RE: Your recommendations of SEA for our parcels
Your reference 3036-008-042 (multiple)

Dear Ms. Howard,

Thank you for responding to us via your email of August 5, 2014. However, we find that there are discrepancies between your review of Answer #36 and Answer # 38.

Our parcel (# 38) is basically “no” and their parcel (# 36) has staff willing to review their parcels and not ours. Why is this when the parcels are virtually identical adjoining properties?

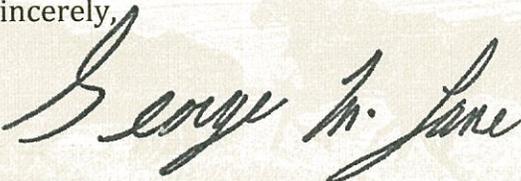

While you indicate no further recommendation on either, you go further to say for Answer #36 that “staff is willing to review further documents and consult additional experts....”, while noting that our parcel (#38) does not meet the rationale for adjustment.

This is inconsistent based on virtually identical properties that adjoin one another.

We again ask that your give further review of our request for the same type of adjoining property as what your location notes as “Big Rock Creek Fan”, which our property is a part of.

Thank you in advance. We look forward to hearing from you.

Sincerely,

George M. Lane
