**SECTION 1820.** Appendix I of Chapter 22.104 is hereby amended to read as follows:

**Chapter 22.104 Hillside Management Areas.**

...

**APPENDIX I HILLSIDE DESIGN GUIDELINES.**

...

**IV. FACTORS AFFECTING RESIDENTIAL DENSITY**

Sensitive hillside design techniques can be used to achieve a better project design while still maintaining a desired number of dwelling units. The General Plan land use designation ("plan category") establishes the appropriate residential density range for a project, including the density maximum. However, there are a number of other factors that can affect the project's density, such as:

- Land division standards (minimum lot size, lot width, street frontage and access)
- Zoning designation (minimum lot size/~~lot area per dwelling unit~~)

1. The granting of density bonuses is subject to a Discretionary Housing Permit (Section 22.166.050), unless the housing development is one of the following, in which case an Administrative Housing Permit (Section 22.166.040) application is required:

a. One of the following housing developments requesting a density bonus of up to 35 percent, if an affordable housing set-aside is provided, pursuant to this Table:

i. A housing development with a very low or lower income housing set-aside; or

ii. A common interest development with a moderate income housing set-aside.

b. One of the following housing developments, if it meets the criteria for a California Environmental Quality Act exemption related to affordable or infill housing or proximity to transit, such as Sections 21159.23, 21159.24, or 21155-21155.3 of the California Public Resources Code:

i. A housing development with an extremely low income housing set-aside;

ii. A rental housing development with a moderate income housing set-aside;

iii. A single-family residential subdivision with a moderate income housing set-aside; or

iv. One of the following housing developments requesting a density bonus of more than 35 percent, if an affordable housing set-aside is provided, pursuant to this Table:

(a) A housing development with a very low or lower income housing set-aside; or

(b) A common interest development with a moderate income housing set-aside. A rental housing development shall receive the following density bonus, if it has 1) at least 80 percent affordable housing set-aside for lower, very low, or extremely low income households, with the remaining baseline dwelling units, excluding a manager's unit or units, set aside for moderate income households; 2) rents for at least 20 percent of all dwelling units, including the density bonus units but excluding the manager's unit or units, set at an affordable rent as defined in section 50053 of the California Health and Safety Code; and 3) rents for all remaining units, excluding the manager's unit or units, set at an amount consistent with the maximum rent levels for a housing development that received an allocation of state or federal low-income tax credits from the California Tax Credit Allocation Committee ("TCAC"):

a. Eighty percent of the number of dwelling units set aside for lower, very low, or extremely low income households; or

b. Any amount of density bonus units, if the rental housing development is located within 1/2 mile of a major transit stop, in which case such development:

i. Shall not receive any waivers or reductions of development standards provided in Section 22.120.090; and

ii. Is entitled to a height increase of up to three additional stories, or 33 feet, which is not counted toward the incentives provided in Subsection C (Incentives), below.

...

C. Incentives. A housing development shall receive a number of incentives in the amounts shown in Table 22.120.050-B, below, if it provides an affordable housing set-aside. The provision of direct financial incentives for a housing development, such as the fee exemption and reductions provided in Section 22.250.020.B (Fee Exemption and Reductions for Affordable Housing), subject to Chapter 22.120 (Density Bonus), shall not be counted toward the incentives provided in this Subsection C.
