0315	03/20/15 0233	██████████ ██████████	██████████	Noise	View Park ██████████ ██████████	FM O&G's ombudsperson received an email from a View Park Resident regarding a "dull hum outside my house that appears to shift gears periodically, almost like an idling truck". (lp)	Upon arriving at the office FM O&G's ombudsperson began an investigation immediately. Operations personnel reported there were no activities at the oil field early this morning that could have contributed to the noise described. They confirmed that there were no operational issues at any of our facilities and no drilling operations are currently taking place in the oil field and we have not drilled since last June.	No Response Received	03/23/15 0707 (via email)	DRP: (tstapleton) Public Health: (emasis)	03/20/15 0930 03/20/15 0930	The closest the complainant could be to the field is about ½ mile east. The meteorological station data shows the wind direction at the time of the complaint blowing from the east towards the field.
