RPAP2021008709 PRJ2021-003233	08/19/2021	<p>The property in question is currently designated as open space and parkland readily accessible to the public. The property features several large structures from its original design in the 1920's and walking/hiking trails that connect to adjacent public lands. The Mountains Recreation and Conservation Authority is proposing to use the property as a venue to host the Iota Productions sponsored Nights of the Jack event series from September 24 through November 7, 2021. The event will involve 11 days of prep and display installation (Sept. 13-23), 39 nights of operation (9/24-9/26, 9/27-9/29, 9/30-10/3, 10/5-10/17, 10/19-10/31, 11/2-11/7), and 9 days of strike (11/8-11/14). This event will be a family friendly walk-through experience with a designated entrance and exit on Wickland Road/Mulholland Hwy to access the parking (~1000 spaces) and arrival staging areas before entering the walking route (1-mile) through King Gillette Ranch. Portable restrooms, tent canopies, and designated food trucks and vendors will be operating in the "Arrival" area and the entirety of the event operations will follow local and State public health guidelines for re-opening outdoor events to the public that allow under 10,000 occupants. The event involves decorative displays and stringed lighting arranged around established driveways, walking paths and picnic areas. During days of operation, patrons can walk the route to view the displays during 30-minute staff-led sessions that run from 6:30 PM to 10 PM. Park</p>			Martin Gies		THE MALIBU	3

Expected nightly attendance will be capped at 6,000 patrons per night with approximately 2,250 peak occupancy at any one time. All crew and visitor parking will be contained on site and the traffic management will be staffed by Champion Personal Services (20 guards) and both CHP and LA County Sheriff Department have been made aware of the duration and hours of the event and CHP will be providing 3 assigned officers each night to assist with traffic management. At least 5 MRCA monitors will be present during all operating tours. All patrons can use portable restrooms at arrival and through the designated route with a disinfection schedule and staff.
