Subject: Draft HMA Ordinance

Hi Mitch,

Thanks for taking the time to discuss the County's proposed draft hillside ordinance with me last week. We understand that the "grandfathered" pre-OVOV-adoption projects that opt to be processed under the former General Plan base land use designation will continue to be subject to the former slope-density calculation. We also understand that those "grandfathered" projects opting to utilize the new hillside ordinance (when adopted) will then be subject to the new OVOV land use designations. With that understanding, the City is supportive of the County's Draft HMA Ordinance.

Regards,

David P. Koontz, AICP
