Historic Context Statement Project

Overview

The Los Angeles County Planning Department (LA County Planning) has prepared a Draft Historic Context Statement (HCS) for the Metro Area Plan (MAP) communities of East Los Angeles, East Rancho Dominguez, Florence-Firestone, Walnut Park, West Athens-Westmont, West Rancho Dominguez, and Willowbrook. The HCS documents the communities' land development history and identifies important themes, property types, architectural trends, patterns of development, community groups, significant events, and people that are associated with that history. The HCS will be used to inform future historic preservation planning efforts within the MAP communities that promote the preservation of the communities' important cultural and historic resources.

Public Participation

The public is invited to review the final draft of the MAP HCS prior to the virtual update meeting for the project on August 24, 2022 at 5 pm. The HCS can be downloaded from the project's website found here: <https://planning.lacounty.gov/site/metroareaplan/>. The public is also encouraged to submit comments to MetroAreaPlan@dudek.com prior to the August 24, 2022 meeting.
