

NATIONAL CONVERSATION ON CLIMATE ACTION

LOS ANGELES COUNTY
SPOTLIGHT CONVERSATION

EARTH DAY
APRIL 22, 2009

What inspired you to participate in today's conversation?

- Opportunity to volunteer
- Celebrate Earth Day
- Participation – have a voice
- Gain knowledge around climate change
- Increase public education and awareness
- Learn how to reduce impact on environment

Picture Los Angeles in 30 years

What is most important to you?

- Improved, accessible public transportation (including high speed transit)
- Availability of alternate fuel vehicles and supporting infrastructure
- Los Angeles will be a leader in the effort to improve the environment
- More sustainable food and agriculture
- Access to alternative energy technologies like solar and wind
- Increased recycling, less trash in landfills
- Improved air and water quality
- More incentives for green buildings, open space, pedestrian & bike friendly paths
- People are more aware and care more about their environment – kids too
