Modification to Recorded Tract Map No. 38931

Dear Commissioners:

The Santa Monica Mountains Conservancy (Conservancy) adopted a resolution last night supporting the proposed modification recorded Tract Map No. 38931. These modifications are ecologically, visually and recreationally significant in a positive way. The Conservancy also fully supports the recommendations made by the National Park Service in its letter dated April 24, 2013 addressed to your commission.

Thank you for your consideration.

Sincerely,
