Altadena, CA 91001

**PROJECT NO. PRJ2026-000466-(5)
DISASTER RECOVERY PERMIT NO. CREB2026000227
“PROCEDURE A” MODIFICATION
1825 ALTA CREST DRIVE, ALTADENA
ASSESSOR’S PARCEL NUMBER 5844-031-001
WEST SAN GABRIEL VALLEY PLANNING AREA**

Dear Saro Khajikian:

The Zoning Administrator, by her action of **May 21, 2026**, has conditionally approved the “Procedure A” Modification associated with Disaster Recovery Permit No. CREB2026000227. Enclosed are the Zoning Administrator’s Findings and Conditions of Approval. Please carefully review each condition. This approval is not effective until the appeal period has ended, and the required Affidavit of Acceptance is submitted to LA County Planning (see enclosed Affidavit of Acceptance Instructions).

Appeals:

The applicant or any other interested persons may appeal the Zoning Administrator’s decision to a Hearing Officer. The appeal period for this project will end at 5:00 p.m. on **July 2, 2026**. Appeals must be submitted to appeal@planning.lacounty.gov before the end of the appeal period.

The approved plans may be viewed and/or downloaded at <https://bit.ly/PRJ2026-000466>.

For questions or for additional information, please contact Jessica Guillen of the Disaster Recovery Team at (213) 974-6411 or jguillen@planning.lacounty.gov.

Sincerely,

AMY J. BODEK, AICP
Director of Regional Planning

**LOS ANGELES COUNTY
DEPARTMENT OF REGIONAL PLANNING
FINDINGS OF THE ZONING ADMINISTRATOR
AND ORDER
PROJECT NO. PRJ2026-000466(5)
“PROCEDURE A” MODIFICATION ASSOCIATED WITH COUNTY DISASTER RECOVERY PERMIT
NO. CREB2026000227**

RECITALS

1. **ENTITLEMENT REQUESTED.** The permittee, Saro Khajikian ("Permittee"), requests a "Procedure A" Modification ("Modification") associated with County Disaster Recovery Permit ("DRP") No. CREB2026000227 pursuant to Los Angeles County Code ("County Code") Section [22.258.050.C.2 \(County Disaster Recovery Permit – Non-Like for Like Rebuild Project, Discretionary Review – Procedure A\)](#). The DRP is to authorize a non-like-for-like rebuild project consisting of a replacement 4,291-square-foot, one-story, single-family residence ("SFR") with a 555-square-foot attached garage, a 60-square-foot front porch, and a 360-square foot covered patio ("Project") on a property located at 1825 Alta Crest Drive in the unincorporated community of Altadena ("Project Site") in the R-1-20000 (Single-Family Residence – 20,000 Square-Foot Minimum Required Lot Area) Zone. The Modification is to authorize a 17-foot-2-inch rear yard setback in lieu of a 25-foot rear yard setback, as required by [County Code Section 22.320.090.D.1 \(Altadena Community Standards District\)](#).

2. **LAND USE DESIGNATION.** The Project Site is located within the H2 (Residential – 0 to 2 Dwelling Units Per Net Acre) land use category of the West San Gabriel Valley Area Plan Land Use Policy Map.

3. **ZONING.** The Project Site is located in the Altadena Zoned District and is currently zoned R-1-20000 (Single Family Residential – 20,000 Square-Foot Minimum Required Lot Area). Pursuant to County Code Section [22.258.050.C.2 \(County Disaster Recovery Permit – Non-Like for Like Rebuild Project, Discretionary Review – Procedure A\)](#), a Modification is required to deviate from the development standards in County Code Section [County Code Section 22.320.090.D.1 \(Altadena Community Standards District\)](#).

4. SURROUNDING LAND USES AND ZONING

LOCATION	WEST SAN GABRIEL VALLEY AREA PLAN LAND USE POLICY	ZONING	EXISTING USES
NORTH	H2	R-1-20000	SFRs, Fire Affected SFRs
EAST	P (Public and Semi-Public), H2	R-1-20000	Elementary School

SOUTH	H2, H9 (Residential – 0 to 9 Dwelling Units Per Net Acre)	R-1-20000	SFRs, Fire Affected SFRs
WEST	H2	R-1-20000	SFRs, Fire Affected SFRs

5. PROJECT AND SITE PLAN DESCRIPTION.

A. Existing Site Conditions

The Project Site is 0.45 acres in size and consists of one lot. The Project Site is irregular in shape with uneven topography and is currently vacant because the previous single-family residence was destroyed by the Eaton Fire.

B. Site Access

The Project Site is accessible via Alta Crest Drive to the west. Access to the Project Site will be via an entrance/exit from Alta Crest Drive.

C. Site Plan

The site plan depicts the Project Site with a replacement 4,291-square-foot, one-story, SFR with a 555-square-foot attached garage, a 60-square-foot front porch, and a 360-square foot covered patio. Vehicular ingress and egress is provided via a driveway on the west portion of the Project Site leading to a two-car garage attached to the SFR.

D. Parking

The Project will include two parking covered parking spaces in a garage to serve the residents of the new single-family residence.

6. **CEQA DETERMINATION.** Los Angeles County Department of Regional Planning ("LA County Planning") staff determined that the Project qualifies for Class 1 (Existing Facilities), 3 (New Construction or Conversion of Small Structures), 4 (Minor Alterations to Land), and 5 (Minor Alterations in Land Use Limitations) categorical exemptions from the California Environmental Quality Act (Public Resources Code section 21000, et seq.) ("CEQA"), the State CEQA Guidelines, and the Environmental Document Reporting Procedures and Guidelines for the County. The Project is exempt because it involves the construction of a new SFR, in a zone which permits single-family residential uses, and is on a lot that was previously developed with a single-family residence destroyed by the Eaton Fire. The Project Site is not located within or near an environmentally sensitive area, a historical resource, a hazardous waste site, or a scenic highway. No significant impact due to unusual circumstances nor cumulative effects are anticipated.

7. **COMMUNITY OUTREACH.** Staff is not aware of any community outreach conducted by the Permittee that occurred before the Zoning Administrator's action on the Modification.
8. **PUBLIC COMMENTS.** Staff received no letters of opposition or support before the Zoning Administrator's action on the Modification.
9. **AGENCY RECOMMENDATIONS.** Reviews by the County Department of Public Works, the County Fire Department and the County Department of Public Health were not required because the Project is for a replacement single-family residence.
10. **LEGAL NOTIFICATION.** Pursuant to County Code [Section 22.258.050.C.2 \(Disaster Recovery Permit – Non-Like for Like Rebuild Project, Discretionary Review – Procedure A\)](#), the community was properly notified of the modification application by mail. Additionally, the Project was noticed and case materials were available on LA County Planning's website. On April 24, 2026, a total of seven Notices of Application were mailed to all adjacent property owners, and a total of 116 notices were electronically mailed to those on the courtesy mailing list for the Altadena Zoned District and any additional interested parties.

GENERAL PLAN CONSISTENCY FINDINGS

11. **LAND USE POLICY.** The Zoning Administrator finds that the Project is consistent with the goals and policies of the General Plan because the H2 land use category is intended for single-family residences, such as the Project.
12. **GOALS AND POLICIES.** The Zoning Administrator finds that the Project is consistent with the goals and policies of the General Plan:
 - **Land Use Policy No. 4.1:** Encourage infill development in urban and suburban areas on vacant, underutilized, and/or brownfield sites.
 - **Land Use Policy No. 10.3:** Consider the built environment of the surrounding area and location in the design and scale of new or remodeled buildings, architectural styles, and reflect appropriate features such as massing, materials, color, detailing or ornament.

The Project has been designed to reflect the architectural style, size, and scale of the previously existing single-family residence, which is within the Eaton Fire affected area. The Project complies with all development standards for the R-1-20000 Zone specified in County Code [Section 22.320.090 \(Altadena Community Standards District\)](#) with the exception of the requested modification, including but not limited to required yards, maximum height limits, maximum lot coverage, and maximum gross structural area. Additionally, the Project complies with all

development standards for single-unit developments specified County Code [Section 22.140.520 \(Residential Design Standards\)](#), including but not limited to building and site access, ground floor treatments, building articulation, building façade details, and landscaping and walls. In consideration of these factors, the Project is consistent with the goals and policies of the General Plan.

ZONING CODE CONSISTENCY FINDINGS

13. **PERMITTED USE IN ZONE.** The Zoning Administrator finds that the Project is consistent with the R-1-20000 zoning classification, as a non-like-for-like rebuild of a replacement SFR is permitted in such zone with a DRP pursuant to County Code Section [22.258.050 \(Disaster Recovery Permit\)](#).
14. **REQUIRED YARDS.** The Zoning Administrator finds that the Project is consistent with the standards identified in County Code [Section 22.320.090 \(Altadena Community Standards District\)](#), with the exception of the modification requested. The proposed front yard setback is 29 feet five inches, consistent with the minimum 20-foot requirement. The proposed interior side yard setbacks are consistent with the requirement of 10 percent of the average lot width. The Project requests a rear yard setback of 17 feet two inches in lieu of the required 25-foot rear yard setback. No portion of the structure located within 15 feet of any property line exceeds 23 feet in height.
15. **HEIGHT.** The Zoning Administrator finds that the Project is consistent with the standards identified in County Code Section [22.320.090.D.1.b \(Height Limits\)](#), which limit the maximum height of the single-family residence to 30 feet tall on lots of less than 20,000 square feet and the maximum number of stories above grade to two. The proposed single-family residence is a single-story and varies in height, it has a maximum height of 24 feet and does not exceed 30 feet.
16. **FENCES AND WALLS.** The Zoning Administrator finds that the Project is consistent with the standards identified in County Code Section [22.320.090.D.1.c \(Fences, Walls, and Landscaping\)](#), which restricts the sizes, types, and locations of fences and walls allowed in residential zones. The Project does not propose new fences or walls.
17. **GROSS STRUCTURAL AREA ("GSA").** The Zoning Administrator finds that the Project is consistent with the standard identified in County Code Section [22.320.090.D.1.d \(Gross Structural Area and Lot Coverage\)](#) which limits the GSA to $(.25 \times \text{net lot area}) + 1,000$ square feet, or 5,900 square feet for the subject property, exclusive of ADUs. The Project's proposed GSA is 4,291 square feet, within the allowable GSA.
18. **LOT COVERAGE.** The Zoning Administrator finds that the Project is consistent with the standard identified in County Code Section [22.320.090.D.1.d \(Gross Structural Area and Lot](#)

[Coverage](#)) which limits the lot coverage to $(.25 \times \text{net lot area}) + 1,000$ square feet, or 5,900 square feet for the subject property, exclusive of ADUs. The Project's lot coverage is approximately, 5,266 square feet, within the allowable lot coverage.

19. **PARKING.** The Zoning Administrator finds that the Project is consistent with the standards identified in County Code Section [22.320.090-D.1.e \(Altadena CSD R-1 Zone Parking Requirements\)](#), two parking spaces are required for a single-family residence containing four or fewer bedrooms. With a total of four bedrooms, a total of two parking spaces is required. Two covered parking spaces are provided in the proposed garage.
20. **TREE PLANTING.** The Zoning Administrator finds that the Project is consistent with the standards identified in County Code Section 22.126.030 (Tree Requirements), which require two trees for residential projects with three or fewer units. The Project proposes two new 15-gallon trees from the County's Tree Species List.
21. **INCLUSIONARY UNITS.** The Zoning Administrator finds that the Project is exempt from the Inclusionary Zoning Ordinance because the Project includes only one primary dwelling unit.

"PROCEDURE A" MODIFICATION FINDINGS

22. **The Zoning Administrator finds that the proposed use at the site will not adversely affect the health, peace, comfort, or welfare of persons residing or working in the surrounding area; will not be materially detrimental to the use, enjoyment, or valuation of property of other persons located in the vicinity of the site; and will not jeopardize, endanger, or otherwise constitute a menace to the public health, safety, or general welfare.** The Project is the rebuild of an SFR and attached two-car garage. The rebuild project is compatible with the surrounding land uses and development patterns that existed before the Eaton Fire. The development will contribute to the recovery of the Altadena community by reintroducing single-family housing near retail and amenities. The Conditions of Approval will ensure that the single-family residence and garage, the driveway, and the landscaping are properly and continuously maintained.
23. **The Zoning Administrator finds that the proposed site is adequate in size and shape to accommodate the yards, walls, fences, parking and loading facilities, landscaping and other development features prescribed in Title 22, or as is otherwise required in order to integrate said use with the uses in the surrounding area.** The Project Site is of an adequate size and shape to accommodate the 4,291-square-foot, one-story, single-family residence with an attached 55-square-foot, 360 square-foot covered patio, and 69 square-foot front porch. With the exception of the requested modification, the Project complies with development standards for height, lot coverage and gross structural area, parking, tree planting, and landscaping. With the exception of the requested modification, the Project has

been designed to comply with all development standards for single unit developments in County Code [Section 22.140.520 \(Residential Design Standards\)](#). As a result, the Project is compatible and well-integrated with surrounding residential uses.

24. **The Zoning Administrator finds that the proposed site is adequately served by highways or streets of sufficient width and improved as necessary to carry the kind and quantity of traffic such use would generate, and by other public or private service facilities as are required.** The Project Site is adequately served by Alta Crest Drive to the west. The Project will have minimal impacts on current traffic patterns and parking, as the Project Site is located on a fully improved public street. The Project will accommodate one household, with two covered, off-street parking spaces provided. The Project will be serviced by existing water lines and conventional onsite wastewater treatment system.

SUPPLEMENTAL "PROCEDURE A" MODIFICATION FINDINGS – ALTADENA COMMUNITY STANDARDS DISTRICT

25. **The Zoning Administrator finds that the application of the standards for which modification is sought would result in practical difficulties or unnecessary hardships if not granted.** The subject property's irregular shape, location, rear "no-build" easement, and topography significantly limit opportunities to achieve a conforming design. Granting the rear yard setback modification would reduce visual impacts on neighboring properties by allowing construction of a single-story residence. In addition, the exception would minimize disturbance of the site's natural topography and eliminate the need for substantial grading.
26. **The Zoning Administrator finds that there are exceptional circumstances or conditions applicable to the subject property or to the intended development of the subject property that do not apply to other properties within the area governed by the CSD.** The property's irregular lot configuration, the presence of a 10-foot rear easement, and the location of the northern portion of the site within the HMA constrain the available buildable area. In addition, the HMA portion of the property consists of sloped hillside terrain. Relocating or shifting the residence further into this area would require substantial grading, disturbance of the natural topography, and alteration of existing terrain conditions.
27. **The Zoning Administrator finds that the requested modification will not be materially detrimental to properties or improvements in the area or contrary to the purpose of this CSD or the Altadena Community Plan.** The Project is the rebuild of an SFR and attached two-car garage. The rebuild project is compatible with the surrounding land uses and development patterns that existed before the Eaton Fire. The development will contribute to the recovery of the Altadena community by reintroducing single-family housing near retail and amenities. The Conditions of Approval will ensure that the single-family residence and

garage, the driveway, and the landscaping are properly and continuously maintained. The Project is designed to contribute to a pedestrian-friendly environment. The building is oriented to the street, with the front entrance easily accessible from the street, facilitating safe pedestrian travel.

ENVIRONMENTAL FINDINGS

28. The Zoning Administrator finds that the Project is exempt from the California Environmental Quality Act pursuant to State CEQA Guidelines sections 15301 (Class 1 Categorical Exemption, Existing Facilities), 15303 (Class 3 Categorical Exemption, New Construction or Conversion of Small Structures), 15304 (Class 4 Categorical Exemption, Minor Alterations to Land), and 15305 (Class 5 Categorical Exemption, Minor Alterations in Land Use Limitations). The Project is exempt because it involves the construction of a replacement single-family residence on a lot that was previously developed with a single-family residence destroyed by the Eaton Fire. The Modification is for a minor variance of the required building orientation and will not result in the creation of a new parcel. The Project Site is not located within or near an environmentally sensitive area, a historical resource, a hazardous waste site, or a scenic highway. No significant impact due to unusual circumstances nor cumulative effects are anticipated.

ADMINISTRATIVE FINDINGS

29. **LOCATION OF DOCUMENTS.** The location of the documents and other materials constituting the record of proceedings upon which the Zoning Administrator’s decision is based in this matter is at LA County Planning, 13th Floor, Hall of Records, 320 West Temple Street, Los Angeles, California 90012. The custodian of such documents and materials shall be the Section Head of the Disaster Recovery Team, LA County Planning.

BASED ON THE FOREGOING, THE ZONING ADMINISTRATOR CONCLUDES THAT:

- A. The proposed use with the attached conditions will be consistent with the adopted General Plan.
- B. The proposed use at the site will not adversely affect the health, peace, comfort or welfare of persons residing or working in the surrounding area, will not be materially detrimental to the use, enjoyment or valuation of property of other persons located in the vicinity of the site, and will not jeopardize, endanger or otherwise constitute a menace to the public health, safety or general welfare.
- C. The proposed site is adequate in size and shape to accommodate the yards, walls, fences, parking and loading facilities, landscaping and other development features

prescribed in Title 22, or as is otherwise required in order to integrate said use with the uses in the surrounding area.

- D. The proposed site is adequately served by highways or streets of sufficient width and improved as necessary to carry the kind and quantity of traffic such use would generate, and by other public or private service facilities as are required.
- E. The application of the standards for which modification is sought would result in practical difficulties or unnecessary hardships if not granted.
- F. There are exceptional circumstances or conditions applicable to the subject property or to the intended development of the subject property that do not apply to other properties within the area governed by the Altadena Community Standards District.
- G. That the requested modification will not be materially detrimental to properties or improvements in the area or contrary to the purpose of this Altadena Community Standards District or the Altadena Community Plan.

THEREFORE, THE ZONING ADMINISTRATOR:

1. Finds that the Project is exempt from the California Environmental Quality Act pursuant to State CEQA Guidelines sections 15301 (Class 1 Categorical Exemption, Existing Facilities), 15303 (Class 3 Categorical Exemption, New Construction or Conversion of Small Structures), 15304 (Class 4 Categorical Exemption, Minor Alterations to Land), and 15305 (Class 5 Categorical Exemption, Minor Alterations in Land Use Limitations); and
2. Approves the **“PROCEDURE A” MODIFICATION ASSOCIATED WITH COUNTY DISASTER RECOVERY PERMIT NO. CREB2026000227**, subject to the attached conditions.

ACTION DATE: May 21, 2026

June 18, 2026

c: Zoning Enforcement, Building and Safety

**LOS ANGELES COUNTY
DEPARTMENT OF REGIONAL PLANNING
CONDITIONS OF APPROVAL
PROJECT NO. PRJ2026-000466-(5)
COUNTY DISASTER RECOVERY PERMIT NO. CREB2026000227
“PROCEDURE A” MODIFICATION**

PROJECT DESCRIPTION

The project is a non-like-for-like rebuild of a single-family residence, with a “Procedure A” Modification to authorize a 17-foot-two-inch rear yard setback in lieu of a 25-foot rear yard setback as required by County Code Section 22.320.090.D.1 (Altadena Community Standards District), subject to the following conditions of approval:

GENERAL CONDITIONS

1. **Permittee.** Unless otherwise apparent from the context, the term “Permittee” shall include the applicant, owner of the property, and any other person, corporation, or other entity making use of this grant.
2. **Affidavit of Acceptance.** This grant shall not be effective for any purpose until the Permittee, and the owner of the subject property if other than the Permittee, have filed at the office of the Los Angeles County ("County") Department of Regional Planning (“LA County Planning”) their affidavit stating that they are aware of and agree to accept all of the conditions of this grant. Notwithstanding the foregoing, this Condition No. 2 and Condition Nos. 4, 5, and 8 shall be effective pursuant to County Code Section 22.222.230 (Effective Date of Decision and Appeals).
3. **Date of Final Approval.** Unless otherwise apparent from the context, the term “date of final approval” shall mean the date the County’s action becomes effective pursuant to County Code Section 22.222.230 (Effective Date of Decision and Appeals).
4. **Indemnification.** The Permittee shall defend, indemnify, and hold harmless the County, its agents, officers, and employees from any claim, action, or proceeding against the County or its agents, officers, or employees to attack, set aside, void, or annul this permit approval, which action is brought within the applicable time period of Government Code section 65009 or any other applicable limitations period. The County shall promptly notify the Permittee of any claim, action, or proceeding and the County shall reasonably cooperate in the defense. If the County fails to promptly notify the Permittee of any claim, action, or proceeding, or if the County fails to cooperate reasonably in the defense, the Permittee shall not thereafter be responsible to defend, indemnify, or hold harmless the County.
5. **Litigation Deposit.** In the event that any claim, action, or proceeding as described above is filed against the County, the Permittee shall within ten days of the filing make an initial deposit with LA County Planning in the amount of up to \$5,000.00, from which actual costs and expenses shall be billed and deducted for the purpose of defraying the costs or

expenses involved in LA County Planning's cooperation in the defense, including but not limited to, depositions, testimony, and other assistance provided to Permittee or Permittee's counsel.

If during the litigation process, actual costs or expenses incurred reach 80 percent of the amount on deposit, the Permittee shall deposit additional funds sufficient to bring the balance up to the amount of \$5,000.00. There is no limit to the number of supplemental deposits that may be required prior to completion of the litigation.

At the sole discretion of the Permittee, the amount of an initial or any supplemental deposit may exceed the minimum amounts defined herein. Additionally, the cost for collection and duplication of records and other related documents shall be paid by the Permittee according to County Code Section 2.170.010 (Fees for Providing County Records).

6. **Invalidation.** If any material provision of this grant is held or declared to be invalid by a court of competent jurisdiction, the permit shall be void and the privileges granted hereunder shall lapse.
7. **Change of Ownership.** Upon any transfer or lease of the property during the term of this grant, the Permittee, or the owner of the subject property if other than the Permittee, shall promptly provide a copy of the grant and its conditions to the transferee or lessee of the subject property.
8. **Recordation.** Upon any transfer or lease of the property during the term of this grant, the Permittee, or the owner of the subject property if other than the Permittee, shall promptly provide a copy of the grant and its conditions to the transferee or lessee of the subject property.
9. **Expiration.** This grant shall expire unless used by **January 7, 2030**. A single one-year time extension may be requested in writing and with the payment of the applicable fee prior to such expiration date.
10. **Inspections.** The subject property shall be maintained and operated in full compliance with the conditions of this grant and any law, statute, ordinance, or other regulation applicable to any development or activity on the subject property. Failure of the Permittee to cease any development or activity not in full compliance shall be a violation of these conditions. No provision of any easement of or any other encumbrance on the property shall exempt the Permittee and/or property owner from compliance with these conditions and applicable regulations.

Inspections may be made to ensure compliance with the conditions of this grant as well as to ensure that any development undertaken on the subject property is in accordance with the approved site plan on file. If inspections are required to ensure compliance with the conditions of this grant, or if any inspection discloses that the subject property is being used

in violation of any one of the conditions of this grant, the Permittee shall be financially responsible and shall reimburse LA County Planning for all additional enforcement efforts necessary to bring the subject property into compliance. The amount charged for inspections shall be **\$456.00** per inspection, or the current recovery cost established by LA County Planning at the time any additional inspections are required, whichever is greater.

Inspections may be unannounced. Inspections may be conducted utilizing any available technologies, including, but not limited to, unmanned aircraft systems ("UAS"). Use of a UAS requires the consent of the Permittee pursuant to LA County Planning's UAS policy, which may be updated from time to time, and which shall be provided to the Permittee upon request.

11. **Revocation.** Notice is hereby given that any person violating a provision of this grant is guilty of a misdemeanor. Notice is further given that the Regional Planning Commission ("Commission") or a Hearing Officer may, after conducting a public hearing, revoke or modify this grant, if the Commission or Hearing Officer finds that these conditions have been violated or that this grant has been exercised so as to be detrimental to the public's health or safety or so as to be a nuisance, or as otherwise authorized pursuant to County Code Chapter 22.238 (Modifications and Revocations). Failure of the Permittee to cease any development or activity not in full compliance shall be a violation of these conditions and may result in revocation.
12. **County Fire Code.** All development pursuant to this grant shall comply with the requirements of Title 32 (Fire Code) of the County Code to the satisfaction of the County Fire Department.
13. **County Public Works Requirements.** All development pursuant to this grant shall comply with the requirements of the County Department of Public Works to the satisfaction of said department.
14. **Exhibit "A."** All development pursuant to this grant shall comply with the requirements of Title 22 (Planning and Zoning) of the County Code and of the specific zoning of the subject property, unless specifically modified by this grant, as set forth in these conditions, including the approved Exhibit "A," or a revised Exhibit "A" approved by the Director of LA County Planning ("Director").
15. **Revisions to the Exhibit "A."** The subject property shall be developed and maintained in substantial conformance with the plans marked Exhibit "A." In the event that revisions to the approved Exhibit "A" are submitted, the Permittee shall submit **an electronic copy** of the proposed plans to the Director for review and approval. All revised plans must substantially conform to the originally approved Exhibit "A." All revised plans must be accompanied by the written authorization of the property owner(s) and applicable fee for such revision.

PROJECT SITE-SPECIFIC CONDITIONS

16. **Scope of Approval.** This grant shall authorize a 17-foot-two-inch rear yard setback in lieu of a 25-foot rear yard setback as required by County Code Section 22.320.090.D.1 (Altadena Community Standards District), in relation to the construction of a replacement single-family residence and related development in the R-1-20000 (Single Family Residential – 20,000 Square-Foot Minimum Required Lot Area) Zone.
17. **Parking.** The Permittee shall provide two vehicle parking spaces for the single-family residence, as required by the County Code. Unless an applicable permit is obtained, the number of parking spaces shall not change.
18. **Maintenance.** The sidewalk frontage in front of the property shall be continually well-maintained and free of litter, debris, household furniture, or any other items. Fences and walls shall be kept in good repair.
19. **Landscaping.** Landscaping shall be maintained through regular pruning, weeding, fertilizing, litter removal, and replacement of plants as necessary.
20. **Painting.** The single-family residence shall be repainted as necessary to replace discoloration and faded or peeling paint.
21. **Vehicular Circulation.** Waste and recycling receptacles shall not block vehicular access to and from the property.
22. **Storage.** Inoperable vehicles may not be stored on the property or in parking spaces.
23. **Primary Entrance.** The primary entrance to the single-family residence shall be pulled forward at least a foot to project forward of the garage plane.

AFFIDAVIT OF ACCEPTANCE INSTRUCTIONS

Please read carefully. Failure to follow these instructions may result in the delay of your approved site plan and building permits.

After the termination of the appeal period (14 days after the action date), proceed with the following instructions if you have not been notified that an appeal has been received.

Sign the “Affidavit of Acceptance” form in the presence of a notary and have the notary attach an acknowledgement. Both the applicant and owner lines must be signed on the form, even if they are the same person.

Mail to:

**Department of Regional Planning
