Subject: Plan 7 LA County to adopt an inclusionary housing ordinance

CAUTION: External Email. Proceed Responsibly.

My name is Esmeralda Anaya. The city of Alhambra is opposed the above mentioned proposal. Some communities have become to over populated. We should not be forced to take on the problems of our state and local governments. This is a form of Socialism.
Dear Chair & Commissioners,

Please postpone the “Exclusionary” Housing hearing on April 29th. This ordinance will make housing more expensive for me, families and hardworking individuals.

We are being excluded from housing because this will only result in luxury and subsidized housing. There are no housing options left for the average workforce.

By hearing this ordinance during a global pandemic, I'm concerned that you are focused on adding costs to housing instead of helping us.

Please don’t make housing more expensive during this health and housing crisis.

I am asking you to postpone the hearing on April 29th and consider the impacts of COVID-19 on this policy!
