Welcome

Welcome to the NEW GIS-NET Public!

This new GIS-NET Public application was developed to provide spatial tools and planning and zoning information in the unincorporated areas of Los Angeles County. It was developed by the Los Angeles County Department of Regional Planning's (DRP) GIS Section. This application will replace the GIS-NET3 Public application that was in service from January 2013 to today.

Please view the Quick Start guide before using the application. (coming soon)

Please send direct feedback regarding this application to the DRP GIS Section.
