Sample Vision Statement

Willamette, OR

Willamette is a safe neighborhood with a strong sense of community and connectivity. The most

unique aspect of Willamette is our ability to retain a small-town feel with a designated historic district, while maintaining connection with surrounding communities.

Sample Vision Statement

Boronda, CA

Citizens of Boronda envision a future that accommodates improvements and new development in a manner that maintains the rural character and relaxed lifestyle of the established neighborhood, and respects existing design and community character elements. Public and private improvements should be well planned and designed, such that infill and new development serve to strengthen and unify the small town, village character of Boronda.
