5. Requested Information
6. Questions and Answers

San Fernando Valley Planning Area

Unincorporated Communities

- Deerlake
- Kagel Canyon
- Lopez Canyon
- Oat Mountain
- Sylmar Island
- Twin Lakes
- Universal City
- West Chatsworth
- Westhills

HCS Definition

An HCS:

- Is a document that identifies the important themes relevant to the history and development of the built environment of a geographic area.
- Establishes periods of historical significance for each of the important themes, while identifying significant property types.
- Is the background information for a historic resource survey.

HCS Purpose

- The HCS will inform the Area Plan by:
 - Revealing the land development history of the planning area.
 - Providing recommended goals, policies and IPs that support preservation of historic resources while accommodating necessary growth and development.
 - Informing the Cultural Resources section of a plan's EIR.
- The HCS will provide the foundation for subsequent historic resources surveys.

HCS Process and Schedule

1. Hold a public meeting to introduce the project and request information.
2. Conduct a windshield survey, research, and interviews.
3. Draft HCS
4. Provide draft HCS to stakeholders for feedback: [October 2024](#)
5. Present draft HCS to the public for feedback: [December 2024](#)
6. Present draft HCS to the Landmarks Commission for feedback: [April 2025](#)
7. Finalize HCS: [May 2025](#)
