

Green Zone Industrial Parcels within 500 Feet of a Sensitive Use

The purpose of the Green Zones Program is to address the environmental impact of industrial business operations located in close proximity to sensitive uses.

Through the Green Zones ordinance, the County has defined sensitive uses in the Zoning Code to include a range of land uses where individuals are most likely to reside or spend time, including dwelling units, schools and school yards, parks, playgrounds, daycare centers, preschools, nursing homes, hospitals, and daycares of preschools as an accessory to a place of worship. The following is an updated list (as of May, 2023) of industrially zoned parcels that are within 500 feet of such sensitive uses. These properties may contain businesses subject to the Green Zones requirements. Please consult with County Planning staff to determine how a business on a specific property may be affected.

| Count | Community Name | Zone | APN | Street Address | City | Zip |
