Agenda item #9
I oppose flag lot developments in my neighborhood. We don't want unattractive high density developments on our R1-7500 residential streets.

Check here if you would like to receive notification of future actions on this item.

Check here if you DO NOT intend to testify today, but would like to receive notice of future actions on this item.

One of the many things the people in North San Gabriel enjoy about their community is the large homes with yards for their children to enjoy. Therefore, we passed an ordinance to protect the integrity of the community, and consequently I object to the developer attempting to violate the ordinance for the sake of profit.

This project is inconsistent with the character of our neighborhood. Longden is a narrow street and the additional traffic adversely affects the safety of our area. The density of this project is inconsistent with the area.

Summary of your position on this matter (optional)

CSD modification would alter the general appearance of the neighborhood. Similar modifications have been before this commission in the past and were also opposed by the community. Incrementally allowing these modifications will eventually alter and eliminate the feel and look of this area. I oppose this as I have others in the past.

Check here if you would like to receive notification of future actions on this item.
