* SOURCE: Department of Regional Planning. The Suitability Analysis results were produced from a GIS analysis based on biological and geological features of the land, and other environmental factors (including hazard areas).

NOTE: This map is a component of the Los Angeles County General Plan Update Program. It is a working draft subject to revision. This map will not be official until adopted by the Board of Supervisors. Information within cities is for reference only. Suggestions for modifications to its content will be considered by County staff when revising the map for public hearings by the Regional Planning Commission. Written comments and supporting documentation should be submitted to the Department of Regional Planning General Plan Development Section (address: 320 W. Temple Street, Los Angeles, CA 90012; fax: 213-626-0434; or email: generalplan@planning.lacounty.gov).
