of Los Angeles Fire Code), which requires an all-weather access surface to be clear to sky.
2. A copy of the Final Map shall be submitted to the Fire Department for review and approval prior to recordation.
3. Provide written verification stating the required fire hydrants have been installed or bonded for in lieu of installation prior to Final Map clearance.

#### **PROJECT CONDITIONS OF APPROVAL**

1. All proposed buildings shall be places such that a fire lane is provided to within 150 feet of all exterior walls of the first story. This measurement shall be by an approved route around the exterior of the building or facility. Verification for compliance will be performed during the Fire Department review of the architectural plan prior to building permit issuance.
2. The proposed high density residential buildings shall not exceed 30 feet above the lowest level of the Fire Department vehicular access road. Buildings exceeding this height shall provide minimum fire lane width of 28 feet and shall provide a setback between 15 feet and 30 feet from the edge of the fire lane to the building wall. Verification for compliance will be performed during the Fire Department review of the architectural plan prior to building permit issuance.

3. All required pedestrian gate required for fire fighter operation shall be designed, constructed, and maintained in accordance with ASTM F2200 and UL 325 as specified in the County of Los Angeles Fire Code. The vehicular gates shall provide an unobstructed width not less than 20 feet when fully open. Verification for compliance will be performed during the architectural plan review prior to building permit issuance.
4. Install **2** public fire hydrants as noted on the Tentative Map. The location might change depending on the requirements by the jurisdiction water company.
5. All fire hydrants shall measure 6"x 4"x 2-1/2" brass or bronze, be located to provide a minimum clearance of 3 feet around the fire hydrant, and conform to current AWWA standard C503 or approved equal.
6. The required fire flow from the public fire hydrant for this development can be up to **2000** gallons per minute at 20 psi for a duration of 2 hours, over and above maximum daily domestic demand. The required fire flow may be reduced by the Fire Department during the architectural plan review process prior to building permit issuance.
7. All required fire hydrants shall be installed, tested, and accepted prior to construction. Vehicular access must be provided and maintained serviceable throughout construction to all required fire hydrants.
8. Parking shall be restricted 30 feet adjacent to any required public or private fire hydrant, 15 feet on each side measured from the center of the fire hydrant. Adequate signage and/or stripping shall be required prior to occupancy.
9. An approved automatic fire sprinkler system is required for proposed building within this development. Submit design plans to the Fire Department Sprinkler Plan Check Unit for review and approval prior to installation.
10. All proposed gates, both vehicular and pedestrian gates, shall comply with the Fire Department's Regulation 5. Verification for compliance will be performed during final inspection of the gate prior to occupancy.

MAP DATE: July 26, 2016

---

11. The driveways required for fire apparatus access shall be posted with signs stating "No Parking-Fire Lane" and/or striped accordingly in compliance with the County of Los Angeles Fire Code prior to occupancy.
12. All future buildings shall provide approved address numbers. Compliance required prior to occupancy to the satisfaction of the Department of Public Works and the County of Los Angeles Fire Code.

For any questions regarding the report, please contact Juan Padilla at (323) 890-4243 or [Juan.Padilla@fire.lacounty.gov](mailto:Juan.Padilla@fire.lacounty.gov).

**LOS ANGELES COUNTY  
DEPARTMENT OF PARKS AND RECREATION**

**PARK OBLIGATION REPORT**

Tentative Map #	<b>74149</b>	DRP Map Date:	<b>07/26/2016</b>	SCM Date:	<b>09/01/2016</b>	Report Date:	<b>08/23/2016</b>
Park Planning Area #	<b>5</b>		<b>ARCADIA ISLANDS</b>			Map Type:	<b>REV. (REV RECD)</b>

Total Units  = Proposed Units  + Exempt Units

Sections 21.24.340, 21.24.350, 21.28.120, 21.28.130, and 21.28.140, the County of Los Angeles Code, Title 21, Subdivision Ordinance provide that the County will determine whether the development's park obligation is to be met by:

- 1) the dedication of land for public or private park purpose or,
- 2) the payment of in-lieu fees or,
- 3) the provision of amenities or any combination of the above.

The specific determination of how the park obligation will be satisfied will be based on the conditions of approval by the advisory agency as recommended by the Department of Parks and Recreation.

**Park land obligation in acres or in-lieu fees:**

ACRES:	<b>0.14</b>
IN-LIEU FEES:	<b>\$47,785</b>

**Conditions of the map approval:**

**The park obligation for this development will be met by:**

The payment of \$47,785 in-lieu fees.

**Trails:**

No trails.

**Comments:**

**\*\*\*Advisory:**

The Representative Land Value (RLVs) in Los Angeles County Code (LACC) Section 21.28.140 are used to calculate park fees and are adjusted annually, based on changes in the Consumer Price Index. The new RLVs become effective July 1st of each year and may apply to this subdivision map if first advertised for hearing before either a hearing officer or the Regional Planning Commission on or after July 1st pursuant to LACC Section 21.28.140, subsection 3. Accordingly, the park fee in this report is subject to change depending upon when the subdivision is first advertised for public hearing.

Please contact Clement Lau at (213) 351-5120 or Sheela Mathai at (213) 351-5121, Department of Parks and Recreation, 510 South Vermont Avenue, Los Angeles, CA 90020 for further information or to schedule an appointment to make an in-lieu fee payment.

For information on Hiking and Equestrian Trail requirements, please contact the Trails Coordinator at (213) 351-5134.

**PARK OBLIGATION WORKSHEET**

Tentative Map #	<b>74149</b>	DRP Map Date:	<b>07/26/2016</b>	SMC Date:	<b>09/01/2016</b>	Report Date:	<b>08/23/2016</b>
Park Planning Area #	<b>5</b>		<b>ARCADIA ISLANDS</b>			Map Type:	<b>REV. (REV RECD)</b>

The formula for calculating the acreage obligation and or In-lieu fee is as follows:

**(P)eople x (0.003) Ratio x (U)nits = (X) acres obligation**

**(X) acres obligation x RLV/Acre = In-Lieu Base Fee**

- Where: P = Estimate of number of People per dwelling unit according to the type of dwelling unit as determined by the 2000 U.S. Census\*. Assume \* people for detached single-family residences; Assume \* people for attached single-family (townhouse) residences, two-family residences, and apartment houses containing fewer than five dwelling units; Assume \* people for apartment houses containing five or more dwelling units; Assume \* people for mobile homes.
- Ratio = The subdivision ordinance provides a ratio of 3.0 acres of park land for each 1,000 people generated by the development. This ratio is calculated as "0.0030" in the formula.
- U = Total approved number of Dwelling Units.
- X = Local park space obligation expressed in terms of acres.
- RLV/Acre = Representative Land Value per Acre by Park Planning Area.

Total Units  = Proposed Units  + Exempt Units

	People*	Ratio 3.0 Acres / 1000 People	Number of Units	Acre Obligation
Detached S.F. Units	3.41	0.0030	0	0.00
M.F. < 5 Units	3.51	0.0030	0	0.00
M.F. >= 5 Units	<b>3.18</b>	<b>0.0030</b>	<b>15</b>	<b>0.14</b>
Mobile Units	2.52	0.0030	0	0.00
Exempt Units			0

Tentative Tract Map No. 74149

Vicinity: S. Arcadia

Tentative Tract Map Date: July 26, 2016

The Los Angeles County Department of Public Health – Environmental Health Division recommends the approval of **Tentative Tract Map 74149** based on the use of public water (Golden State Water Company) and public sewer as proposed for wastewater disposal. Any variation from the approved use of water supply and/or approved method of sewage disposal shall invalidate the Department's approval.

Prepared by:

A handwritten signature in black ink, appearing to read "V. Bañada".
