

THE MONTANA

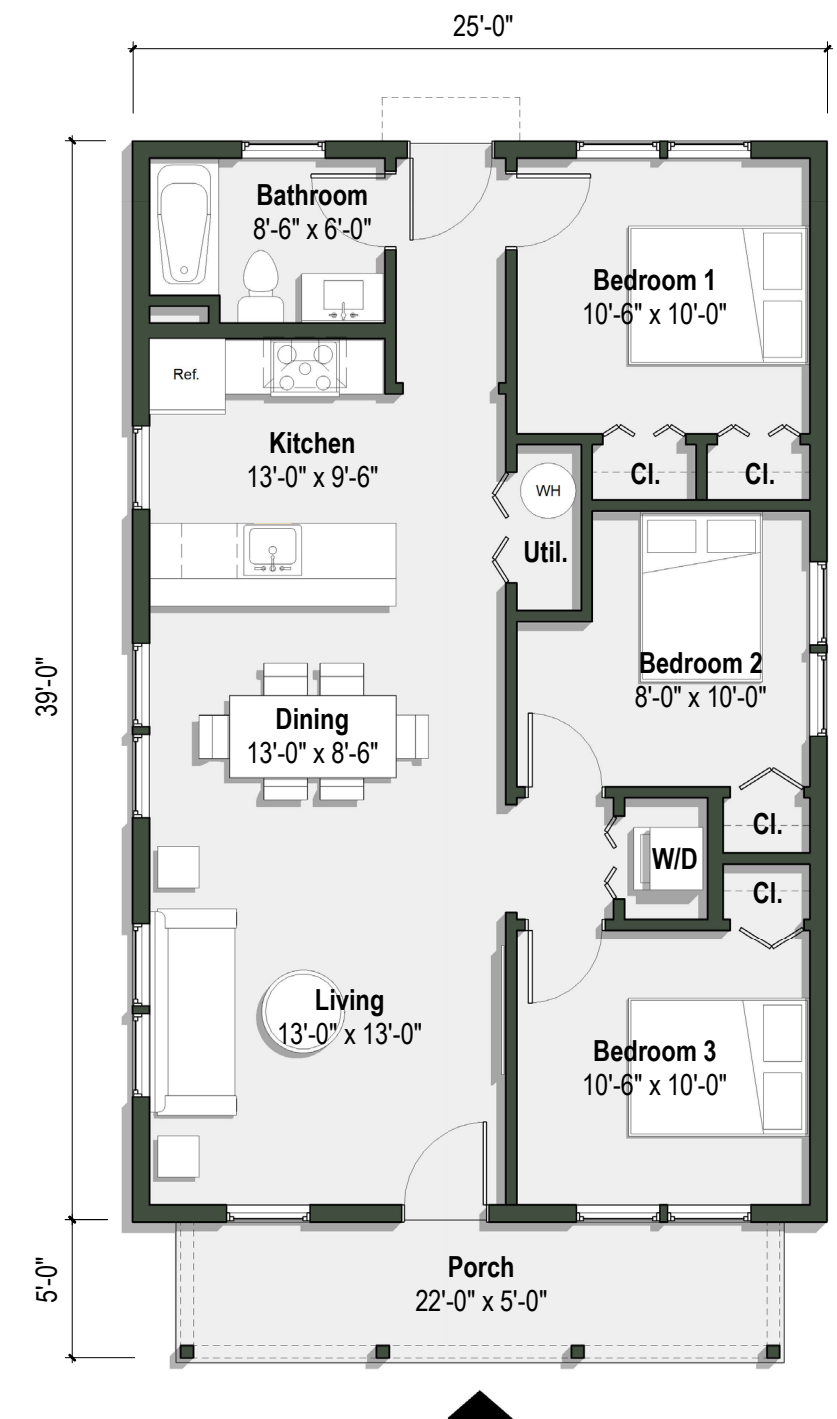

THE FOOTHILL CATALOG
FOUNDATION

The Montana is a contemporary take on the classic California Ranch. The living room flows into the dining area and kitchen to create an open floor plan. The front porch serves as an extension of the living room, and offers an ideal space to greet the neighborhood. Additionally, the plan's compact geometry can be appropriate as a backyard ADU. This plan is also available in the Minimal Traditional style ("The Delaware").

Features of the Design

- 975 Square Feet
- 25'-0"W x 44'-0"L
- Three Bedrooms
- One Bathroom

Ground Floor Plan
