---

Los Angeles County (“County”) completed an initial review for the above-mentioned project. Based on examination of the project proposal and the supporting information included for the project, the County proposes that an Exemption is the appropriate environmental documentation under the California Environmental Quality Act (CEQA).

This project (Ordinance) qualifies for a Categorical Exemption, (Class 1 – Existing Facilities, and Class 3 – New Construction or Conversion of Small Structures) under the California Environmental Quality Act (CEQA) and County environmental guidelines. The project includes authorization for modifications to existing facilities as well as for minor alterations to land with the construction or conversion of small structures. Both actions will not have a significant effect on the environment.
