

Site Address:
Assessor's Parcel Number:

I/We hereby attest, under the penalty of perjury, that the following is true and correct. I am/We are also available to provide any additional information or documentation as needed.

I/We attest that the proposed design is the least impactful design possible for the proposed development on the subject property.

I/We attest that the proposed removal or encroachment of the oak tree is necessary as the continued existence of the oak tree at its present location frustrates the planned improvement or proposed use of the subject property to such an extent that:

(Check all boxes that apply)

- Alternative Site Designs cannot achieve the same permitted density, or
- Alternative Site Designs would be cost prohibitive, or
- Placement of the oak tree precludes the reasonable and efficient use of such property for a use otherwise authorized.

(Check all boxes that apply)

- The oak tree proposed for removal or encroachment interferes with utility services or streets and highways, either within or outside of the subject property, and no reasonable alternative to such interference exists other than removal of, or encroachment into the protected zone of the tree.
- The condition of the oak tree proposed for removal or encroachment with reference to seriously debilitating disease or danger of falling is such that it cannot be remedied through reasonable preservation procedures and practices.

I/We attest that the removal or encroachment of the subject oak tree will not result in soil erosion through the diversion or increased flow of surface waters which cannot be satisfactorily mitigated.

I/We attest that the removal or encroachment of the subject oak tree will not be contrary to or be in substantial conflict with the intent and purpose of the Oak Tree Ordinance.

I/We attest that all protective measures depicted and/or described in the Oak Tree Protection Plan will be implemented and accomplished without endangering the health of the remaining oak trees (if any) on the site.

I/We attest that the planting of mitigation oak trees shall occur for any oak tree that is removed or dies due to the development activities on the site. The number of mitigation trees planted shall be at a ratio of two mitigation trees for every oak tree that is removed or dies due to the development activities at the site.

REQUIRED SIGNATURE(S)

If the applicant signs for the owner(s), please submit a letter of authorization from the owner(s) with original ink signature(s).
