**RE: Baldwin Hills CSD Ordinance 2008-0057, 22.44.142
 Request for Bonus Well Credit
 Settlement Agreement and Mutual Release effective July 15, 2011**

Dear Mr. Stapleton:

Pursuant to the Settlement Agreement referenced above, Paragraph 4.d. states PXP (the predecessor Operator of the Inglewood Oil Field to Freeport-McMoRan Oil & Gas [FM O&G]) may earn “Bonus Wells” to drill by plugging and abandoning wells within the 800-foot zone. Language from the Settlement Agreement follows:

d. In the Full Operational Period, for each well abandoned within the 800-foot zone, PXP may drill two additional new wells outside the 800-foot zone up to a maximum of 53 drilled and re-drilled wells (35 wells plus 18 Bonus Wells) in that year pursuant to Director's Review and subject to review and approval in the Annual Drilling Plan. Subject to the aggregate and annual limits on number of wells, Bonus Wells earned by abandonment may be drilled at any time during the life of the CSD.

Enclosed with this letter is documentation that the following seven (7) wells have been plugged and abandoned within the 800-foot zone. For reference a map is enclosed showing the location of each of these wells. Per the terms of the Settlement Agreement above, FM O&G has earned the right to drill two (2) additional wells outside of the 800-foot zone for each of these abandoned wells located within the 800-foot zone.
