Subject: Altadena Foothills & Arroyos/SEA

Dear Ms. Howard,

I'm adding my public comment in support of establishing the **Altadena Foothills & Arroyos** as a **Significant Ecological Area (SEA)**. This area provides a critical east to west wildlife corridor adjacent to Angeles National Forest. It also provides magnificent trails for walking, biking, and riding.

Please designate the Altadena Foothills & Arroyos a Significant Ecological Area, to help preserve it for its beauty as well as its biodiversity.

Thank you.

Sincerely,
Petrea Burchard Sandel
Pasadena
