Significant Ecological Areas and Coastal Resource Areas
Policy Map

The County considers the biological resources in the Santa Catalina Island and Santa Monica Mountains Coastal Zones to be of significance. The management and review of biological resources in the Coastal Zones differs from the countywide Significant Ecological Area regulatory program. Biological resource management and regulation in the Santa Catalina Island Coastal Zone is implemented through the Santa Catalina Island Local Coastal Program. Biological resource management in the Santa Monica Mountains Coastal Zone is currently implemented through the Santa Monica Mountains Local Coastal Program.

* The SEAs within cities are shown for reference and visual continuity, and are intended for informational purposes only.

NOTE: Islands are not shown in their true locations.
