</tr>
<tr>
<td>Building Height</td>
<td>Up to a 10 ft. increase in height. For every additional foot in height above the maximum allowed in the basic zone, the portion of the building exceeding the basic height limit shall be set back an additional foot (and may be determined from a modified yard/setback) from adjoining residential properties, except that roof structures and architectural features may be allowed within the “stepped-back” portion up to 42 inches in height.</td>
</tr>
<tr>
<td>Stories</td>
<td>An additional story. The building height must conform to either the height requirements of the basic zone or as modified through an on-menu incentive.</td>
</tr>
<tr>
<td>Lot Size</td>
<td>Up to 20% modification from lot size requirements. Up to 35% modification from lot size requirements for housing developments in which 100% of the units are set aside for very low or lower income households.</td>
</tr>
<tr>
<td>Lot Width</td>
<td>Up to 20% modification from lot width requirements. Up to 35% modification from lot width requirements for housing developments in which 100% of the units are set aside for very low or lower income households.</td>
</tr>
</tbody>
</table>
| Parking            | For housing developments in which 100% of the units are set aside for very low and lower income households and at or within a 1,500 ft. radius of an existing or major bus center, bus stop along a major bus route defined as bus route with a frequency of service interval of 15 minutes or less during the morning or afternoon peak commute periods, or a fully funded mass transit station, the following parking rates shall apply:  
   - Single-family dwelling units  
     - Any # of bedrooms: 1.0 parking space/unit  
   - Multi-family dwelling units  
     - 0 – 1 bedroom: 0.75 parking space/unit  
     - 2 or more bedrooms: 1.5 parking spaces/unit  
   Parking may be provided by tandem parking or uncovered parking, but not onstreet parking. Parking is inclusive of guest and accessible parking spaces. |
| Density            | Up to a 50% density bonus for housing developments in which 100% of the units are set aside for very low or lower income households. |
| Fee Waiver         | For housing developments in which 100% of the units are set aside for very low or lower income households, for-profit developers are exemption from planning and zoning fees, not including CDC evaluation and monitoring fees or deposits, required by Section 22.60.100. (Note: Non-profit developers are already eligible for exemptions from County review fees when projects are formally sponsored by the CDC, and the non-profit fee exemption does not require the use of an incentive.) |

* Project prerequisites: The project must be a qualified affordable housing development. To be eligible for on-menu incentives, the housing development must be outside of a Very High Fire Hazard Severity Zone, as defined in Section 223-V of Title 32 of the LA County Code; within an area that is served by a public water system; not within a significant ecological area, as defined in Section 22.08.150 of the LA County Code; not within an environmentally sensitive habitat area, as shown on the sensitive environmental resources map of the Malibu Land Use Plan; and not on land having a natural slope of 25% or more. Where other discretionary approvals (i.e., Plan Amendment, Zone Change, Coastal Development Permit, Conditional Use Permit, etc.) are required to regulate land use, this menu is advisory only.
