

ABOUT THE PROJECT

The **San Fernando Valley Area Plan (SFVAP)** will be a community-based plan to respond to the unique and diverse character of the unincorporated communities within the **San Fernando Valley** and will propose land use goals and policies to shape future development.

GET INVOLVED

LA County Planning is calling on the communities of **Kagel/ Lopez Canyon, Sylmar Island, West Chatsworth - Lake Manor, Westhills, Universal City, and Oat Mountain** to identify historic resources within the **unincorporated San Fernando Valley**. **These will inform the Historic Context Statement which will also:**

- Identify the important history and development themes of the built environment.
- Support preservation of historic resources while accommodating necessary growth and development.
- Inform the Cultural Resources section of the plan's Environmental Impact Report.

SHARE YOUR THOUGHTS
