Technical Background Reports

- Technical background reports related to each element of the Area Plan have been drafted and are under review.
- These reports will inform the development of goals, policies and strategies that will be present in the Area Plan.
- Briefing materials related to each element will be made available to the public as they are reviewed.

Activities

- **Activity 1: ESGV Opportunities and Challenges (20 Minutes)**
 - With the handout in front of you, please fill out what you consider opportunities and challenges in the East San Gabriel Valley Area for each of the topics listed.
- **Activity 2: Small Group Priorities (25 Minutes)**
 - Within your small group, identify the top 10 opportunities/challenges from all of your responses from the first activity.
- **Activity 3: Large Group Share (45 Minutes)**
 - Select a representative for your small group. Share the top ten opportunities/issues from your small group to the larger group.
