RPAP2020003525	06/16/2020	<p>The project is currently being used as a garage for storage of household necessities. My plan for this project is to convert the 556 sq ft detach garage into an A.D.U. The conversion would include a restroom, kitchen, and a living room area. My purpose for this conversion is not for renting, it will solely be for personal use. For this project there will be no demolition, the detach garage is already hollow from the inside. Only major construction visible to the public would be the installation of any windows on the detach garage. At this point, I've only had one contractor estimate the time and amount of work to be done. Contractor suggested a one month worth of work with two of his employees. My property has enough parking space for about five vehicles so any construction trucks needed, they can park inside the driveway.</p>	1285 S Belgreen Drive, Whittier CA 90601	Freddy Gonzalez	James Knowles	R-1-7200	PUENTE	1

RPPL2020003854 PRJ2020-001185	06/30/2020	The project is currently being used as a garage for storage of household necessities. My plan for this project is to convert the 556 sq ft detach garage into an A.D.U. The conversion would include a restroom, kitchen, and a living room area. My purpose for this conversion is not for renting, it will solely be for personal use. For this project there will be no demolition, the detach garage is already hollow from the inside. Only major construction visible to the public would be the installation of any windows on the detach garage. At this point, I've only had one contractor estimate the time and amount of work to be done. Contractor suggested a one month worth of work with two of his employees. My property has enough parking space for about five vehicles so any construction trucks needed, they can park inside the driveway.	1285 S Belgreen Drive, Whittier CA 90601	Freddy Gonzalez	James Knowles	R-1-7200	PUENTE	1
