COUNTY OF LOS ANGELES DRAFT SANTA CLARITA VALLEY AREA PLAN	COUNTY OF LOS ANGELES REVISED DRAFT SANTA CLARITA VALLEY AREA PLAN
<p><b>Note:</b> In the titles of the following land use designation descriptions, the County's terminology for each designation is given first, with the corresponding designation in the City's General Plan shown in parenthesis.</p>	
<p><b>RL20 – Rural Land 20 (NU1 – Non-Urban 1)</b></p> <p>The Rural Land 20 designation identifies lands in the planning area that are distinguished by significant environmental features and extreme development constraints. Lands in this designation are largely undeveloped and consist of rolling hillside areas, steep slopes, and remote mountain lands with limited access.</p> <p>Allowable uses in this designation include single-family homes at a maximum density of 1 dwelling unit per 20 acres, agriculture, equestrian uses, private recreation, and public and institutional facilities serving the local area. Specific allowable uses and development standards shall be determined by the underlying zoning designation.</p> <p>In order to maintain a dispersed rural environment, the clustering of development will only be permitted if lots are 2 net acres or greater in size. Individual homes and other structures should be designed in consideration of topographic and environmental constraints.</p>	<p><b>RL20 – Rural Land 20 (NU1 – Non-Urban 1)</b></p> <p>The Rural Land 20 designation identifies lands in the planning area that are distinguished by significant environmental features and extreme development constraints.
